

# Northern Virginia **Market**

CORESITE'S RESTON AND WASHINGTON D.C. DATA CENTERS PROVIDE THE INTERCONNECTED, SCALABLE FOUNDATION THAT BUSINESSES NEED TO DRIVE DIGITAL TRANSFORMATION GLOBALLY.

CoreSite's Northern Virginia market consists of two multi-facility data center campuses — one in Downtown D.C. and another in Reston, Virginia. Both campuses provide native access to an ecosystem of over 295 organizations — including cloud, network and IT providers — as well as nearly unlimited capacity to scale as business requirements evolve. Whether you need a global gateway to do business, or compliant infrastructure to build a hybrid cloud environment, we have you covered.

ONE DATA CENTER PROVIDER. **EVERYTHING YOU NEED.**
