Design features

Single solutions are designed to elegantly house all your AV equipment. Our thoughtful **cable management** and **storage** solutions prioritise a **hassle-free** user experience.

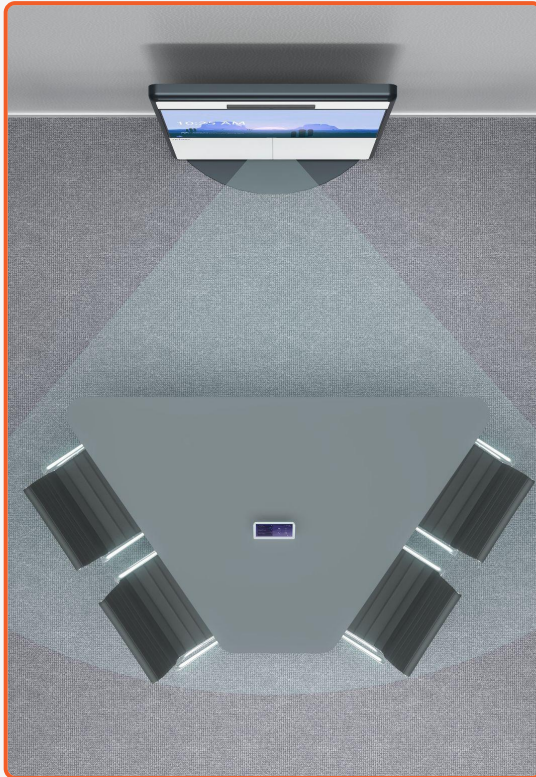

1. Compatible with leading AV hardware (Logitech, Cisco, Lenovo, Neat & Poly)
2. Internal storage for any AV equipment and cable management
3. Touchscreen capabilities

4. Designed specifically for 86" and 98" screens
5. Tidy cable management hidden away
6. Ventilation for efficient airflow

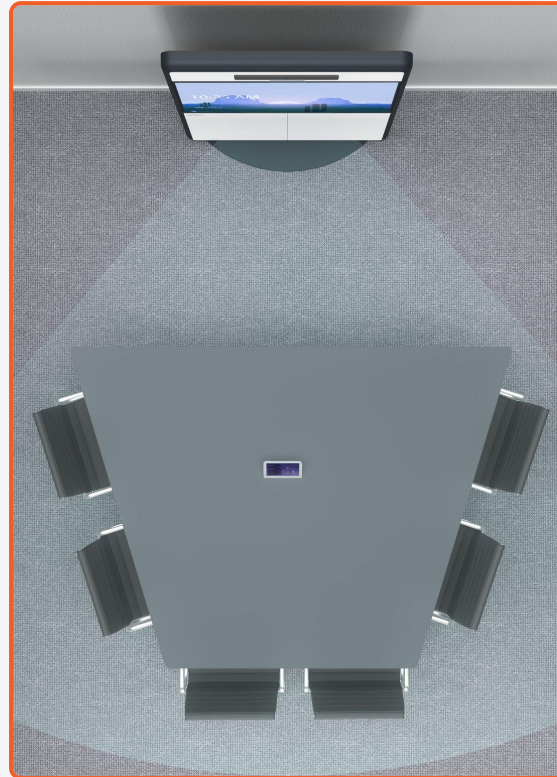

Room sizes

Single solutions are designed but not limited to be used in **huddle spaces**, **small sized** rooms and **medium sized** rooms.

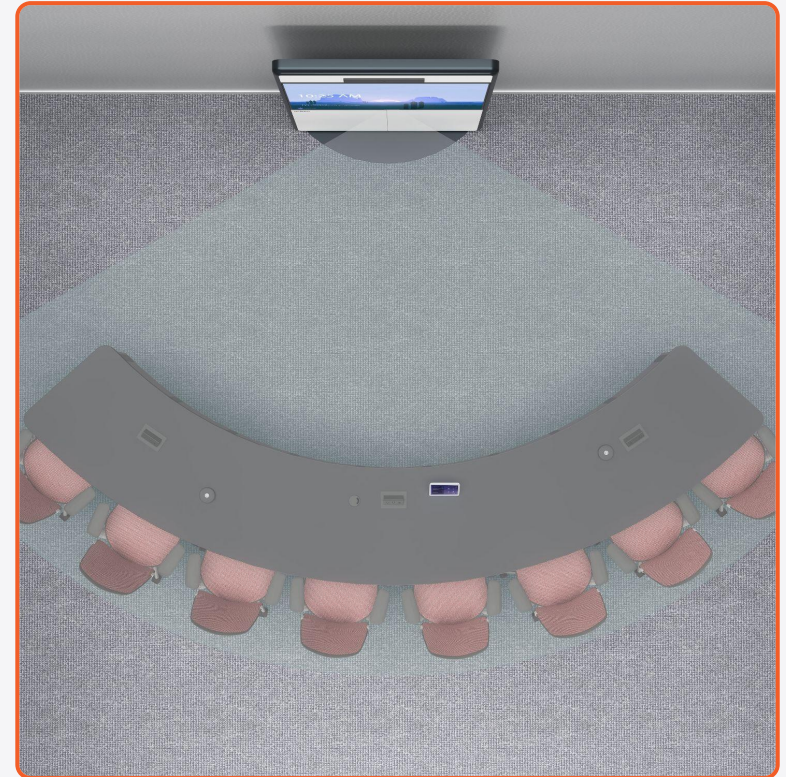

2-4 seater huddle room

Great for quick, focused conversations. Ideal for one-on-one meetings or small discussions, these spaces offer privacy and a distraction-free environment.

4-6 seater small room

Perfect for small meetings and discussions, offering clear communication and a comfortable setup. Ideal for productive brainstorming sessions.

6-8 seater medium room

6-8 seater rooms designed for collaboration with cutting-edge tech and Microsoft Front Row. Experience immersive video conferencing where every participant stays engaged, anywhere.
