

Jelly

Jelly
by Jones & Partners

WHAT

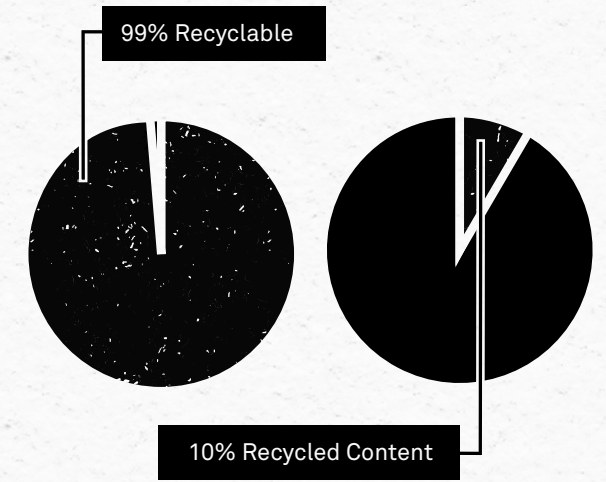

Jelly is a playful, stackable upholstered stool with a soft, inviting silhouette. It blends a distinct personality with functional utility, designed to spark joy effortlessly in any space.

WHY

Built to endure daily life, this stool bypasses the wasteful, disposable furniture cycle. Its characterful design fosters emotional durability, ensuring it remains a cherished item for years to come.

HOW

Engineered from recycled steel and PU foam with a hollow core to minimise waste. Its stackable design reduces transport emissions, while simple construction allows for future disassembly and recycling.

MATERIAL	RECYCLED CONTENT	RECYCLABLE CONTENT
Mild Steel	25%	100%
PU Foam	0%	0%
Eucalyptus Plywood	0%	90%
Recycled Fabrics	100%	100%

WEIGHT
JS1 7.5kg

PRODUCTION
Turkey & Thetford

KEY FEATURES

- 1 Recycled Fabrics
- 2 Stackable
- 3 Made in UK

Our aim is to develop a sustainable business that meets consumer needs without compromising our future welfare. Our products can contribute to the sustainability goals of a commercial project and we are proud to be able to offer FSC® certified products and use recycled metals. Where sustainable sources are quoted, and a chain of custody is required, this must be indicated on the purchase order. A chain of custody requested after an order has been placed will not be possible to recover. Figures stated in the summaries may vary based on model and options selected. Recycled calculations are taken from supplier information and industry data, as such material variables are likely to affect the figures which may result in changes to these percentages. This document is subject to change without notice.
