

# Aluminium Table

Aluminium Tables  
by Max Lamb

### WHAT

A collection of geometric, flat pack tables, each formed of 3 sheets of solid aluminium locked together with just four socket bolts.

### WHY

With an emphasis on visual and formal simplicity, the tables are versatile enough to sit in both commercial and private interiors.

### HOW

Made in the UK, our Aluminium Tables utilise a technically efficient water-jet cutting process. The tables can be left unfinished or powder coated.

MATERIAL	RECYCLED CONTENT	RECYCLABLE CONTENT
Aluminium	80%	100%
Steel	0%	100%
Get Wasted Powder Coat	100%	0%
Polypropylene / Polyethylene	0%	100%

**WEIGHT**  
Round Side 13kg  
Round Coffee 25kg  
Square Coffee 28kg

- KEY FEATURES**
- 1 Recycled aluminium
  - 2 Flat pack assembly
  - 3 Minimum material wastage
  - 4 Recycled powder coat\*\*

**PRODUCTION**  
Blaydon-on-Tyne, UK

- GOOD TO KNOW**
- \* Based on raw aluminium Coffee Table.
  - \*\* Other RALs available

These attributes can help you to achieve criteria towards LEED, BREEAM, Ska and WELL building certifications.

Our aim is to develop a sustainable business that meets consumer needs without compromising our future welfare. Our products can contribute to the sustainability goals of a commercial project and we are proud to be able to offer FSC@certified products and use recycled metals. Where sustainable sources are quoted, and a chain of custody is required, this must be indicated on the purchase order. A chain of custody requested after an order has been placed will not be possible to recover. Figures stated in the summaries may vary based on model and options selected. Recycled calculations are taken from supplier information and industry data, as such material variables are likely to affect the figures which may result in changes to these percentages. This document is subject to change without notice.
