

INDUSTRIAL LIQUID COATINGS

WATER-BASED STAIN SYSTEM

FIBERGLASS AND PVC DOORS

ACRYTHANE AQUA

Wood doors have transformed into technologically sophisticated, durable, and sustainable fiberglass door panels. Our adaptable coating for fiberglass and PVC doors delivers a stunningly rich, warm appearance that resembles real wood, free from the costs and upkeep tied to traditional wood finishes. The stainable fiberglass surface provides an authentic look reminiscent of actual wood finishes. These exquisite woodgrain doors can be customized with any of our 20 stain colors.

- 1** Begin with a smooth, woodgrain fiberglass, or PVC door
- 2** Apply a Base Coat: V-XXXX
- 3** Choose a Stain Color to apply:
528-891 (Black) or 528-957 (Dark Walnut)
- 4** Finish with a Clear Topcoat: 528-095
(40° Gloss) or 528-107 (15° Gloss)

Our stain chart provides numerous advantages that address both your creative aspirations and practical requirements.

ENVIRONMENTALLY FRIENDLY COATINGS

We prioritize the well-being of both people and the planet. Our stains are crafted with eco-conscious principles.

ISOCYANATE FREE

Our 528-series stains are proudly formulated to be free of isocyanates. You can confidently undertake your staining project without compromising your health or that of those around you.

LOW HEAT BUILD-UP

Our products are specifically crafted to minimize heat accumulation on substrates when exposed to outdoor weather conditions. This helps prevent issues such as substrate deformation, discoloration, and a loss of luster.

DURABILITY IN ALL WEATHER CONDITIONS

Our stains deliver remarkable durability, ensuring a beautiful, long-lasting finish even in the toughest weather.

10-YEAR WARRANTY

Our stain coating system comes with a 10-year warranty for added peace of mind.

AAMA COMPLIANCE

Our products meet AAMA 0613-05 standards for PVC and AAMA 623-10 standards for fiberglass.

FORMULATING THE RIGHT MIX

ABOUT PROTECH GROUP

For almost 50 years, Protech Group has stood as a global frontrunner in surface coating technology, offering inventive solutions to various industries around the globe. As a producer of powder and liquid coatings, architectural paints and polymer-based specialty materials, Protech emphasizes quality and innovation through state-of-the-art laboratory technology and the expertise of our talented chemists.

OUR INDUSTRIAL LIQUID COATINGS

Protech Group offers high-quality liquid coating solutions for various industries, emphasizing innovation and sustainability. Our coatings enhance surface protection, durability, and lifespan for manufacturing and construction applications. With a network of over 25 manufacturing sites for both powder and liquid, Protech focuses on resource efficiency and tailored formulations. Contact Protech Group to discover how their surface coating solutions can improve your products.
