### VINEYARD NOTES

Parcels are selected for their low yields and the age of the vines. Grapes are harvested very early before sunrise in order to keep their freshness and to preserve them against oxidation. Each varietal is harvested separately when the maturity is optimal.

### WINEMAKING NOTES

Rigorous sorting of the frapes, destemming, settling in the tank at cold temperatures for 48 hours, racking, followed by a traditional 25-day fermentation. Juices are segregated to keep the best. Malolactic fermentation in stainless steel vats where the wine will age for 14 months. 15% of the wines are aged 400-liter oak wood barrels.

### TASTING NOTES

Deep red color with hues of violet, bouquet of cooked red fruit, fresh spices with leathery notes, giving in the mouth a well-structured wine, with its strength reflecting the ripe grapes planted on the schistous bedrock of the island.
