

Modern workspace collaboration

Our partnership

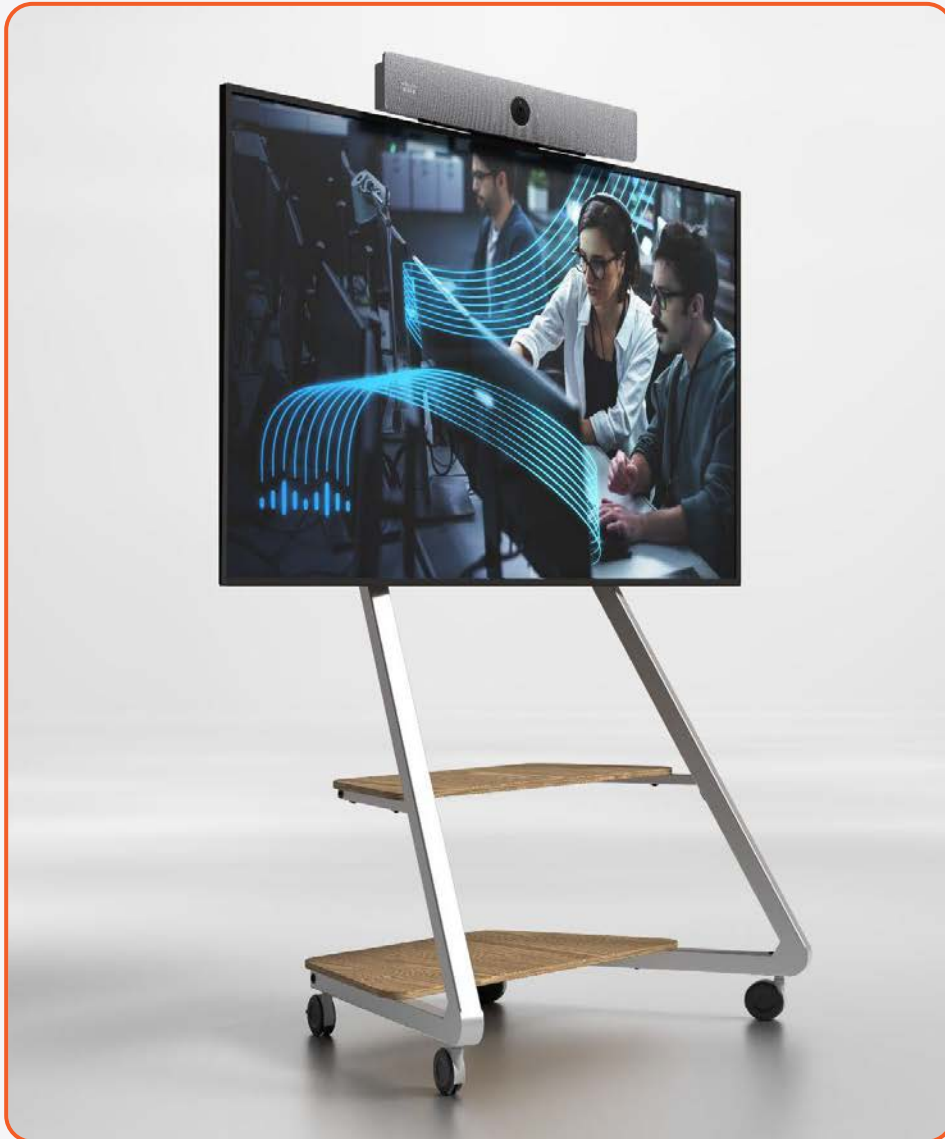

Urban and **Cisco's** partnership helps to deliver cutting-edge AV solutions for modern workspaces. The **Single**, **Dual**, **U-Cart**, **Stand** and **Flexi Webex** all seamlessly integrate **Cisco** technology to enhance collaboration and simplify AV deployment.

Single 55" featuring Cisco Room Kit

Dual 65" featuring Cisco Quad Cam

U-Cart featuring Cisco Room Kit

Stand featuring Cisco Room Navigator

Single: stylish and exceptional

The Urban **Single** solution offers a modern, flexible design with high-quality materials, built-in storage, and seamless cable management, making it perfect for any workspace.

- **Quick setup:** Transform your space in no time, installation takes just a few hours or less.
- **Plenty of size options:** Choose from display sizes between 55" and 75" to suit any workspace layout.
- **Perfect pairing:** Planning a larger setup? The Single works seamlessly alongside our Dual and Triple configurations for expanded environments.
- **No walls? No problem:** Our freestanding design offers flexibility, letting you position your solution anywhere without wall mounting, ideal for dynamic and adaptable spaces.
- **Universal camera mount:** Compatible with Cisco hardware. Cameras can be positioned above or below the screen.
- **Sleek and sturdy:** The Single frame combines modern aesthetics with durable performance, elevating any workspace.

Dual: bringing collaboration to any space

The Urban **Dual**, paired with **Cisco**, delivers a seamless and powerful AV solution designed to enhance communication and productivity in any modern workspace.

- **Quick setup:** Transform your space in hours not days with the easy-to-install Dual.
- **Streamlined design:** Built-in storage and hidden cable management keep your space tidy and organised. No more wrestling with cables.
- **Need flexibility?** Our freestanding design offers great versatility, with no mounting or structural support required.
- **Neat hardware:** Compatible with Cisco hardware. Cameras can be positioned above or below the screen.
- **Double the power, double the content:** Dual screen options available for enhanced productivity, 55 - 98".

U-Cart: driving innovation together

Part of our self-assembly range, the **U-Cart** is packed with cool design features and seamless tech - perfect for modern workspaces. Here's why the **U-Cart** is quickly becoming the go-to for modern workspaces:

- **Easy self-assembly:** Delivered flat-packed with everything you need, future-ready AV that upgrades your space.
- **Fast setup:** Installs in under 30 minutes, getting you up and running quickly.
- **Flexible sizing:** Available in display sizes from 43" to 65" to suit a variety of spaces.
- **Tidy and organised:** Integrated storage and concealed cable management keep your setup clean and clutter-free.
- **Mobile or stationary:** Whether you need mobility or a fixed position, the U-Cart adapts effortlessly.
- **Optimised for Cisco:** Fully compatible with Cisco hardware, with flexible camera mounting above or below the screen.
- **Smart, stylish design:** The U-Cart blends clean aesthetics with practical features to enhance any workspace.

Flexi: with Webex 55" & 75"

Designed for touch-driven collaboration, the **Flexi Webex** seamlessly integrates touchscreen technology into a sleek, self-assembly solution.

- **Self-assembly:** A flat-pack solution with everything you need to future-proof your AV and enhance meetings.
- **Quick setup:** Fully installed and ready to use in under 30 minutes.
- **Multiple size options:** Choose between 55" and 75" displays to fit your space and needs perfectly.
- **Seamless touchscreen:** Designed to work effortlessly with touchscreen technology for smooth, interactive experiences.
- **Flexible setup:** Roll it where you need it or keep it stationary, the Flexi Webex adapts effortlessly.
- **Perfect for collaboration:** Enhances meetings and teamwork with intuitive touch functionality.
- **Smart & modern design:** Built with sleek aesthetics and practical features to complement modern workspaces.

Stand: elegance meets functionality

The **Urban Stand** is an interactive touchscreen support for meeting rooms, lobbies & receptions designed to house your AV equipment in a subtle and stylish way.
