

## **Mid-Ohio 2025 - Incident Review/Penalty Report**

### **Disqualification of Atlantic-Open Car #1 from Race 1 and Race 2 at Mid Ohio for improper and non-declared tires.**

This issue has come to the Race Directors' attention that Atlantic-Open Car #1 did not compete on the specified and required Hoosier Tires and the race tires had not been declared and stamped approved by FRP Chef of Tech.

In addition, FRP has verified that the required tire was available from the on-site Hoosier truck.

As a result of this disqualification Atlantic-Open Car #1 loses all points from Mid Ohio Q1, Race 1, Q2 and Race 2.

It is the responsibility of all teams to ensure the mandatory tire is in use starting with the first qualifying session. Any exception must be approved by the Chief of Tech and the Race Director.
