Bring Forward Your Offering

At the **Offertory during Mass**, along with the gift of bread and wine, the money collection represents the material expression of our spiritual offering: The collection is not just “fundraising.” It’s a concrete way we give our treasure and a reflection of our gratitude, stewardship, and trust in God. Just as Christ offered His life for others, our monetary gifts support the Church’s mission and our parish community.

What is Zeffy?

Zeffy is a secure online donation platform adopted by **Holy Name of Jesus Parish** and thousands of nonprofits, including many parishes, to receive donations online.

It is the **only platform that is completely free for nonprofits**, meaning **100% of your donation goes directly to the parish**. It operates through optional contributions from donors to support the platform itself.

Based in Montreal, Zeffy is a local partner dedicated to empowering non-profits simple, secure online giving.

Why contribute online?

Even if you already use parish envelopes, online giving can be helpful when you do not have cash on hand during Mass. By scanning the QR code, you may make your offertory gift immediately and indicate your envelope number so your contribution is properly recorded.

You may also:

- make a **one-time donation**
- set up a **monthly offering**
- receive an **automatic tax receipt** for each donation or a cumulative annual receipt

Important to know

When completing your payment, Zeffy will suggest an **optional contribution** (for example 15%, 18%, 20%, or another amount) to support their service.

This contribution is entirely voluntary.

You may reduce it or remove it completely before confirming your donation.
