Things to know about credits

- 1 render credit equals \$1 USD.
- All payments received are converted to USD using a currency exchange rate from Google.
- Payments made via online gateways are automatic and should be reflected on your account within a few minutes.
- When using a wire transfer, please talk to us first and remember to write your User ID in the description of the payment. We will add the credits to your account as soon as we receive the money.
- If you are in a hurry, please send us the payment bank receipt/confirmation. We will add the credits to your account before we receive the money which may take up to 3 business days.

How to get an invoice

1. Make sure to fill out or update the profile on your account before you make payment.
2. If you are from the European Union and have the VAT registration number, please remember to add it to your profile. Otherwise, we will need to add VAT rate obligatory in your country to your bill.
3. If you are a UK business, we will need to add VAT (20%) to your bill. Generally, HRMC will refund you the VAT amount after filing the VAT Return form.
