

# Dunedin City Council Land Information Memorandum

88079

**Issued in accordance with Section 44A of the Local Government Official  
Information and Meetings Act 1987**

**Should you require further clarification of any of the information listed  
in this report, please phone our Customer Services Agency on  
03 477 4000.**

This Land Information Memoranda (LIM) has been prepared in accordance with Section 44A of the Local Government Official Information and Meetings Act 1987. It contains only information obtained from the records held by the Dunedin City Council as at **25 August 2020**

The Dunedin City Council has not carried out an inspection of the land and/or buildings for the purposes of preparing this LIM. The Dunedin City Council records may not show illegal or unauthorised buildings or works on the land. Accordingly this report may not necessarily reflect the current status of the property. Examples of situations which affect the property but are not recorded in this report include: unauthorised work not known to Council and breaches of Consents or Licences that are not the subject of a formal Requisition or Notice.

The applicant is solely responsible for ensuring that the land or any building or works on the land is suitable for a particular purpose. The applicant should check the Records of Title as this report may not include information that is registered on the Records of Title. The Records of Title may record further information or obligations relating to the land.

Further information about this property may be available from other agencies such as the Otago Regional Council, Nova Gas, Telecom New Zealand (Chorus) or Delta Utility Services Limited.

## PROPERTY ADDRESS

34 Victoria Road St Kilda

## RATES DETAILS

**Rate Account** 2059495  
**Address** 34 Victoria Road St Kilda  
**Valuation Number** 27500-58200  
**Latest Valuation Details**  
Capital Value \$550,000  
Land Value \$175,000  
Value of Improvements \$375,000  
Area (Hectares) 0.0428HA  
Units of Use 1  
**Current Rates**  
Current Rating Year Starting 01-Jul-2020  
Dunedin City Council Rates \$2,739.25  
**Rates Outstanding for Year** \$4,213.68

For further explanation on the rate account, or to enquire about information referred to on this page, please contact Rates Staff between 8:30am and 5:00pm weekdays at the enquiries counter on the Ground floor of the Civic Centre, 50 The Octagon, Dunedin, or by phoning 477 4000.

## BUILDING, PLUMBING AND DRAINAGE

### **Public Sewer sheets.**

WARNING. Please note that public sewer reticulation sheets are scaled in either Imperial feet or Metric metres. Please check with the Duty Drainage Inspector if in doubt.

### **Dunedin City Council Private Drainage plans incomplete.**

WARNING. The Dunedin City Council's private drainage records (plans) prior to 1 January 1993 may be incomplete or not clearly recorded. Owners therefore are advised to carry out work with due care to avoid damage to any private drain not detailed because of the lack of information filed in the Council's records.

### **Building and Drainage Information**

#### **Council Stormwater & Foul Sewer Connections available.**

There is Council Stormwater outfalls and Foul Sewer Connections adjacent to this land, to which buildings within this land may connect. A plan of these is attached.

#### **Private Stormwater Drains servicing existing buildings**

There are Private Stormwater drains servicing existing buildings on this land.

#### **Private Foul Drains servicing existing buildings**

There are Private Foul drains servicing existing buildings on this land.

Private Foul Drain to Council Foul Sewer in 38 Victoria Road.

### **Building and Drainage Consents**

There are no records of any Building Consents for this property.

### **Building and Drainage Permits**

Building Permits were issued prior to the introduction of the Building Act 1992. Code Compliance Certificates were not required or issued for permits.

[H-1925-140754](#) AAD19250211 B6531 - Plumbing and connect drainage to Council Foul Drain A354 at 38 Victoria Road (Waugh). The permit was lodged on 17-Apr-1925.

[H-1939-155490](#) AAD19390165 D-4404 - Repair Drain, No Plan (Stewart) - crossed out on card. The permit was lodged on 17-Jan-1939.

[H-1943-159082](#) AAD19430098 D-9100 - Clear drain, No Plan (Spier) - crossed out on card. The permit was lodged on 06-Aug-1943.

[H-1982-214621](#) AAD19820257 K-4778 - Replace plumbing, No Plan (B McCormick). The permit was lodged on 10-Nov-1982.

[H-1983-249574](#) AAK19830015 B42912 - Garage and Wall (McCormick). The permit was lodged on 28-Jun-1983.

[H-1981-249202](#) AAK19810024 51154 - Roughcast dwelling, No Plan (Beach Motels). The permit was lodged on 29-Jan-1981.

For further explanation on the current status of any consent, or to enquire about information referred to on this page, please contact Building Control Staff between 8:30am and 5:00pm weekdays at the enquiries counter on the Ground floor of the Civic Centre, 50 The Octagon, Dunedin, or by phoning 477 4000.

## HAZARDS

### SITE HAZARDS

#### **Assessment of Options for Protecting Harbourside and South City from Direct Impacts of Sea Level Rise**

This property is within the study area considered by a report commissioned by the Dunedin City Council entitled 'Assessment of Options for Protecting Harbourside and South City from Direct Impacts of Sea Level Rise'. The report is available on the Council's website at <http://www.dunedin.govt.nz/climatechange> or by contacting Customer Services Agency on 03 477 4000.

The property is identified within the report "The Natural Hazards of South Dunedin" which may describe special features or characteristics of the land concerned, including but not limited to potential erosion, avulsion, falling debris, subsidence, slippage, alluvion or inundation. Although the report is known to the Dunedin City Council the council has not assessed the report for correctness. The applicant is solely responsible for ensuring that the land is suitable for a particular purpose including development. Please read the report here <https://www.orc.govt.nz/media/2217/the-natural-hazards-of-south-dunedin-report-july-2016.pdf>

This area has been identified as lying within a zone susceptible to amplified shaking in an earthquake and potential liquefaction during a severe earthquake event. The Dunedin City Council may require a site-specific design unless site investigation confirms this requirement is not necessary.

The general vicinity of this property is identified as a 'liquefaction awareness area'. It is classified as liquefaction-susceptibility Domain C. This means that the ground is predominantly underlain by poorly consolidated marine or estuarine sediments with a shallow groundwater table. There is considered to be a moderate to high likelihood of liquefaction-susceptible materials being present in some parts of the areas classified as Domain C. Put another way, there is a low to moderate likelihood that there are no liquefaction-susceptible materials present in some parts of the areas mapped as Domain C. 'Liquefaction awareness areas' do not represent specific hazard zones, but rather highlight areas where there may potentially be a liquefaction hazard that may need further evaluation, in regard to existing or future infrastructure or development. This information has been sourced from **GNS Science Consultancy Report 2014/068: Assessment of Liquefaction hazards in the Dunedin City district**. Further information, including a copy of the report is available from Dunedin City Council.

#### **Minimum Floor Levels - South Dunedin**

Dunedin City Council has commissioned a report 'Methodology for Determining Minimum Floor Levels 2011' (MWH 2011) and the Council is undertaking further work to enable appropriate minimum floor levels to be determined in different parts of Dunedin.

Local adjustment factors have been applied to the methodology described in the report and have identified that land in South Dunedin below 102.85m Otago Metric Datum may be subject to increasing risk over the next 50 years as a result of increasing hazards resulting from elevated sea-level rise associated with climate change.

All or part of the land (subject to this LIM) has been identified as being below 102.85m Otago Metric Datum.

The land in this area is afforded some degree of protection to coastal hazards, therefore minimum floor levels for new, or extensions to, residential or communal buildings will continue to be based on the Acceptable Solution E1/AS1 using a level that is 150mm above the crown of road.

**The Otago Regional Council has produced a number of reports for the Dunedin City District which outline areas affected by natural hazards including slippage, flooding, subsidence and inundation.**

**These reports are publicly available and can be accessed here:**

**<https://www.orc.govt.nz/plans-policies-reports/reports-and-publications/natural-hazards>**

**These reports do not provide property specific information, and may not describe all natural hazards that affect the land that is the subject of this LIM report.**

**We recommend that in addition to reading these reports, that you seek independent advice about how this property may be affected by natural hazards including natural hazards that are not described in the reports produced by the Otago Regional Council.**

#### **Otago Regional Council - Natural Hazards Database**

The characteristics of general natural hazards in the vicinity of this property are also available on the Otago Regional Council's Natural Hazards Database.

<http://www.orc.govt.nz/Information-and-Services/Natural-Hazards/hazards/>

## HAZARDOUS SUBSTANCES

### **WARNING – Change in legislation and management of hazardous substances**

On 1 April 2004, all Dunedin City Council Dangerous Goods Licences expired. From this date they became the responsibility of the Environmental Protection Authority (EPA) under the Hazardous Substances and New Organisms Act 1996. All new licences for hazardous substances were issued by independent Test Certifiers approved by the EPA. The Council no longer holds current information on the use of hazardous substances at these premises and hazardous substances may be present without the Council's knowledge. The Council was advised by the EPA in 2016 that Worksafe had taken over responsibility for managing Location Test certificates under the Hazardous Substances and New Organisms Act 1996. The EPA no longer hold any information in relation to Location Test Certificates If you have any questions, please contact Worksafe.

### **Contaminated Site, Hazardous Substances and Dangerous Goods Information**

No information

## ENVIRONMENTAL HEALTH

No records were found of Environmental Health involvement with this property.

## LICENSING

### **Health Licensing**

There are no records of any Health Licences for this property.

### **Liquor Licensing**

There are no records of any Liquor Licences for this property.

## CITY PLANNING

The information provided with this LIM on District Plan requirements and resource consents has been verified by City Planning in relation to the subject property only. All information included in relation to other land surrounding the site is indicative.

### **Accuracy of Boundaries**

Knowing the true location of the property boundaries on the ground is important in determining what can be carried out on the land under the District Plan and in determining whether the current activity complies with the District Plan or any resource consent. Please note that the Council's aerial photographs may not accurately depict the extent of the property. The Record of Title for the site should be checked in the first instance. A surveyor may need to be consulted to establish the true location of the title boundaries on the ground.

### **Access to Site**

The legality of any access to the site is important in determining what can be carried out on the land under the District Plan and in determining whether the current activity complies with the District Plan or any resource consent. It is recommended that the Record of Title and/or a lawyer be consulted regarding the legality of any legal and/or physical access to the site (and the maintenance thereof).

### **Heritage New Zealand Pouhere Taonga Act 2014**

The Heritage New Zealand Pouhere Taonga Act 2014 applies in addition to any protection provided to a building or site by the District Plan. The Heritage New Zealand Pouhere Taonga Act 2014 makes it unlawful for any person to destroy, or modify the whole or any part of an archaeological site, whether or not the land on which the site is located is designated, or a resource or building consent has been issued, without the prior authority of Heritage New Zealand. The Heritage New Zealand Pouhere Taonga Act 2014 defines an archaeological site as a place associated with pre-1900 activity, where there may be evidence relating to the history of New Zealand. Pre-1900 buildings are considered archaeological sites under the Heritage New Zealand Pouhere Taonga Act 2014 and are also often associated with subsurface archaeological remains that provide evidence of pre-existing use of the site. Council records may not necessarily identify the precise date upon which an existing building was constructed. Contact the Dunedin office of Heritage New Zealand for further information: [infodeepsouth@heritage.org.nz](mailto:infodeepsouth@heritage.org.nz) ; 03 477 9871.

### **Resource Management (National Environmental Standard for Assessing and Managing Contaminants in Soil to Protect Human Health) Regulations 2011**

The Resource Management (National Environmental Standard for Assessing and Managing Contaminants in Soil to Protect Human Health) Regulations 2011 came into force on 1 January 2012. The National Environmental Standard applies to any piece of land on which an activity or industry described in the current edition of the Hazardous Activities and Industries List (HAIL) is being undertaken, has been undertaken or is more likely than not to have been undertaken. (The current edition of the HAIL is available on the Ministry for the Environment website at [www.mfe.govt.nz](http://www.mfe.govt.nz).)

Activities on HAIL sites may need to comply with permitted activity conditions specified in the National Environmental Standard and/or might require resource consent. (The Otago Regional Council should also be consulted for any rules it might have in regards to the use or development of contaminated sites.)

If a person wishes to establish whether a piece of land has had hazardous activities or industries conducted on it, and thus whether activities on that land are controlled by the National Environmental Standard, then the person must pay for a review of the information about the land held by the Council, or pay for a suitably qualified and experienced practitioner to undertake a preliminary site inspection. Formal confirmation from the Council that resource consent is not required under the National Environmental Standard can only be given through a certificate of compliance application.

### **Consent Notices**

There are no Consent Notices recorded for this property. It is recommended that the applicant check the Record of Title for any notices or covenants that may affect the property.

### **District Plan Information**

Dunedin currently has an Operative Dunedin City District Plan, and the Proposed Second Generation Dunedin City District Plan (2GP). Accordingly, both of these plans may affect the development potential of this site and surrounding properties.

As a general principle, rules in the 2GP must be considered along with the rules of the Operative District Plan until such time as the rules of the 2GP become operative, or are treated as operative. The policies and objectives of both plans should also be considered.

The 2GP was publicly notified on Saturday 26 September 2015. The submission period closed on Tuesday 24 November 2015. Decisions on the 2GP were released on Wednesday 7 November 2018. The appeal period closed on Wednesday 19 December 2018. The schedule of appeals can be viewed at <https://2gp.dunedin.govt.nz/2gp/appeals-schedule.html>.

You are advised to refer to our website to determine which rules in the 2GP have legal effect or are fully operative, and to determine which rules in the Operative District Plan are now inoperative.

The 2GP is subject to change at any time. Further rules will come into legal effect and/or become fully operative at the release of decisions and the resolution of appeals. You should check with the Council whether any changes have occurred since the date this LIM report was issued. The information provided with this LIM on district plan requirements is applicable as at the date this LIM is issued: there may be changes to the district plan rules following the release of this LIM that may affect this site and surrounding properties.

You should ensure that you consult the information and relevant planning maps in the Operative District Plan which can be found on our website at <http://www.dunedin.govt.nz/your-council/district-plan> and the 2GP which can be found on our website at <http://www.2gp.dunedin.govt.nz> as well as at all Dunedin City Council service centres and libraries.

### **OPERATIVE DISTRICT PLAN INFORMATION**

#### **Zoning**

This property is zoned as follows in the District Plan.

*Zone*

RESIDENTIAL 2

### Noise

This property is located in a Noise Area where the noise limits outlined below apply. Rule 21.5.1(i)(b) also specifies a maximum noise limit of 75 dBA Lmax between 9.00 pm on any night and 7.00 am the following day measured at the boundary of the site or within any other site. Note that some activities have a resource consent or existing use rights that allow these limits to be exceeded. Some activities are also exempted from noise limits. Furthermore, the actual limits that apply will also depend on whether this site adjoins a Noise Area Boundary and whether there are Special Audible Characteristics. Refer to Section 21.5 of the District Plan for further details. Every occupier of land is also under a general duty to adopt the best practicable option to ensure that the emission of noise from land does not exceed a reasonable level.

#### Noise Zone

50Dt/40Nt dBA, 45SP dBA

### Road Hierarchy

The roads listed below adjoining this property are classified as either Collector, District Regional or National Roads in the District Plan Road Hierarchy. All other roads adjoining this property but not listed here are classified as Local Roads. Refer to Section 20 of the District Plan for more information.

Type	Name
COLLECTOR	Victoria Road

## SECOND GENERATION PLAN INFORMATION

### Zoning

- General Residential 2 (refer Section 15, Residential)

### Scheduled Items

- Nil

### Overlay Zones

- Hazard 3 (coastal) Overlay Zone

### Mapped Areas

- South Dunedin Mapped Area
- Road Classification Hierarchy (main roads within 30m of site)
  - Victoria Rd is a Collector road

## Resource Consents

The following Resource Consents are recorded for this property.

<a href="#">LUC-1974-354082</a>	Land Use Consent
Description	Conditional use and specified departure application to erect a three-storey block containing 20 motel units
Lodgement Date	31-May-1974
Decision	Withdrawn
Decision Date	26-Jun-1974
Current Status	<b>Application Withdrawn</b>

## RESOURCE CONSENTS WITHIN 50 METRES OF 34 VICTORIA ROAD ST KILDA [1822 R Victoria Road St Kilda](#)

[RMA-2005-368654](#) Resource Management Act (Historical Data) NEW BUS SHELTER (Non-Notified - Non Complying). The outcome was Granted on 08/02/2005.

**5059491 26 Victoria Road St Kilda**

LUC-2015-462 Land Use Consent land use consent to extend the dwelling, construct a deck and reauthorise the existing height plane breaches. The outcome was Granted on 16/10/2015.

**5059494 32 Victoria Road St Kilda**

LUC-2008-445 Land Use Consent construct a garage. The outcome was Granted on 28/10/2008.

**5059514 18 Auld Street Dunedin**

RMA-1992-355231 Resource Management Act (Historical Data) ALT DWG TO PROVIDE EXTRA BEDROOM Ownr:AJ & RL HAMILTON / App: HAMILTON 18 AULD STREET ST K (Non-Notified - Non Complying). The outcome was Granted on 07/12/1994.

**5113360 41 Victoria Road St Kilda**

LUC-2007-340 Land Use Consent self contained unit for commercial residential activity. The outcome was Granted on 10/08/2007.

SUB-2007-61 Subdivision Consent BOUNDARY ADJUSTMENT SUBDIVISION BETWEEN OT19A/380 AND OT19A/381. The outcome was Granted on 01/06/2007.

RMA-2001-365021 Resource Management Act (Historical Data) ADDITIONAL MANAGERS RESIDENCE (Non-Notified - Unrestricted Discretionary). The outcome was Granted on 11/09/2001.

RMA-2001-364882 Resource Management Act (Historical Data) NEW ACCOMODATION BUILDING IN ULCA (Non-Notified Controlled). The outcome was Granted on 09/07/2001.

RMA-1999-363318 Resource Management Act (Historical Data) CHANGE OF CONDITIONS OF SUBDIVISION CONSENT 990002 (Other). The outcome was Granted on 30/08/1999.

RMA-1999-362635 Resource Management Act (Historical Data) TO SUBDIVIDE CT168/131 INTO TWO SEPARATE FREEHOLD TITLES (Non-Notified - Unrestricted Discretionary). The outcome was Granted on 26/02/1999.

RMA-2004-368064 Resource Management Act (Historical Data) ESTABLISHMENT OF FOUR DETACHED ACCOMMODATION UNITS, GARAGE AND CARPORT FOR DUNEDIN HOLIDAY PARK (Non-Notified - Unrestricted Discretionary). The outcome was Granted on 17/08/2004.

**5116502 35 Victoria Road St Kilda**

LUC-2016-536/C Land Use Consent s127 variation to LUC-2016-536, land use consent to construct, operate and maintain a concrete storage bay for mulch storage and distribution activities and retrospective consent for the temporary storage of eight shipping containers and one relocatable dwelling. The outcome was s127 Upheld on 09/07/2019.

LUC-2016-536/B Land Use Consent s127 change of Condition 1 for LUC-2016-536. The outcome was s127 Upheld on 26/05/2017.

LUC-2016-536/A Land Use Consent variation of condition 1 of LUC-2016-536, land use consent to construct, operate and maintain a concrete storage bay for mulch storage and distribution activities and retrospective consent for the temporary storage of eight shipping containers and one relocatable dwelling. The outcome was s127 Upheld on 22/03/2017.

LUC-2016-536 Land Use Consent land use consent to construct, operate and maintain a concrete storage bay for mulch storage and distribution activities and retrospective consent for the temporary storage of eight shipping containers and one relocatable dwelling. The outcome was Granted on 16/01/2017.

LUC-2011-301 Land Use Consent enable the temporary use during the Rugby World Cup of various sites listed to provide for their occupation and use by self-contained campervans. The outcome was Granted on 02/08/2011.

SUB-2007-61 Subdivision Consent BOUNDARY ADJUSTMENT SUBDIVISION BETWEEN OT19A/380 AND OT19A/381. The outcome was Granted on 01/06/2007.

RMA-1999-363318 Resource Management Act (Historical Data) CHANGE OF CONDITIONS OF SUBDIVISION CONSENT 990002 (Other). The outcome was Granted on 30/08/1999.

RMA-1999-362635 Resource Management Act (Historical Data) TO SUBDIVIDE CT168/131 INTO TWO SEPARATE FREEHOLD TITLES (Non-Notified - Unrestricted Discretionary). The outcome was Granted on 26/02/1999.

**5118831 38 Victoria Road St Kilda**

LUC-1973-354022 Land Use Consent Erect a block of four motel units. The outcome was Granted on 24/10/1973.

[LUC-1975-354091](#) Land Use Consent Erect block of five motel units. The outcome was Granted on 11/08/1975.

[LUC-2012-544](#) Land Use Consent consequential. The outcome was Granted on 17/01/2013.

[SUB-2012-99](#) Subdivision Consent boundary adjustment subdivision. The outcome was Granted on 17/01/2013.

**[5118832](#) 6 Auld Street Dunedin**

[LUC-2012-544](#) Land Use Consent consequential. The outcome was Granted on 17/01/2013.

**[5124383](#) 30 Victoria Road St Kilda**

[LUC-2011-385](#) Land Use Consent land use as a consequence of a 2 lot residential 2 subdivision. The outcome was Granted on 25/09/2012.

[SUB-2011-117](#) Subdivision Consent subdivision creating 2 lots. The outcome was Granted on 24/09/2012.

**[5124384](#) 30A Victoria Road St Kilda**

[LUC-2011-385](#) Land Use Consent land use as a consequence of a 2 lot residential 2 subdivision. The outcome was Granted on 25/09/2012.

[SUB-2011-117](#) Subdivision Consent subdivision creating 2 lots. The outcome was Granted on 24/09/2012.

If you would like a copy of any Resource Consent decision or advice on the current status and relevance of any planning matter referred to in the LIM, enquiries may be made at the Planning Enquiries desk on the Ground Floor of the Civic Centre, 50 The Octagon, or by phoning 477 4000 and asking for the Duty Planner. Planners are available at the Planning Enquiries desk to answer your enquiries between 8:30am and 5:00pm weekdays.

## TRANSPORTATION

No Transportation information was found for this property

As of the 24th April 2015, the Transportation Group no longer inspects the site as part of a LIM. Only the electronic records since 2002 have been examined for Transportation information in relation to the property.

For further explanations on property owner obligations in regard to local road encroachments, vehicle entrances, vegetation management or retaining structures please refer to the Dunedin City Council website at <http://www.dunedin.govt.nz/services/roads-and-footpaths> or contact Transportation on 477 4000.

For properties abutting the state highway, the New Zealand Transport Agency (NZTA) is the Road Controlling Authority.

## WATER and WASTE

### WATER

**Urban water supply area – Connected**

This property is connected to the Dunedin City Council's urban (on-demand) water supply. Indicative water pressures are available to view at [www.dunedin.govt.nz/water-pressure](http://www.dunedin.govt.nz/water-pressure), and flows available to the property can be provided on request. Any change in water use (e.g. for a new commercial activity) requires a new application to be made to the Council.

It is recommended that the applicant check the property for the location and suitability of the water service.

#### **Terms and conditions of supply**

All new and existing connections to the Dunedin City Council's water supply network are subject to the terms and conditions of the Dunedin City Council Water Bylaw 2011. The bylaw is available to view at [www.dunedin.govt.nz/water-bylaw](http://www.dunedin.govt.nz/water-bylaw).

#### **Water pressure**

Indicative network water pressure to the property is shown on maps available at [www.dunedin.govt.nz/water-pressure](http://www.dunedin.govt.nz/water-pressure). Specific detail is available on request.

#### **Water reticulation maps**

A copy of the water reticulation map of Dunedin City Council infrastructure in the vicinity of the subject property is attached. These show the location of the water main in the road. It may or may not show the water service to the property. It is recommended that the applicant check the property

## WASTE

#### **Urban Stormwater Catchment**

This property is located within an urban stormwater catchment that has been modelled in a study to determine the potential effects of land use and climate change that may occur over the next 50 years. This indicates that some areas of the catchment might be subject to a potential flooding risk or surface water ponding during particular rainfall events.

These effects are outlined in the Integrated Catchment Management Plans (ICMPs) that are available on the Council website. The ICMPs show the areas in the catchment that have been modelled which might be susceptible to a higher risk of flooding. The ICMPs contain maps that indicate a potential worst case scenario for a 1 in 100 year rainfall event. However, there are a series of maps also available that show modelling results from a range of other scenarios.

While the maps have been produced to help Council manage the reticulation networks, they are not sufficiently detailed to specifically account for individual properties which may be affected by local factors not included in the models.

For further information please contact 3 Waters Services at Dunedin City Council.

#### **Stormwater/Sewer Separation - Compliant**

The Dunedin City Council requires the foul sewer and storm water being discharged from a property to be directed to the separate foul sewer and storm water networks, respectively. This property is in an area where inspections have been undertaken to ensure compliance with this requirement. This property was certified as complying with Council's requirements for storm water separation at the time of inspection on **16<sup>th</sup> July 2002**.

No comment is made with regard to this property's compliance with the requirement for storm water separation after the date of inspection.

#### **Drainage Reticulation Plans**

A copy of the Dunedin City Council's drainage infrastructure in the vicinity of the subject property is attached. Public foul sewers are shown in red and stormwater sewers in green. All public drainage services are available to receive connections from the property and limited flows of stormwater may also be discharged to the street channel or an approved outfall.

**Information Regarding Watercourses**

The controlling authority for all water and waterbodies in Dunedin City is the Otago Regional Council. The Regional Plan: Water addresses water take and use, diversions, damming, discharges and bed alteration under the Resource Management Act 1991. They are also responsible for the Flood Protection Management Bylaw 2012.

The controlling authority for watercourses in relation to stormwater drainage, and removal of obstructions in accordance with Local Government Act 1974 is the Dunedin City Council. The Council also issues building and resource consents for certain works around watercourses.

Not all watercourses within Dunedin City are recorded or known to the Council, therefore it is recommended that the applicant inspect the property for watercourses.

For further information on watercourses it is recommended the applicant read the Watercourse Information Sheet. A copy of this document is available on request or for download from the Dunedin City Council website [www.dunedin.govt.nz](http://www.dunedin.govt.nz)

## APPENDIX

### **Glossary of terms and abbreviations**

The following are abbreviations and terms that may appear as a part of a LIM.

#### **Consent, Permit, Licence & Complaint types**

- AAB DCC Building permit
- AAD DCC Drainage permit
- AAG Green Island drainage permit
- AAH Hyde permit
- AAK St Kilda permit
- AAM Mosgiel permit
- AAP Port Chalmers permit
- AAS Silverpeaks permit
- AAT Maniototo permit
- ABA Application Building Act 1991
- AMD Amendment to a Building Consent
- BC Building Consent
- BCC Building Compliance Certificate - Sale of Liquor Act
- BCM Building Complaint
- CER Certifier
- COA Certificate of Acceptance
- DGL Dangerous Goods Licensing
- ENV Health complaint
- HTH Health licence
- LIQ Liquor licence
- NTF Notice to Fix
- NTR Notice to Rectify
- PIM Project Information Memorandum
- POL Planning Other Legislation
- RMA Resource Management Act - Resource consent
- RMC Resource consent complaint
- WOF Building Warrant of Fitness

#### **Terms used in Permits & Consents**

This Planning Map is indicative.

The official Planning Maps are compiled within the District Plan (Volume 2). This map is a representation of the official maps. However, due to the ability to display these maps at different scales, and the dynamic nature of the underlying cadastre, some inconsistencies or misalignment of data may be depicted which is not visible on the official maps. Consult Dunedin City Council for any clarification.

# MINOR DRAIN REPAIRS / REPLACEMENTS

- A: Notification of intention to repair or replace an existing stormwater boiler tube in the same position, within the public footway, which discharges to the street channel.  
☒ tick
- B: Notification of intention to repair or replace an existing private foul or stormwater drain within the owner's property in the same position where the developed length of such repair or replacement does not exceed two metres in length, and the diameter of such drain is not more than 150mm.  
☐ tick
- C: Notification of intention to reconnect an existing foul or stormwater drain to a public sewer when the drain diameter does not exceed 150mm and the developed length of drain does not exceed 2.0m and the work is being undertaken as part of Council's Drainage works programme.  
☐ tick

**DUNEDIN**

Dear Sir/Madam

**STORMWATER INFILTRATION SURVEY**

Your property at **34 Victoria Road** was recently inspected as part of the Dunedin City Council's Stormwater Infiltration Survey.

We were pleased to find that the stormwater does not discharge into the foul sewer system, and in that regard is disposed of to the satisfaction of the Dunedin City Council.

Please accept my thanks for your co-operation in this project.

Yours faithfully

D S Morris  
**STORMWATER CONTROL OFFICER**
