STATEMENTS FROM SCHOLARSHIP STUDENTS

"The scholarship and mentorship I have received from PCOMS has been invaluable to my training as an osteopathic medical student. Through this organization's support, I have furthered my understanding of osteopathic principles and deepened my appreciation for advocacy and advancement of our profession on a local level. I cannot begin to thank the members of PCOMS and those who support the student scholarship program enough; thank you for aiding the dreams and aspirations of osteopathic medical students across Pinellas County."

Madeline Moffett
Class of 2026

"I am so grateful for the support that PCOMS provides to medical students through their scholarship. It was a great honor to not only receive the award but also to meet such an inspiring group of leaders and physicians in our community. They remind me why I'm proud to study osteopathic medicine and motivate me to care for my future patients not only clinically, but also as their advocate at the institutional level."

Jennifer Lima
Class of 2027

"I am writing to express how fortunate I am to have been selected for a 2024 PCOMS scholarship. Receiving this scholarship significantly lightened the financial stress of pursuing my osteopathic medical degree. I am incredibly grateful for the opportunity it provides to dedicate to my studies, further my research, attend national medical conferences; all advancing my knowledge and involvement in my future specialty. Now having completed my Pre-Doctoral Osteopathic Principles and Practice fellowship, I have seen the incredible impact Osteopathic Manipulative Therapy has on a patient's quality of life. My goal is to become a neurologist and use my OMT training to treat future patients in this field. This scholarship has supplied me with the resources to pursue my passions. Thank you for selecting me."

Julia Bethea
Class of 2027

"There are very few, if any, scholarships in the area that recognize the dedication of students to the osteopathic profession; being recognized as a student who exemplifies this is such an honor! The money from this scholarship was put towards paying for my tuition and fulfilling my ultimate goal of becoming a great osteopathic physician in Pinellas County!"

Danielle Broussard, RDN
Class of 2026
