SHEEP RANGE

Easy2Gro LM®

Easy2Gro LM is a revolutionary low-methane sheep feed formulated with Hyfibe® and patent-pending Low Methane (LM) technologies. This breakthrough feed is designed to enhance sheep productivity and farm profitability while significantly reducing methane emissions.

Features		Benefits
Reduce methane	>	Patent-pending LM technology optimises rumen function and nutrient absorption, with around 70%* reduction in methane emissions compared to homemixes
Healthy rumen	>	Hyfibe inclusion promotes rumen health and metabolic comfort; safe for *ad lib* feeding
Reliable results	>	A cost-effective solution with high feed efficiency and faster growth for higher returns
Natural essential oils	>	Ionophore free, containing a unique blend of micro-encapsulated natural essential oils for improved health and performance
Highly Palatable	>	Specifically designed to maximise consumption for optimum growth
Quality assured vitamin/trace	>	Provides the essential vitamins and premix minerals needed by sheep. Contains an optimally balanced Ca:P ratio
Pelleted feed	>	Reduces dust and wastage, whilst ensuring an even nutrient blend is received by each animal
Convenient	>	One complete formulation that is ideal for improving feed effciency and easy to use with no adaptation period

*Methane reduction levels may vary based on sheep breed, diet, and environmental conditions.

NUTRITIONAL ANALYSIS

Nutrients	Dry matter basis
Crude Protein (min)	15.5%
Metabolisable Energy (est)	11.5 MJ/kg
ADF (min)	18%
NDF (min)	35%
Calcium (min)	0.9%
Phosphorus (min)	0.35%
Magnesium (min)	0.20%
Potassium (min)	0.70%
Vitamin E	75mg/kg
Selenium	500µg/kg
Natural essential oils	150mg/kg

INGREDIENT SELECTION

Wheat, barley, lupins, canola meal, cereal byproducts, vitamins, minerals and natural essential oils.

FEEDING DIRECTIONS

Easy2Gro LM can be trail fed or fed *ad lib* in self-feeders or in troughs from Day 1.

The expected feed intake for lambs is 2-3% of liveweight. Requirements for other classes of sheep may vary according to metabolic requirements and other available feed. Ensure that clean fresh water is available at all times.

Easy2Gro LM is ideal for sheep producers looking to improve feed efficiency and growth rates and farming operations seeking to reduce their methane emissions and aiming to enhance profitability through optimised nutrition.

October 2026

THIS PRODUCT IS BEST STORED UNDER COOL, DRY CONDITIONS. FOR ANIMAL FEED ONLY.
