WEIGHT

Soft Low 2.7kg
Soft Med 3.5 kg
Soft High 3.9 kg
Soft Med Cross 4.4 kg
Soft High Cross 5.4 kg
Soft Bench 5.6 kg

KEY FEATURES

- 1 Recycled steel frame
- 2 Stackable
- 3 Recycled Powder Coat**
- 4 Recycled Fabric Cover***
- 5 Durable, recyclable foam
- 6 Eucalyptus Plywood Core
- 7 Disassemblable
- 8 Recyclable

PRODUCTION

Birmingham, UK & Slovenia

GOOD TO KNOW

- Low VOC.
- Foams adhere to the CertiPur label.
- * Based on Medium Stool
- ** Other RALs available
- ** Camira Oceanic fabric. Other fabrics available.

These attributes can help you achieve enviroment certifications.

Our aim is to develop a sustainable business that meets consumer needs without compromising our future welfare. Our products can contribute to the sustainability goals of a commercial project and we are proud be able to offer FSC®certified products and use recycled metals. Where sustainable sources are quoted, and a chain of custody is required, this must be indicated on the purchase order. A chain of custody requested after an order has been placed will not be possible to recover. Figures stated in the summaries may vary based on model and options selected. Recycled calculations are taken from supplier information and industry data, as such material variables are likely to affect the figures which may result in changes to these percentages. This document is subject to change without notice.
