**OUR VISION**

**PAVING THE WAY  
FOR EARLY  
LEARNERS-CRADLE  
TO KINDERGARTEN**

**WHAT WE STAND FOR  
OUR PHILOSOPHY**

Unify expectations for high-quality teaching and early learning

Support teachers and providers to reach expectations

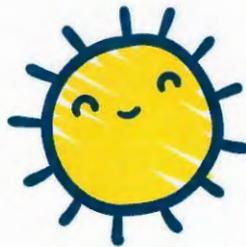

Measure and recognize progress

Provide clear information and high-quality choices to families

Early childhood education is important in so many ways. Much of a child's critical development takes place before he/she reaches kindergarten. Our goal is to give each child every possible advantage so he/she can enter kindergarten well-prepared and ready to learn.

## OUR GOALS

### CURRICULUM FOR EVERY CLASSROOM

Tier I, research-based curriculum and materials for instruction.

### PROFESSIONAL DEVELOPMENT FOR TEACHERS

Organized trainings for teachers to utilize curriculum and to learn the CLASS evaluation tool.

- In-class coaching for teachers.
- Bonuses for teachers with high performance scores.

### INCREASE THE NUMBER OF EARLY CHILDHOOD SEATS AVAILABLE

Add infant, toddler, and Pre-K seats in areas of high demand.

### DECREASE ADVERSE BEHAVIORS

Reduce adverse behaviors with an interpersonal skills curriculum, aiming to decrease behavior-related removals from instructional settings by 15%.

### PROVIDE RESOURCES FOR PARENTS

Inform parents of Early Childhood programs and resources for their children:
