

Modular fire protection for modular infrastructure

Pure nitrogen.
No pressure.
No cylinders.
No compromise.

N2 Gen Fire Suppression fits where others can't.

- Generates 100% nitrogen (IG-100)
- 15-year lifespan
- Minimal maintenance
- No residues, no toxic byproducts
- No pressure. No cylinders.
- Modular. Retrofittable. Scalable.

**Designed for rack-level
protection, edge modules
and critical zones.**

Compact.
Certified.
Ready to deploy.
