# Introducing the G SERIES REACH-IN

## Built to be Spec'd.

The G Series refrigerators and freezers deliver exceptional value, combining Traulsen's renowned quality, reliability, and energy efficiency in an affordable design. Built with all stainless-steel exteriors and interiors, this line is designed to last and maintain a clean, professional look in demanding kitchen environments.

Now part of our Spec Line Refrigeration, the G Series offers outstanding performance while helping you maintain your bottom line. Additionally, it meets or exceeds the standard specifications of most leading brands' premium models, ensuring top-tier quality and durability at a competitive price.

All Stainless. All the Time.

You create great food, Traulsen keeps it safely cool.
