WEIGHT Table 24kg

KEY FEATURES

- 1 Recycled Steel
- 2 Fully welded
- 3 Stacking bumpers
- 4 Recycled powder coat**
- 5 Durable glide feet
- 6 Made in the UK

PRODUCTION

Italy & Germany

GOOD TO KNOW

- *Based on Get Wasted finish
- ** Other RALs available

These attributes can help you to achieve criteria towards LEED, BREEAM, Ska and WELL building certifications.

Our aim is to develop a sustainable business that meets consumer needs without compromising our future welfare. Our products can contribute to the sustainability goals of a commercial project and we are proud to be able to offer FSC®-certified products and use recycled metals. Where sustainable sources are quoted, and a chain of custody is required, this must be indicated on the purchase order. A chain of custody requested after an order has been placed will not be possible to recover. Figures stated in the summaries may vary based on model and options selected. Recycled calculations are taken from supplier information and industry data, as such material variables are likely to affect the figures which may result in changes to these percentages. This document is subject to change without notice.
