

DON'T WORRY WE'VE GOT YOUR BACK(UP)

Power outages, fires, floods, natural disasters ... Work with Links Technology's business continuity and disaster recovery experts to evaluate your risks and **create a plan to weather the storm.**

Our team constantly tests emergency recovery solutions so that when the real thing happens, it's just another day at the office.

We prepare for a disaster, so you never have one.

- ✓ Managed Backup (reactive)
- ✓ Managed Backup & Recovery (continuous offsite backup)
- ✓ Disaster Recovery as a Service (near-instant recovery)

DISASTER RECOVERY
