

Spun Coupe

Working Girl
by David Irwin

WHAT

An honest product inspired by the raw attributes of industrial spinning processes.

WHY

Keep it simple, stupid.

HOW

Stripped back design with limited production processes, limits the environmental impact and keeps it nice and clean.

86% Recyclable*

71% Recycled Content*

Polypropylene	0%	100%
Stainless Steel	0%	100%

WEIGHT

Small 1kg
Large 7kg

KEY FEATURES

- 1 30% Recycled aluminium
- 2 Recycled Powder Coat**
- 3 Energy Efficient Bulb
- 4 Fully disassemblable

PRODUCTION

Washington, UK

GOOD TO KNOW

- *Based on Large model.
- ** Other RALs available.

These attributes can help you to achieve criteria towards LEED, BREEAM, Ska and WELL building certifications.

Our aim is to develop a sustainable business that meets consumer needs without compromising our future welfare. Our products can contribute to the sustainability goals of a commercial project and we are proud to be able to offer FSC® certified products and use recycled metals. Where sustainable sources are quoted, and a chain of custody is required, this must be indicated on the purchase order. A chain of custody requested after an order has been placed will not be possible to recover. Figures stated in the summaries may vary based on model and options selected. Recycled calculations are taken from supplier information and industry data, as such material variables are likely to affect the figures which may result in changes to these percentages. This document is subject to change without notice.
