

Sibi knows what's in the home. Every replacement fits what's already there.

WHO SIBI IS

A platform for buying and managing everything that goes into a property.

Warranty providers and the pros doing the work connect once to source replacements, send homeowner offers, coordinate installs, and track every claim.

How Sibi fits a warranty claim

A claim comes in

A homeowner reports a failed appliance or system.

Match the replacement

Sibi finds options that fit the home's opening, fuel type, and specs.

The homeowner chooses

Offers send curated options to compare or upgrade.

Delivered and installed

Research and order all in one session, tracked to the door.

What you get

Offers and Storefronts

Send homeowners curated replacement options under your program rules.

Ordering by API

Place orders and get real-time updates from inside your claims system.

Manufacturer-direct pricing

Buy directly from brands like GE Appliances, Carrier, MSI, and 50+ more.

Fewer returns

The right product the first time, matched to the home.

Home warranty providers use Sibi to move replacements from claim to install.
