Vox® Double Sided Forum

2025

Features

- Vox® Double Sided forum has a multi directional hinged lid for access on either side of the table. The Double sided forum sits flush with the table top. The lids is in the same finish as the work surface. A thin aluminum bezel lines the cutout in the table top and lid for added durability.
- The Double Sided Forum comes in a 4 module configuration. Modules are specified as either Power/ Charging, Data/AV, Split plates, or Retractors.
- Modules can be swapped out or moved if your Power or AV needs change.
- Power modules contain 3 simplexes or 2 simplexes and USB-A or USB-C charging. Power units are available with a pre-wired cord, hardwired feed or a Daisy chain feed.
- Data/AV plate contains 4 fittings. The individual fittings can be swapped out or the entire plate can be swapped out.

Finishes

Vox® Double Sided forum is made out of sturdy aluminum construction with a durable powder coated finish. The body is available in Black, Grey or White powder coat. The lid is matched to the veneer or laminate on the table top. Custom powder coat colors are available but may affect price and lead times.
