

WELCOME TO BREEF

# Transforming the way brands find agencies

A guided platform built to help brands find the right agency, easily.

## Find an agency in days, not months

1

### Create your scope

Use AI or work with an expert to build a custom project scope to share with agencies.

2

### Get curated agency pitches

Get custom pitches from vetted agencies, hand-picked for your scope, brand and goals.

3

### Kick off with confidence

Once you select the perfect agency, manage all contracts and payments in one place.

## The smarter agency search

### The right agency, guaranteed

With over 25,000 agencies, we guarantee you'll find an agency that fits your scope and goals.

### Streamlined agency search

From planning to pitches and payments, Breef streamlines every step so you can focus on impact.

### Expert marketing support

Curated matches and expert support — so you can move forward with confidence.

### Vetted agency community

A global community of boutique agencies across digital, creative and web services, covering 50+ project types

### Simplified payments

All contracts and payments in one place. Work with agencies on your terms, with streamlined billing through Breef.

## Trusted by leading brands

Join 30,000+ marketers who trust Breef to find agencies fast and deliver real results.
