

Driving Directions to Smoothstone Lake Lodge

Print this page and bring it with you. You will lose cell service on the way.

Lodge phone: (306) 832-2053

Main route at a glance

From Saskatoon (main route)

- 1 Head **north on Highway 11** towards Prince Albert. This stretch takes about 1½ hours.
- 2 Turn **left onto Highway 2, going north**. You will stay on Highway 2 right through Prince Albert.
- 3 **Stop in Prince Albert** for fuel and any last-minute supplies (see the box below).
- 4 From Prince Albert, continue **north on Highway 2 for about 120 km** (about 1¼ hours).
- 5 **Before you leave the highway, please phone (306) 832-2053** and leave a message telling us what time you are turning onto the gravel. This is usually where people have their last cell service.
- 6 Turn **left (west) onto Highway 916**. This is a gravel road, called the Elaine Lake Road. Follow it for **about 90 km**, until you come to a junction where you have to turn either left or right.
- 7 At the junction, turn **right onto Highway 917** (the Charbonneau Road). Shortly after you turn right you will see our sign. You are now **only 17 km from camp**.
- 8 Our **driveway is on the right-hand side**. You will see the signs.

Prince Albert: your last-minute supply run

- **Fuel:** Make sure you are full on fuel here. You will only pass a couple more gas stations north of town before you get to the lodge. We also sell fuel at camp.
- **Supplies:** As you come into town, there is a McDonald's and a Canadian Tire on the left-hand side. This is a great spot to pick up last-minute supplies like fishing tackle, repellent, etc. There is also a Walmart farther into town.
- **Drinks:** We will have lots of water and other beverages in camp, but if you like a certain soda or anything, this is the place to pick it up.
- **Licences:** We have all the hunting and fishing licences in camp.

From Regina

Head **north on Highway 11 through Saskatoon**, then follow the main route above from there. This is by far the best route as far as highways go.

Alternate route from Saskatoon (if you would like)

- 1 Take **Highway 12 north** from Saskatoon to **Blaine Lake**.
- 2 Turn **right onto Highway 40** to **Shellbrook**.
- 3 At Shellbrook, turn **left onto Highway 55** and go through **Canwood** and **Debden**. On this route, Debden is your last fuel and supply stop, or you could run into Big River.
- 4 About **30 km past Debden**, turn **right onto Highway 922**. This is a gravel road.
- 5 After **about 100 km**, the road becomes **Highway 917** and you will see the signs coming into camp.

We hope this is all clear, and we will see you at camp.
