BUILDING THE FUTURE

Greetings from Pacific Arc!

Welcome to our 2026 catalog—your guide to the tools and supplies that bring ideas to life.

For over 45 years, Pacific Arc has been a trusted partner to artists, architects, designers, and educators of all kinds.

Whether you're outfitting a classroom, stocking a studio, or building your retail selection, we're here to support you with quality products and dependable service.

What's New in 2026: This year's catalog features the essentials you've relied on alongside new additions we think you'll love.

From precision drafting instruments to everyday studio supplies, every item reflects our commitment to helping your customers create with confidence.

We know you have choices in this business, and we don't take your partnership for granted.

Your feedback shapes what we do, and we're always looking for ways to serve you better.

Here's to a great year ahead.

Warm regards,

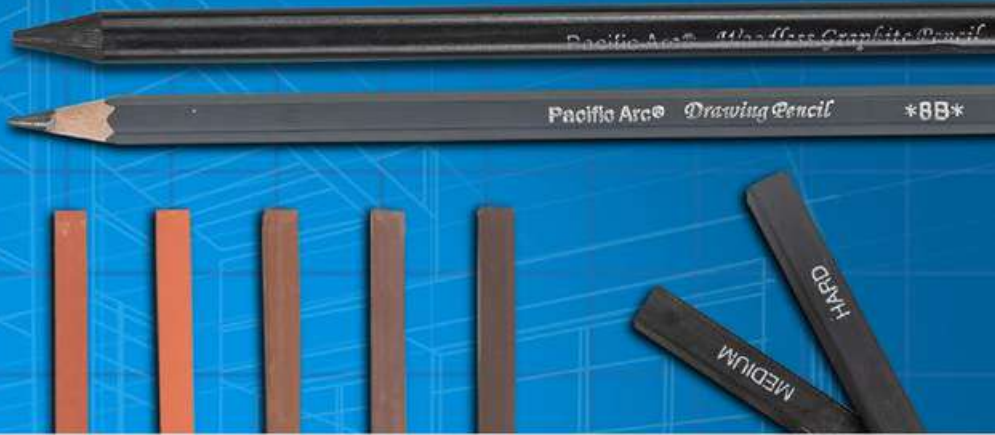

The Pacific Arc Team

DRAWING BOARDS

DB SERIES

Solid core - plain - melamine surface
Solid-core drawing boards feature a smooth melamine surface with a black band edge. They are ideal for all sketching, drawing, art, craft, professional drafting, and engineering applications.

STP SERIES

Folding legs - carrying handle

The STP series includes all the features of the STB series but without the parallel bar. It features a full comfortable handle, fold-out legs, and rubber grips for secure placement at the edge of any flat surface. Completely assembled, the STP series is ready to use right out of the box.

STB SERIES

Parallel bar - folding legs carrying handle

The STB series features a quality parallel bar mounted on a 5/8" solid core drawing board with a smooth melamine surface. Folding legs and a comfortable handle on the back make it easy to transport and use on any level surface. Pre-assembled and ready to use right out of the box, the STB series offers convenience and reliability.

PXB SERIES

Superior parallel bar with locking mechanism - folding legs - comfy, heavy duty carry handle

The original PXB board comes fully assembled and features a superior locking parallel bar. Known for its excellent quality components and durable construction.

VINYL BOARD COVERS

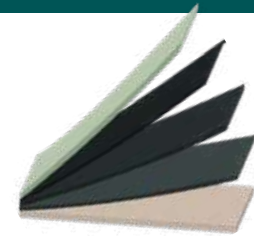

These thick, self-healing vinyl boards withstand heavy use and can be easily trimmed with a sharp knife. They mount securely with double-sided tape and are reversible for extended life. Available in 10-yard rolls or pre-cut sheets. Made in China.

PARALLEL STRAIGHTEDGE

P1000 SERIES

Constructed from rigid phenolic plastic with a black satin finish and matte aluminum trim. Frictionless nylon rollers retract when pressed, and raised clear acrylic edges keep the bar off the paper to prevent smearing. Steel ball-bearing pulleys provide smooth movement. Includes mounting hardware and instructions. Made in Poland.

Professional Parallel Bar with Nylon Rollers

DRAFTING

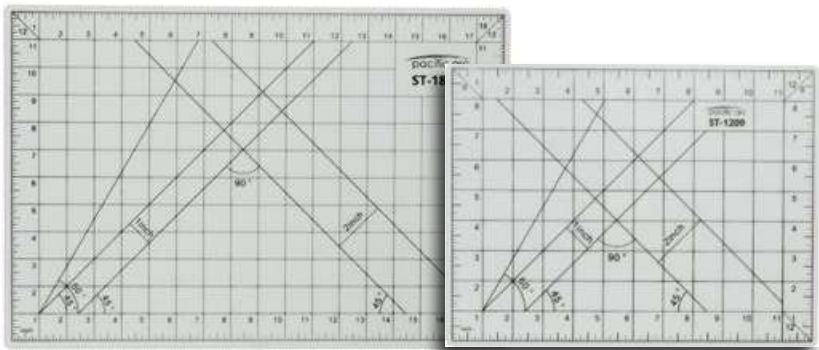

CUTTING MATS

Cutting mats from Pacific Arc feature premium self-healing surfaces designed for longevity. They are graduated for convenience and enhanced utility.

Translucent cutting mats offer artists a non-intrusive look and allow documents to be placed underneath for visual reference. They're also ideal for use on light boxes and glass-top tables, enabling backlighting for your work.

EDGES, RULING AND MEASURING

STRAIGHT EDGES

Created from the highest quality 1.9mm thick pure stainless steel and features beveled edges on one side and a flat edge on the other.

Ideal for drawing, cutting, paper tearing, etc, these straight edges are the industry's finest and will provide years of reliable service.

Available in plain or graduated options.

ACRYLIC

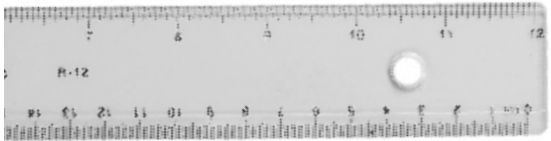

METAL EDGE

MLG-15 15" MSRP \$11.78

Metal edges and clear acrylic construction enable easy cutting and manipulation. A printer's and graphic artist's ideal for various projects. Provides easy and fast conversions between inches and picas. Quickly determine the kerning between letters.

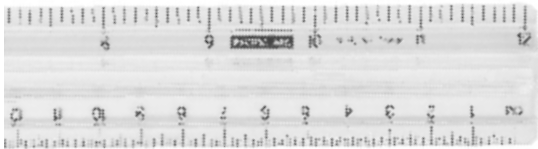

CLEAR

R-12 12" \$1.55
R-18 18" \$3.15
R-24 24" \$5.78

Clear plastic ruler with hanging hole and inch/metric graduations. Semi-flexible, ideal for scholastic or office use.

EASY GRIP

RL-541 12" MSRP \$1.85

Features a raised center spine for easy grip and use, with inch/metric graduations. Made of clear plastic.

WOOD

Pacific Arc's heavy-duty classic wooden rulers feature metal edges to facilitate fine lines and cutting. The yardstick has a plain wooden edge with brass caps on both ends, with a hanging hole.

WITH METAL EDGE

WDC-12 12" \$2.35
WDC-18 18" \$3.55

SPECIALTY

GRAPHIC ARTS

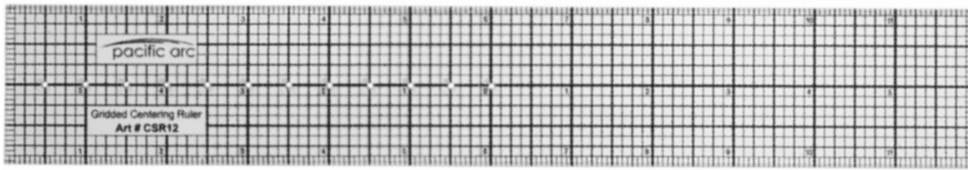

Laser-cut from thick, clear, 100% pure acrylic, the graphic arts ruler boasts multiple graduations, including the following: pica, point, printers' ruler, visual E scale, and 1/16th, plus a leading gauge. It is an essential tool for all graphic and layout artists. Dimensions: 3" wide by 12" long.

PS-96 12" \$6.56

CENTERING RULE

Made of 100% pure, clear acrylic, gridded centering rulers are break- and scratch-resistant. They feature a 1/8th grid over the entire surface, are fully divided to 1/16ths on both edges and feature a centering rule in the middle. Ideal for graphic and layout work.

CSR-12 12" \$6.83
 CSR-18 18" \$7.75

PROFESSIONAL ROLLING RULER

Professional parallel rulers or gliders combine the function of a parallel ruler, standard ruler, protractor, T-square, compass, and triangle – all in one. Made of clear, thick acrylic with printed graduations, they feature a premium roller for smooth action that prevents twisting or turning.

PA295 10" \$65.50
 PA296 12" \$68.75

PARALLEL RULER

Constructed of thick acrylic, the parallel ruler is designed to measure the distance between two points and is typically used to plot lines and directions on nautical charts.

RR-18 18" \$38.95
