Subject: Application for Graphic Design Internship

Dear Mr. Grant,

I am excited to apply for the Graphic Design Internship at Creative Vision Agency. As a senior majoring in Graphic Design at the University of Southern California, I have cultivated a passion for visual storytelling and innovative design. Your agency's work, especially the award-winning campaign for [specific client or project], inspires me, and I would be honored to contribute my skills to your team.

In my role as the Lead Designer for my university's magazine, I developed layouts and visuals that increased readership by 20% in one year. My experience includes proficiency in Adobe Creative Suite, Sketch, and motion graphics software, which I used to create engaging designs for social media campaigns during a summer internship at [Previous Internship Company]. I also thrive on collaboration and brainstorming, having worked closely with cross-functional teams to execute creative visions.

Creative Vision Agency's dedication to pushing creative boundaries aligns with my approach to design. I recently spearheaded a project creating branding materials for a local nonprofit, which reinforced my belief in design's power to make an impact. I am eager to bring this mindset and my expertise to your team.

Thank you for considering my application. I would love the opportunity to discuss how my skills and experiences align with Creative Vision Agency's goals. Please feel free to reach out at (555) 234-5678 or emilyrivera@email.com.

Sincerely,

Emily Rivera
