HOW TO ORDER NIENKÄMPER TABLES

Select a Table:	By using the table of contents, choose the style of table required: side, coffee, conference or dining. To help find a table suitable for your needs we have provided line drawings of each throughout this section. You can also go to www.nienkamper.com for a full listing of products and color images.
Specify Top Details:	Nienkämper wood top tables are available in all standard Nienkämper veneers and stains, refer to pages 5 for a listing. Any exceptions are noted on each page. For tables available with a veneer pattern, refer to page 5 for details. Specify your veneer pattern choice at the time you place your order. Tables that are available with an optional veneer pattern are identified in the notes section at the bottom of each page.
Specify Base Details:	At the bottom of each page are notes indicating base finish. Review these note and specify your finish selection at the time you place your order

veneers

All wood surfaces are protected with a durable polyurethane clear lacquer with UV inhibitor. This finish is known for its exceptional durability, as well as abrasion, chemical, impact and scratch resistance. Standard sheen level is 45 degrees. Optional matte, 5, 10 and 35 degree sheen levels are available on request at no additional cost.

Ash	F-25	Slate Grey Ash - Qtr. Cut Slip-Match	No upcharge applies.

VENEER GRAIN OPTIONS

Nienkämper products utilize the best quality veneers available, and, combined with Nienkämper's patented veneering systems, create work environments of incredible quality and beauty.

All veneer furniture comes standard with flat cut book-match veneer; flat cut slip-match veneer can also be specified. Quarter cut slip-match and quarter cut book-match veneers are available at a 5% upcharge. Figured Anagre and Figured Sycamore veneers are Quarter cut book-matched. Bird's Eye Maple and Curly Maple are rotary cut.

Facet Edge, Taper edge and Flowform edge tops with veneer are manufactured with a solid wood edge. All edges are then veneer wrapped to create a seamless profile top.

P-LAM

Wood grain plastic laminate surfaces are available on table tops with Self and Taper edges.

These tops are manufactured with a solid wood edge that is applied prior to the laminate top surface. This method conceals the thickness of the wood edge, while providing the durability required. Wood edges are selected that most closely resemble both the species and the color of the laminate chosen

Nienkämper has pre-selected a number of standard wood grain plastic laminates that represent a cross section of both color and species. Simply include the order code with the model number to make these selections. Alternatively wood grain plastic laminates selected outside of Nienkämper's standard selection can be made by specifying the manufacturer as well as the description and model number of the laminate at the time of order.

Wood Grain Plastic Laminate Surfaces	Order Code	Manufacturer #	Finish
Champagne Sagawood	WL1	Nevamar WM8349T	Textured
Hardrock Maple	WL2	Pionite WM791-SD	Textured/Suede
Anagre	WL4	Pionite WX041	Suede
Monticello Maple	WL5	Wilsonart 7925-38	Fine Velvet Texture
Millwork Cherry	WL7	Pionite WC431	PV-Polished Velvet
Huntington Maple	WL9	Wilsonart 7929-38	Fine Velvet Texture
Wild Cherry	WL10	Formica 5904.43	Artisan
Amber Cherry	WL11	Wilsonart 7919.38	Fine Velvet Texture
Figured Mahogany	WL12	Wilsonart 7040-60	Matte
Fusion Maple	WL13	Wilsonart 7909-78	Fine Grain
New Age Oak	WL14	Wilsonart 7938-78	Fine Grain
Natural Pear	WL15	Wilsonart 7061-78	Fine Grain
Tuscan Walnut	WL16	Wilsonart 7921-78	Fine Grain
Nepal Teak	WL17	Wilsonart 7209-78	Fine Grain
Wild Cherry	WL18	Wilsonart 7054-78	Fine Grain
River Cherry	WL19	Wilsonart 7937-78	Fine Grain
Montana Walnut	WL20	Wilsonart 7110-78	Fine Grain
Windsor Mahogany	WL22	Wilsonart 7039-78	Fine Grain
Williamsburg Cherry	WL23	Wilsonart 7936-78	Fine Grain
Florence Walnut	WL25	Wilsonart 7993-78	Fine Grain
Skyline Walnut	WL26	Wilsonart 7964K-12	Soft Grain
Sterling Ash	WL27	Wilsonart 7995-78	Fine Grain
Ginger Root Maple	WL28	Formica 7288-58	Matte

To specify the wood grain laminate required simply add the Order Code WL_ to the model number of the product.

Wood grain laminate samples are available from your local sales representative or by calling Nienkämper's customer service department at 1-800-668-9318.

P-LAM

COLORED P-LAM

Both Taper and Self edge profiles are available with a colored laminate top.

Laminate edging on Taper tops. Edging will match the top surface and is applied before the surface laminate. By applying the laminate in this way, the seam is positioned horizontally, which makes it much less conspicuous and more durable.

Wood edging on Self and Taper Edge tops are applied before the laminate. By applying the wood edge in this way, the wood edge thickness is concealed, while providing the durability required. Wood species and finishes for edging can be selected from page 5.

For laminates specified outside of Nienkämper's standard selection, specify the manufacturer as well as the description and model number of the laminate selected at the time of order. For Facet edge tops, the laminate must be a post-forming grade.

Translucent edging on Self and Taper edge tops is applied after the surface laminate. The translucent edge is very durable. Clear translucent edge provides a good match with most white-colored laminates, while a silver translucent edge provides a metallic look and contrast to colored plastic laminates.

P-Lam top & Self edge

P-Lam top & Translucent Self edge

Wood Grain P-Lam top & silver Translucent Self edge

P-Lam top & solid wood Facet edge

*An unavoidable, thin dark line will be visible when specifying a matching p.lam edge. This is more pronounced with light colored laminates

Colored Plastic Laminates Surface	Order Code	Manufacturer #	Finish
Gray (Nienkämper - Light Gray/Putty)	CL-01	Wilsonart 1500-60	Matte
Platinum Gray (Nienkämper - Medium Gray/Clay)	CL-02	Nevamar S6023T	Textured
Slate Grey (Nienkämper - Dark Gray)	CL-03	Wilsonart D91-60	Matte
Black	CL-04	Wilsonart 1595-60	Matte
Angel White	CL-05	Pionite SW-826SD	Textured/ Suede

White (for writable surface)	Contact customer service for details 800.668.9318		Gloss

Add the order code behind the edge profile when specifying.

FINGERPRINT RESISTANT P-LAM

Fingerprint Resistant Plastic Laminate is an innovative material created for interior design applications and is suitable for both vertical and horizontal interior applications on our Nienkämper furniture.

The external surface of Fingerprint Resistant Plastic Laminate involves the use of nanotechnology made possible by next generation acrylic resins.

The unique composition offers extraordinary features coupled with a unique user experience. These include an ultra matte surface (eliminating glare), an ultra sofa feel, an anti-fingerprint surface, thermal healing of micro-scratches, increased durability as well as anti-bacterial and mold-resistant properties.

Edgeband matching all Fingerprint Resistant Plastic Laminate colors is only available when specifying a Taper edge. For Self edge tops 1" and 1 1/4" thick, matching edgeband are only available in Black (RL-01) and White (RL-03). When a matching edgeband is not available, the specified surface laminate is used on the edge. **Contact Customer Service for more details 800.668-9318.**

There is a 20% upcharge on our standard plastic laminate table pricing for Fingerprint Resistant Plastic Laminate.

EDGE DETAILS - CONFERENCE TABLES

Conference tables with tops that are 1¼" thick have 6 edge profiles to choose from. To select:

Facet Edge add "FC" after the table model number

Taper Edge add "TE" after the table model number

Flowform Edge add "FF" after the table model number

Camber Edge add "CE" after the table model number

Flowform Edge and Camber Edge require a 5% upcharge

Flowform edged tops are veneer-wrapped, and are not available with plastic laminate

- Rectangle shape, Boat shape, Vista shape and Congress shape tops specified with a Flowform Edge have this edge profile on two sides only, with self edges on the two ends of the top.
- All conference table tops are 1¼" thick, edges are manufactured with a profiled solid wood edge.
- Camber edge is standard with an 8" radius corner feature on rectangle, boat, square, and vista shaped tops.

Cern desk with SIMPLE forum & Vuelo high back chair

Standard Features:

- Tops: ½" thick low iron clear tempered glass or ¼" thick veneer or plastic laminate top
- Clear glass top is only available for table with one section top
- Legs are available in either solid walnut or maple finish in standard nienkämper stains or silver anodized aluminum finish (AL-01)
- Support rails underneath Cern table or desk is standard in silver anodized aluminum finish (AL-01) with polished aluminum corners
- Simple Forum can be added on the support rail to meet with client's power/data/AV requirement, a maximum capacity of two cables (one for power cord, one for data cord) can exit through one leg
- Add upcharge \$600.00 list per leg if cable management is required through the leg. The clearance of leg for cable(s) exits is ½" x ½"
- For veneer or P-lam table top with two or more Simple Forum, cable conduit is required

Cable Management

Commander controls cables by use of both wire management strips and removable clips that integrate into the structural rail. The base is equipped with 2 generous pass through holes positioned in a way that allows easy access while remaining virtually hidden. Cables enter the base at its top near the rail and exit the bottom of the hollow base via a 7" x 3" cutout.

Top has been removed for clarity.

Plan View of Cable Access in Base

- Pneumatic height adjustment Cone tables with height adjustment of 29" - 44" are only available with veneer or p-lam top and wood veneer base
- Forum is not available for pneumatic height adjustment Cone tables.
- Caesar Stone not available

Model # 39101/2A

Model # 39101/2A

Table header with 12 columns: Model Number, W", D", H", Top Finish, List Price, Model Number, W", D", H", Top Finish, List Price.

ENSEMBLE TASK TABLE (2 CASTERS 2 GLIDES)

Main table listing 40 different table models with their dimensions (W, D, H), finishes (Veneer or Laminate), and prices. The table is organized in two columns of 20 rows each.

Model # 24954

- Standard features:
• Tops are 1¼" thick, available in all standard Nienkämper veneers and plastic laminates
• Table edges are offered in 3" taper and self.
• Solid oak, maple or walnut legs, available in all Nienkämper stains.
• 8" radius (soft) corners are standard.
• 2 soft tread, non-marring casters.
• Lower shelf with powder coated aluminum edge, available in Nienkämper powder coat finishes.
• Powder coated storage tray and 2 accessory hangers
• An under mounted 4 port (2 outlet/2 charging USB) power unit with plug.

Table with 12 columns: Model Number, W", D", H", Top Finish, List Price, Model Number, W", D", H", Top Finish, List Price

ENSEMBLE TASK TABLE (4 CASTERS) SOFT CORNERS

Table with 12 columns: Model Number, W", D", H", Top Finish, List Price, Model Number, W", D", H", Top Finish, List Price. Rows include various table sizes (48x24, 54x24, 60x24, 66x24, 72x24, 78x24, 84x24, 90x24) and finishes (Veneer, Laminate).

- Standard features:
- Tops are 1¼" thick, available in all standard Nienkämper veneers and plastic laminates
 - Table edges are offered in 3" taper and self.
 - Solid oak, maple or walnut legs, available in all Nienkämper stains.
 - 8" radius (soft) corners are standard.
 - 4 soft tread, non-marring caster.
 - Lower shelf with powder coated aluminum edge, available in Nienkämper powder coat finishes.
 - Tables compatible with most Nienkämper integrated connectivity and power solutions.

GATEWAY™ PLUS TABLES

BASE, SHAPE, EDGE & CONNECTIVITY Designer- Busk + Hertzog

Gateway™ Plus, a new extension of our award winning Gateway™ Collection, features a sculptural leg with a striking contrasting color inset, giving it a unique and distinctive aesthetic.

Surface Shapes

Top is 1-1/4" thick with overall table height of 29"h and is available in six different shapes.

Finishes

All standard Nienkämper veneer and laminates.

Edge Details

3" taper edge

Standard edge details is 3" taper edge but self edge, facet edge, flowform edge (5% upcharge) & camber edge (5% upcharge) are also available upon request.

Sizes

Gateway™ Plus Meeting Table

Shape	Dimension	
	Length	Depth
Rectangle	48" - 84"	30" & 36"
Square/Square with soft corners	30" - 78"	30" - 78"
Round	30" - 78" dia	

Gateway™ Plus Conference Table

Shape	Dimension	
	Length	Depth
Rectangle/Rectangle with soft corners	84" - 240"	42" - 72"
Boat	84" - 240"	42" - 72"

Base Finish Options

Gateway™ Plus table bases are available in either mirror polished aluminum or a variety of powder coat finishes, see below options.

AL-07
Mirror polished aluminum

10 standard accent colors are available on Gateway™ Plus bases to create a striking contrasting color inset. Any accent color is available upon request with upcharge, please contact customer service.

Polished or powder coat

Polished or powder coat with contrasting color inset.

GATEWAY™ PLUS TABLES

BASE, SHAPE, EDGE & CONNECTIVITY Designer - Busk + Hertzog

Stretcher Rails Finish Options

Stretcher rails of Gateway™ Plus table characterize a smooth surface on one side; connecting with the sculptural legs, creates a simple and minimal design underneath the top.

Only tables in rectangle, rectangle with soft corners and boat shape with mirror polished aluminum bases, stretcher rails are standard in mirror polished finish (AL-07). All tables options available in square, square with soft corners and round shape as well as tables for all shapes with powder coat bases, stretcher rails are standard in silver anodized finish (AL-01).

For stretcher rails in same powder coat finish, please add 5% upcharge on list price of the table.

HADI TABLES

BASE, SHAPE, EDGE & CONNECTIVITY Designer - Hadi Teherani

A sculpture in space: this conference table by architect Hadi Teherani combines high functionality with perfected quality and visual lightness. The Hadi table resonates in contemporary settings where design integrity and material matter most. Like a ribbon, the elegant curved metal base bracket continues on the surface of the tabletop where it becomes a functional surface - the central element. It can be equipped with multimedia modules; depending on the requirements, the equipment can be adjusted at any time. All cables are hidden in the support structure of the Hadi table. The table's elegant look remains undisturbed, timeless and architectural.

Surface Shapes

Top is 2-3/8" thick and is available in rectangle shape with inlay cover, either in brushed stainless steel or powder coat.

Finishes

All standard Nienkämper veneer and laminates.

Edge Details

Self Edge (SE)

Sizes

Hadi conference table is available in standard sizes:
Width: 48", 54", 60"
Length: 108", 144", 180", 216", 240"

Top Sections

4 sections top for table with 108" and 144" length

6 sections top for table with 180", 216" and 240" length

Base and Inlay & Finish Options

Base: must be bolted to floor

Base with extension feet - free standing

Base finishes

- Brushed Stainless Steel
- Black Powder Coat (PC-06)
- Silver Powder Coat (PC-01)
- Warm White Powder Coat (PC-07)

Side Elevation

Connectivity

Nienkämper offers connectivity solutions for the Hadi Table, our Vox® Forum M or N Series provide a variety of power/data/AV options for your needs. Add \$1,915 list upcharge per M Series Forum or \$2,290 list upcharge per N Series Forum if brushed stainless steel lid is required.

MAGPOWER COLLECTION™

System Overview Design - Carl Gustav Magnusson

MagPower Design:

MagPower is a versatile collection of mobile and stationery, multi-purpose tables ideally suited for focused individual, small groups and various training activities. The dynamic modular table system is designed to provide a functional, clutter-free work surface and charging station for work zones that require no hard wiring. Re-imagine power and charging with the most flexible table collection for commercial spaces.

Description

Features

Leg on Glide

Leg on Caster

- Solid wood (ash, white oak and walnut) and high grade aluminum material are offered for leg construction
- Wood legs are available in any standard Nienkämper stains and finishes
- Aluminum legs are available in MagPower Matte powder coat finishes and mirror polish
- Leg diameter is 1 3/8" and offered in lengths to accommodate a table height of 29" (see square / round tables)
- Legs on glides include an articulating leveler with 1" leveling
- Locking 3" casters are offered for mobile tables. Two colors are standard- black standard for Walnut, PC-21, PC-22 and PC-06 legs. Silver standard for Oak, Ash, PC-20 and AL-07 legs..
- Leg integrated MagPower unit can be added to both wood and aluminum legs with glide or caster.

Note: All tables are standard with 4 non-powered legs. Integrated power units are specified separately at time of order. See page 86 for details.

Integrated Leg Power Details

Design - Carl Gustav Magnusson

INTEGRATED POWER

Model Number	List Price
58690	1,085

Each Integrated Power Unit includes: one power unit, one jumper cable, one power transformer and one North American mains cable. (all shown in red).

Integrated Power Unit installed in Metal Leg

Integrated Power Unit installed in Wood Leg

All Wood Leg power units are supplied with black trim.

Tables ordered with multiple Integrated Power Units include one additional Splitter and Secondary Jumper Cable.

- Integrated Power Unit Features:**
- One USB Type-A port (output 7.5 W)
 - Two USB Type-C ports (output 50 W if one port is used; 25 W each if both ports are used).
 - Color: White
 - Units mount securely within the MagPower leg.
 - Wood leg installations include a decorative black trim.
 - LED diodes indicate either charging or that an active device is connected
 - Powered legs come standard with power unit, power supply transformer, transformer mounting bracket, 70" mains cable and jumper cable.
 - Battery pack and jumper cable is available as an add on feature.

- Battery Features:**
- Compact unit for easy handling and installation.
 - High quality, rechargeable Li-ion battery cells.
 - Battery alarm (audio) when charging is needed.
 - Battery charging indicator (LED light bars) indicating the capacity level.
 - Thermal switch protection, over-current protection.
 - Color: black
 - Battery capacity: 2.15 Ah / 52 Wh
 - Nominal voltage: 24 V DC
 - Discharge current: 9 A (max)
 - Maximum charging voltage: 40 V DC
 - Charging current: 0.5 A

Note:
Batteries arrive on site pre-charged but it is recommended that a full charge is given before use
All batteries whether in use or not, must be charged every 6 months to avoid damage and or reduced performance

- Charging:**
- Battery easily charged with standard transformer and mains cable.
 - Up to 5 batteries can be charged with the use of a charge splitter, jumper cables, standard transformer and mains cable.
 - Batteries can be charged while installed in table or easily removed (without the use of tools) for charging in remote location.
 - See page 87 for battery charging configuration details.

BATTERY PACK

Model Number	List Price
58691	905

Each Battery Pack includes: One Battery and one Jumper Cable.

Single Battery Pack uses Jumper Cable, Power Transformer and Mains Cable supplied with Leg Power Unit

MULTI - BATTERY CHARGING KIT

Model Number	List Price
58692	395

Each Battery Pack includes: one Splitter, one Jumper Cable, one Power Transformer and one North American Main Cable.

SINGLE LEG POWER CONFIGURATION

Integrated Power Units to be ordered separate from tables. See page 86 for details.

MULTIPLE LEG POWER CONFIGURATION

Multiple Integrated Power Units to be ordered separate from tables. See page 86 for details.

LEG WITH OPTIONAL BATTERY PACK CONFIGURATION

One Battery Pack is required per powered leg and must be ordered separately from tables and Integrated Power Units. See page 86 for details.

EDGE DETAILS

Taper Edge (TE)

Self Edge (SE)

Facet Edge (FE)

FINISHES

All standard Nienkämper veneers and laminates.

For select finish types, 6" radius corners are available on rectangular shaped tops.

Power Trough interior surfaces are available with a variety of painted finishes.

BASE FINISHES

Metronome™ Table bases are offered with a variety of finish options. Finishes can be matching in color and finish or be mixed and matched to create a unique combination.

Base shown: illustrates combination finish. Matching finish consists of all components being visually equal.

The model number you select for the table base determines the finish of the base. For example: Model #39440/2 is a 120" x 48" rectangular Metronome™ Table with a mirror polish finish. Model #39410/2 is the same shape and size with an anodized finish on portion "B" but with mirror polished finish on portion "A" as shown on above.

A & B in powder coat paint finish, see below options:

Metronome Table bases in red
powder coat finish PC-09

For tables with bases in powder coat, list price is the same as anodized bases. To select powder coat finish, please use the model # of anodized bases and add "PC" at the end. For example, 39403PC/2 is a 84"L x 42"D x 29"H Metronome™ Table with no power trough and bases in powder coat finish.

Note: Stretcher rails are always silver anodized finish

METRONOME™ TABLES

FORUM WIRING OPTIONS & CABLE MANAGEMENT Design - Fig40

Metronome™ Tables have been developed to accommodate a surface mounted or trough mounted connectivity device installation.

Surface-mounted connectivity

top mount power/data options

Vox® Forums are only available as a surface mount installation. Please contact customer service to determine which model best suits your needs. Vox® Forums are priced separately. See Vox® Forums configurator at www.nienkamper.com

Expandable cable conduit

Linked cable conduit

Cables are directed to the floor with either an expandable or linked cable conduit. Both solutions accommodate core drills with their large base ring. Wire capacity is 2"-4" dia for the expandable cable conduit and eighteen 16 GA cables for the linked. Both models are available in black, silver or clear.

Surface-mounted connectivity wiring

wire clip

Metronome™ Tables specified with Vox® Forums include plastic wire clips that guide cables from Forum to cable conduit.

Vox® Forums

METRONOME™ TABLES

FORUM WIRING OPTIONS & CABLE MANAGEMENT Design - Fig40

Trough-mounted connectivity

Metronome troughs have two 6-port Simple Forum. See page 111-114 for Simple Forum options.

Cables are directed to the floor with either an expandable or linked cable conduit. Both solutions accommodate core drills with their large base ring. Wire capacity is 2"-4" dia for the expandable cable conduit and eighteen 16 GA cables for the linked. Both models available in black, silver or clear color options.

Trough-mounted connectivity wiring

Metronome™ Tables specified with a wire trough manage power box cables with an integrated lower cover. This directs the cables into the cable conduit.

Standard trough interior surfaces (including lid interior) are painted one of the 5 colors offered above. Standard trough lid exterior surface to match top finish and material. Contrasting laminates or brushed aluminum p.lam (PL-25 Formica Deco Metal M2022) is also available with upcharge. Contact customer service at 800.668.9318 for pricing.

METRONOME™ TABLES

A5 - SIEMON CAT 6 data fitting with 10' connector cable

\$180

C - Audio- 3.5mm Mini stereo Jack with 10' cord

\$90

H - USB port 3.0 with 10ft cord

\$135

2U - Stacked USB charger A+C

\$170

3U - Dual USB C charger

\$170

G - DB15HD, VGA connector, 10' cord

\$195

HD - HDMI Coupler with 18" cord

\$195

B - Blank plate

\$65

O - Open port, for client's own data fitting. Each port selected will be supplied with one set of data adapter kit

\$65

L - Belay 1" dia. hole opening rubber strain relief pass through cords

\$65

Metronome™ Tables offer a variety of wire routing options that carry cables from the connectivity device to the floor monument.

Tables with surface-mounted connectivity

Tables with single wire trough

Tables with dual wire troughs – standard wiring requirements

Tables with dual wire troughs – high capacity wiring requirements

Table Top

No Power Trough

Table height = 29"

Square

2 Supports

Specify edge type: add the two letter code after the model number

Taper Edge (TE)

Self Edge (SE)

Facet Edge (FE)

Note: For powder coat bases, please use model # of anodized bases and add "PC" at the end, e.g. 39403PC/2.

30" top with 23" wide center to center case (on caster)
36" top with 29" wide center to center case (on caster)
- Lock Release:**
Leather pull tab releases locking mechanism

TOP FINISHES

All standard Nienkämper veneers, stains and laminates available. Along with various material, edge treatments.

OPTIONS INCLUDE

Power/data AV solution, modesty panel, ganging hardware, wire management and flush or inset leg placement with locking casters.

BASE FINISHES

Metronome™ FlipTop Tables are offered in a variety of finish options. Finishes can be matching or mixed to create a unique combination.

A & B in powder coat paint finish, see below options:

Metronome FlipTop Table base in red powder coat finish PC-09

For tables with bases in powder coat, list price is the same as anodized bases. To select powder coat finish, please use the model # of anodized bases and add "PC" at the end. For example, 30662PC/2 is a 60"L x 24"W x 29"H Metronome™ FlipTop table with 1" thick top and flush bases in powder coat finish.

Note: Stretcher rails are always silver anodized finish

KEY FEATURES

- Aluminum base and structure construction
- Styling and finish to match the Metronome Conference line
- Self locking hinges
- Extruded and cast aluminum base construction
- Unique flexible hinged modesty panel
- Polished and painted finish available
- All standard veneers and p.lams available
- Self edge standard
- Locking, soft tread casters
- Tables are compatible with Vox® M Series and various SIMPLE Forums

METRONOME™ FLIPTOP TABLES

BASE CONSTRUCTION Design - Fig40

Aluminum is the only material used in the base construction providing a high degree of recycled material. This enables the complete recyclability of all elements.

The table rolls on 4 swiveling / locking 3" dia. casters. Base, hinge, stretcher rail, pull tab and casters are all integrated within the base structure.

Bases can be finished in a combination of anodized aluminum with polished castings, fully polished or fully powder coated. Bases are connected with an aluminum stretcher rail that is offered with a standard finish of anodized silver.

METRONOME™ FLIPTOP | BASE POSITION

Bases for rectangle shape are offered in two positions, flush and inset.

Flush leg position allows the user maximum knee space when tables are ganged together.

Inset leg position allow the maximum seating capacity when tables are ganged together by enabling seating on table seams.

METRONOME™ FLIPTOP TABLES

RECTANGLE Design - Fig40

Tables shown on this page are standard with Metronome base, locking casters, no modesty panel and 1¼” thick top.

Wood tables have 1/8” solid wood self edge. P-Lam tables have 1/8” translucent edge.
Specify edge type; add the two letter code after the model number.

Self Edge “SE”

Taper Edge “TE”
on user side only

Facet Edge “FC”
on user side only

Flow Form Edge “FF” on user
side only 5% upcharge
laminite not available

Note: For powder coat base, please use model # of anodized bases and add “PC” at the end, e.g. 30662PC/2.

1¼" TOP													

METRONOME™ FLIPTOP TABLES

RECTANGLE WITH MODESTY PANEL Design - Fig40

Tables shown on this page are standard with Metronome base, locking casters, 5" tall modesty panel in matching finish and 1" thick top.

Wood tables have 1/8" solid wood self edge.
P-Lam tables have 1/8" translucent edge.

Self Edge "SE"

Note: For powder coat base, please use model # of anodized bases and add "PC" at the end, e.g. 30662PC/2.

METRONOME™ FLIPTOP TABLES

TRAPEZOID WITH MODESTY PANEL Design - Fig40

Tables shown on this page are standard with Metronome base, locking casters, 5" tall modesty panel in matching finish and 1¼" thick top.

Wood tables have 1/8" solid wood self edge. P-Lam tables have 1/8" translucent edge.
Specify edge type; add the two letter code after the model number.

Self Edge "SE"

Taper Edge "TE"
on user side only

Facet Edge "FC"
on user side only

Flow Form Edge "FF" on user side
only 5% upcharge
laminates not available

Note: For powder coat base, please use model # of anodized bases and add "PC" at the end, e.g. 30662PC/2.

METRONOME™ FLIPTOP TABLES

MULTI-ANGLE WITH MODESTY PANEL Design - Fig40

Tables shown on this page are standard with Metronome base, locking casters, 5" tall modesty panel in matching finish and 1¼" thick top.

Wood tables have 1/8" solid wood self edge. P-Lam tables have 1/8" translucent edge.
Specify edge type; add the two letter code after the model number.

Self Edge "SE"

Taper Edge "TE"
on user side only

Facet Edge "FC"
on user side only

Flow Form Edge "FF" on user side
only 5% upcharge
laminite not available

Note: For powder coat base, please use model # of anodized bases and add "PC" at the end, e.g. 30662PC/2.

EDGE DETAILS

Specify edge type: add the two letter code after the model number.

HIGH CAPACITY WIRE PAN

*Wire pan can be retrofitted to any Moss table.

To conceal large amounts of cabling, retractor mechanisms or M and Double Sided Forums a metal, telescopic pan is recommended. This hinged, metal pan hides items hanging down under the table and is particularly useful for narrow depth tables. Pans are powder coated silver but with upcharge can be matched to the Moss base interior color. When specifying, one telescopic pan is required between each base (eg. 2 bases = 1 pan / 3 bases = 2 pans / 4 bases = 3 pans). For more details and pricing please contact customer service at 1.800.668.9318

FEATURES:

TOP FINISH- All standard veneers, stains and finishes. All standard plastic laminates and fingerprint resistant laminates. Tops are standard with underside painted silver but can be painted to match base interiors with upcharge. Stone or Interlayer glass top with subtop is available upon request. Please contact customer service at 1.800.668.9318 for paint and top material options.

STRETCHER RAILS- Standard stretcher rails are supplied in a silver anodized finish but can also be painted to match base interior upon request with upcharge. Please contact customer service at 1.800.668.9318 for details.

BASE FINISH- Outer surfaces are available in all standard Nienkämper veneers, stains, and finishes. Interior and panel surface powder coated in all standard Nienkämper colors.

POWER OPTIONS- In surface units include Vox M, Double Sided and Simple Forums. Various under surface Simple Forums also available.

CABLE MANAGEMENT- All cables are managed through the Moss base to the floor. Removable access panels enable easy access to floor power sources. Cables can also be managed with standard Nienkämper cable conduits or high capacity wire pans.

NOMAD® TABLES

BASE, SURFACE, EDGE & CONNECTIVITY Design - Charles Godbout & Luc Plante

Surface Shapes

Tops are 1" thick and are available in three different shapes.

Finishes

All standard Nienkämper veneer and laminates.

Edge Details

Sizes

Nomad® conference tables are 29"h and available in sizes:
Width: 36", 42", 48", 54", 60"
Length: 60", 72", 84", 96", 108", 120", 144", 168", 180", 192", 216", 240"
Conference tables with multi-section tops include one or two center bases depending on length.

Nomad® training tables are 29"h and available in sizes:
Width: 30", 36"
Length: 60", 72", 84"

Base Finish Options

Nomad® Table bases are available in either mirror polished or a variety of powder coat paint finish, see below options.

 Aluminum Polished / AL-07	 Silver Powder Coat / PC-01
 Cool White Powder Coat / PC-12	 Sky Blue Powder Coat / PC-17
 Yellow Powder Coat / PC-13	 Cobalt Blue Powder Coat / PC-18
 Pure Orange Powder Coat / PC-14	 Black Powder Coat / PC-06
 Red Powder Coat / PC-09	 Pewter Grey Powder Coat / PC-19
 Green Powder Coat / PC-15	*Additional colors are available upon request, see www.nienkamper.com for a complete list.
 Lime Powder Coat / PC-16	

Stretcher Rails Finish Options

The standard finish for Stretcher rails of Nomad® Table is silver anodized aluminum finish (AL-01) for bases in both mirror polished aluminum or powder coat paint finish. For Stretcher rails with same powder coat paint finish as the bases, there will be 5% upcharge on list price of the table.

 Silver Anodized Aluminum / AL-01	 Silver Powder Coat / PC-01
 Cool White Powder Coat / PC-12	 Sky Blue Powder Coat / PC-17
 Yellow Powder Coat / PC-13	 Cobalt Blue Powder Coat / PC-18
 Pure Orange Powder Coat / PC-14	 Black Powder Coat / PC-06
 Red Powder Coat / PC-09	 Pewter Grey Powder Coat / PC-19
 Green Powder Coat / PC-15	*Additional colors are available upon request, see www.nienkamper.com for a complete list.
 Lime Powder Coat / PC-16	

Matching vibrantly colored Stretcher rails to the Nomad® bases creates a stunning architectural look with sleek and linear lines underneath the top.

NOMAD® TABLES

CONNECTIVITY & WIRE MANAGEMENT Design - Charles Godbout & Luc Plante

Side Elevation of Table

Center Column Base

The center column base of Nomad® table allows cables to be stored and pass through. The standard finish for the center base is silver powder coat paint finish (PC-01). Other powder coat paint colors with the center base are available for an upcharge of \$250 list per base.

Plan View of Center Column base

Connectivity

Connectivity and Power solutions for the Nomad® Table includes Vox® M Series, Double Sided, SIMPLE or SIMPLE Pop Up Forums. Vox® Cable Conduits are used to manage cables to the floor when Forums are specified on tables without a center base. *Conduits sold separately.

Vox® M Series Forum

Vox® Double Sided Forum

Vox® SIMPLE Pop-up Forum

Vox® SIMPLE Forum

Table with Cable Conduit

Expandable cable conduit

Linked cable conduit

Cables from Vox® Forums or SIMPLE Forums are directed to the floor with either an expandable or linked cable conduit. Both solutions accommodate core drills with their large base ring. Wire capacity is 2"-4" dia for the expandable cable conduit and eighteen 16 GA cables for the linked. Both models available in black, silver or clear color options. Please see page 247 for details.

Table with Center Column Base

Center column base

Cables from Vox® Forums or SIMPLE Forums are directed to the floor through center column base(s) for multi section tops.

PIVOT™ FLIPTOP TABLES

BASE OPTIONS Design - Nienkämper

Tubular steel legs plated in brilliant Eco-Chrome, steel hinge mechanisms and cross beams provide the Pivot™ with its rigid skeleton, ready for the nomadic world of training tables. The Pivot™ isn't all brawn, its rigidity is balanced with warm, rich veneers typical to the Nienkämper family of products. Or if the rugged nature is to show through and through, a wide variety of plastic laminates with impact resistant plastic edges are also available.

Standard features include: chrome legs, locking casters, 1" thick rectangular top, choice of veneer and solid wood edge or plastic laminate and plastic edge, a 5½" tall fixed modesty panel completes the package. Options include: your choice of power/ data/ connectivity units, 1¼" thick tops and flush or inset leg placement.

PIVOT™ FLIPTOP TABLES

BASE CONSTRUCTION Design - Nienkämper

Constructed from 1½" dia. steel tube and is available in "Eco-metal" chrome plating*, powder coated silver or black. Table tops pivot on two robust steel hinges and are supported with steel cross beams. Table tops are locked in position while down with stainless steel slam catches. To unlock and flip table into the storage / moving position simply pull out the two ergonomic plastic handles and pivot downward. The table rolls on 4 swiveling / locking 3" dia. casters. Base, hinge, cross beam, release handles and casters are all integrated within the base structure.

*Eco-metal chrome plating is a new galvanic process which is completely free of chlorides and is 100% recyclable.

BASE POSITION

Bases are offered in two positions, flush and inset.

Flush leg position allows the user maximum knee space when tables are ganged together.

Inset leg position allow the maximum seating capacity when tables are ganged together by enabling seating on table seams.

All tops are 11/4" thick

BASE DETAILS

EDGE DETAILS

FEATURES:

TOP FINISH- All standard veneers, stains and finishes. All standard plastic laminates and finger print resistant laminates. Stone or Interlayer glass top with subtop is available upon request. Please contact customer service at 1 800 668 9318 for details.

BASE FINISH- Cover panels are available in all standard Nienkämper veneers, stains, and finishes. Interior frame and panel surface painted satin black.

POWER OPTIONS- In surface units include Vox M, Double sided and Simple Forums. Various under surface Simple Forums also available.

CABLE MANAGEMENT: All cables are managed through the Rowan base to the floor. Large, removable access panels enable easy access to floor core power sources. All access cables can be wrapped within the base around wire wheels included with each base.

Standard Features:

- Tops are 1¼" thick, available in all standard Nienkämper veneers and plastic laminates.
- Self edge is typical.
- Solid oak, maple or walnut legs and can be stained or painted in a variety of colors.
- Silver anodized stretcher rails are standard.
- Tables compatible with most Nienkämper wire management and integrated connectivity and power solutions.

VOX® FORUMS

DATA/VOICE WIRING OPTIONS

Nienkämper is a **recognized installer** for data systems described in **Vox® Forum products**.

Vox® Forums can be manufactured with several factory wired data systems including “Hubble”, “Leviton”, “Siemon,” “Belden,” Ortronics and “Hubbell.” All of these systems guarantee the highest level of data transmissions.

Vox® Forum products have been tested by the independent laboratories of these companies and are compliant with all aspects of proper installation and performance.

Nienkämper recommends the use of these **pre-wired systems** as they offer the **best value, quality** and **safety**.

Options for data/voice connections

T568A

- CAT 5E System
- or
- CAT 6 110Connect Jacks

T568A

- PowerSUM® CAT 5E System
- or
- GigaSPEED® CAT 6 System

T568A

- Max® 5E
- or
- Max® 6

T568A

- CAT 5E
- or
- CAT 6

T568A

- CAT 6A
- (available in custom plate only)

T568A

- CAT 5E
- or
- CAT 6

Nienkämper recommends the use of Vox® **pre-wired systems** as they offer the **best value, quality** and **safety** to the consumer.

Standard Vox Forums are listed by Underwriters Laboratories Inc. under several categories. These listings qualify a level of safety guaranteed by UL's published standards for safety which UL uses as a benchmark for testing and listing products.

The right to bear the UL mark is contingent on the fact that absolutely no alteration is made to the product as it was submitted and tested by Underwriters Laboratories. This is to ensure that assemblies are not manufactured with inferior or replacement parts; this would void or alter the result of the original examination and tests conducted by UL.

The UL mark is included on a label that is attached to the underside of listed Vox® products. This label includes:

- The date the component was assembled and tested.
- A serial number for tracking purposes.
- The listing category located under the UL mark.
- UL file number that can be used as a reference at UL for any inquiries about the product.

All listed assemblies have POWER/ELECTRICAL components wired by Nienkämper and undergo the following tests:

Production Line Grounding Test - Continuity: This test checks for grounding continuity between the grounding conductor of the attachment plug and the designated main grounding point including any accessible dead-metal parts of the assembly. There must be grounding continuity between all parts.

Production-line Dielectric Voltage Withstand Test - Hi-pot: Each product shall withstand without electrical breakdown, as a routine production-line test, the application of an AC potential at a frequency within the range of 40-70 Hz or a DC potential between the primary wiring, including connected components, and accessible dead metal parts that are likely to become energized. This test is conducted when the product is fully assembled, and cannot be unwired, modified or disassembled afterwards.

Production-line - Polarity Test: This test verifies proper electrical polarity of both the grounded (neutral) and the ungrounded (hot) supply circuit conductors of the Forum and all parts intended to be connected to the grounded (neutral) and ungrounded (hot) supply circuit conductors of the attachment plug. Conductivity indications must confirm the correct connection of all parts specified.

VOX® FORUM CONFIGURATOR

Specifying the “M” and “N” series Vox Forum couldn’t be simpler.

“M” and “N” series Forums can be individually configured online with the **“Vox Forum Configurator”**.

Log onto the Nienkämper website www.nienkamper.com and follow the links or simply type www.nienkamper.com/vfc in your browser and go straight to this online tool.

Configuring your Forum is easy: simply drag and drop the options you want to build the product you need.

VOX® FORUM CONFIGURATOR

ON LINE ORDERING OF VOX FORUMS "M" & "N" SERIES

Once you've tried this amazing and simple tool you will appreciate the ease in which sample configurations can be built. You can create quick budgets, use as information sheets for discussions, meetings and placing orders.

Even custom plate configurations can be instantly selected and priced.

Below is an example of a completed Forum order sheet that can be printed, saved or submitted once the appropriate information has been filled out.

NIENKAMPER VOX FORUM CONFIGURATOR

Haven't found what you need?

It's easy to specify your own "M" or "N" Series Forum:

- 1 Create the Forum model number by selecting modular faceplates from pages .
- 2 Fill in each 2 digit faceplate model number in the desired position on page 222-227.
- 3 Fill in the corresponding price for each modular faceplate in the correct position. Total the cost.
- 4 For custom modular plates, use model number "CX" for each custom position. If there are more than one custom plate layout, label them CX1, CX2, etc. Create the custom modular plate and list cost on page 228, and transfer plate # and cost to page 219-220.
- 5 Sign and date the form. forward to Nienkämper with your request for quotation or purchase order.

DESCRIPTION
To build your Forum, select fittings from page 186.

HOW TO ORDER

- From the list of jacks select the part number that describes your selection
- Place the part number in one of three positions on the faceplate illustration “A”, “B”, or “C”.
- Fill in the associated List \$ of each fitting - total the cost.
- Fill in the model number and transfer it to the proper position on the Forum order page 222 (6” Forum) or page 223 (12” Forum).
- Add each modular plate price to complete the total Vox Forum list price.

Complete this for each custom plate required.

VOX® DOUBLE SIDED FORUM

**Standard Features:**

- Vox® Double Sided forum has a multi directional hinged lid for access on either side of the table. The Double sided forum sits flush with the table top. The lids is in the same finish as the work surface. A thin aluminum bezel lines the cutout in the table top and lid for added durability.
- The Double Sided Forum comes in a 4 module configuration. Modules are specified as either Power/Charging, Data/AV, Split plates, or Retractors.
- Modules can be swapped out or moved if your Power or AV needs change.
- Power modules contain 3 simplexes or 2 simplexes and USB-A or USB-C charging. Power units are available with a pre-wired cord, hardwired feed or a Daisy chain feed.
- Data/AV plate contains 4 fittings. The individual fittings can be swapped out or the entire plate can be swapped out.

FINISHES

Vox® Double Sided forum is made out of sturdy aluminum construction with a durable powder coated finish. The body is available in Black, Grey or White powder coat. The lid is matched to the veneer or laminate on the table top. Custom powder coat colors are available but may affect price and lead times.

	Model Number	List Price	Product Description
STANDARD SECURITY LOOP	55030	390	• This discreet loop extends and retracts from its grommet creating a fixture point for laptop/equipment security cables. • Completely concealed when not in use. • Finished outside diameter 1 1/8". • Lock not included.
			
LARGE SECURITY LOOP WITH GROMMET	55031	410	• This combination grommet allows both a security loop and capacity for single power and single data cord. • Finished outside diameter 1 5/8". • Lock not included.
			

	Model Number	List Price	Product Description
WIRE MANAGEMENT "U" CLIPS	55020	105	All Vox tables ordered with Forums ship with a sufficient quantity of "U" clips for extensive cable requirements.
	10 pieces		You can purchase additional sets of 10. These are extremely helpful for wire management and easy to use, simply compress and expand into place.
			Vox "U" Clips are: • Fitted on any side of a Vox table rail. • Adjustable along the entire rail. • Made of grey ABS.
WIRE MANAGEMENT STRIPS	55021	140	All Vox tables ordered with Forums ship with one 12" piece of adhesive, low profile, wire management strip per Forum.
	4 pieces		These can be applied to the underside of the top for light to medium quantities of cabling. You can purchase additional sets of 4.
			•12" length. •Made of black extruded plastic.
WIRE MANAGEMENT WHEELS	55022	95	This is an alternative solution for storing cables to the underside of the table.
	2 pieces		This soft plastic wire management wheel wraps cords around it, snug cords into one of three wire notches.
			•Size: 4" dia x 1-17/32" H •Available in black.

	Model Number	List Price	Product Description
HIGH PERFORMANCE SURGE PROTEC- TOP	55023	910	When utilizing multiple Vox Forums in any table top a consolidation point for power may be necessary to reduce the quantity of power cables to the floor. The following power unit/surge protector comes equipped to attach directly to the Vox table rail. It snaps anywhere along and into the rail and can easily be moved or removed. This power unit/surge protector totally integrates into the Vox system. It is high quality and provides maximum protection for all advanced and critical electronic, network, and computer applications. • UL listed, CSA Certified • 33,000 amp surge current protection • 290 volt clamping voltage (actual) • EM1/RFI noise reduction 60db • Lifetime Warranty • power distribution with 6 positions-15amp 120volt • manual on/off switch • power indication light-is lit when power is on • 15 amp overload protector (can be reset when tripped), - if too much equipment is being used and too many amps are being drawn the power bar will automatically shut off • fail-safe auto shutdown circuitry: the power will be automatically and permanently shutdown once the surge suppression has been consumed • six foot cord length

	Model Number	Colour	List Price	Product Description
VOX® CABLE CONDUIT Vox® Expandable Cable Conduit 	Expandable Cable Conduit for Standard Height			The Vox® Expandable Cable Conduit is made of woven, flexible plastic wire. Its unique properties allow it to expand and contract to allow for different cable capacities. A "U" bracket at the top attaches to the support rail. An 8" diameter counter weight is incorporated at the base which can be positioned to accommodate core drills or receptacle positions. Inside hole diameter is 3.5". Cable capacity range is from two inches to four inches. Shipped with extra length, the Vox expandable cable conduit can easily be shortened on site if required.
	55024-B	Black	1,165	
	55024-S	Silver	1,165	
	55024-C	Clear	1,165	
	Expandable Cable Conduit for Standing Height			Note: Expandable Cable Conduit for height adjustable tables are 42" long.

TERMS AND CONDITIONS OF SALE

PRICES

All prices are list prices, FOB our Toronto Factory- freight charges are extra. Packing and/ or crating is available, if required, upcharges apply.

Due to existing conditions in regard to cost of labor and materials, we reserve the right to change prices without notice.

TERMS

Net 30 days from date of invoice to accredited buyers. Two per cent (2%) interest charged monthly on overdue accounts. Deposit of 50% is required with order. Terms will be established upon credit evaluation. Due to delays in processing references, first orders may be treated as C.B.D. orders.

ORDER CONFIRMATION

Orders are accepted upon issuance of our order confirmation and are subject to the terms set forth therein; notwithstanding any variance from the terms of the buyer's order form.

Nienkämper is not liable for any delay or failure to deliver caused by labor or transportation difficulties, accidents, acts of God, failure of sources of supply, or other causes beyond our control, and changes will affect the delivery date.

CHANGE OF ORDERS OR CANCELLATIONS

Changes or cancellations are subject to our ability to conform. A charge will be levied against canceled or changed orders based on costs already incurred by Nienkämper. All changes must be in writing and submitted on a revised purchase order. Changes will affect the delivery date.

STORAGE

If goods cannot be accepted when ready, we may transfer them to storage (which is to be deemed as delivery for invoice purposes). The customer accepts risks and will be charged at prevailing rates.

FREIGHT

All prices are list prices, FOB our Toronto Factory- freight charges are extra.

Packing and/or crating are available, if required, upcharges apply.

CLAIMS

All furniture is given to the carrier and signed for in good condition. It is the responsibility of the receiver to sign for the goods in the presence of the carrier and note the condition in which they are received. Freight claims should be filed with the carrier.

WARRANTY

There are no express or implied warranties, conditions and obligations of the manufacturer, whether statutory or otherwise that extend beyond the description on the face hereof. Our furniture is made to the highest standard and is warranted free from defects of material and workmanship for five years from the date of delivery. During the warranty period we will repair or replace such merchandise as shall prove to be defective, during normal usage in accordance with manufacturer's specifications. The manufacturer shall not be liable for defect wholly attributable to normal manufacturing process. Replacement or repair of the Product shall be the sole remedy of the Customer, and the manufacturer shall not be liable for any direct, indirect, incidental, or consequential loss or damage suffered by the Customer by reason of any defect in workmanship or manufacture of the Product or inability to use the Product. Moreover, this warranty does not cover accidental damage, abuse, alteration, ordinary wear and tear of Goods, negligence and misuse nor variations over which we have no control such as heat or humidity or damage to which the Goods are connected that is not attributable to the failure of the goods themselves. This warranty is null and void when the product is installed with hardware other than that supplied and/or when installed differently than recommended in the installation guide. Modification to the product or hardware may result in failure of the product and cause damage and/or injury.

WOOD FINISHES

Nienkämper offers a wide variety of standard light finishes on cherry, mahogany and figured anagre wood veneers, and a clear natural finish on figured anagre, figured sycamore, maple, bird's eye maple and curly maple.

Light finishes do not mask the grain and other characteristics of each wood species. It is important to understand that pieces of the same type of wood will not look identical when a light finish is used. The appearance of the finish will also depend on the natural color of the veneer. Cherry darkens over time as the wood ages. Pin knots and gum pockets are inherent traits.

Wood is a naturally variable raw material; its variances are not within the furniture manufacturer's control and are therefore not considered defects under this warranty.
