VOX[®] CONFERENCE

DUO, TRI, QUAD BASE TABLES

2026

Prices include freight charges, blanket wrapped, dock delivered, from the manufacturing source to any location in the contiguous United States. Packing and/or crating are available, if required, upcharges apply.

HOW TO ORDER VOX® CONFERENCE TABLES

Vox® Conference Tables- Designed for versatility and style, Vox tables are available in a wide range of shapes and sizes to complement any meeting space. Standard heights are 28½" or 29", and the collection can be customized to meet unique requirements. For assistance, contact your local Nienkämper Sales Representative or Customer Service at **800.668.9318**.

SELECT SHAPE

Use the table of contents, or simply flip through the Conference Tables section of the Planning Guide to select a table shape that is suitable. To help find a shape, a small outline of the top is provided in the upper corner of each page.

SELECT BASE OPTION

There are seven distinct base designs for each table shape that offer both aesthetic and functional benefits. Each base design is listed by model number for every top shape with options and choices for base finishes. For the Duo, Tri, Quad, Access, Tower and Drum Bases, a wood or plastic laminate finish must be selected, see page 8-11. If not specified otherwise, base finish will match top finish. Pages 17-23 illustrates the features of each base in detail and describes how wiring is accommodated.

SELECT SIZE AND MODEL NUMBER

L"	x	D"	Suggested Seating Capacity*	Top Finish	Top Sections	Model Number
120		42	8 - 10		2	51309/

Select the table size, from as small as 72" x 36" to as large as 240" x 84". Seating capacity is listed and can aid in determining the size required. Select a wood veneer or wood laminate option for your top.

SELECT EDGE PROFILE

Edge profiles can be specified for nearly any table shape. A small profile drawing appears at the top of each page, along with a two- or three-letter code indicating which edge profiles pair best with each top. Add this code to the end of the model number when specifying. For profile photos and scaled drawings, refer to page 13

SELECT VENEER AND FINISH

If a wood veneer top was chosen, a species and finish must be selected. Page 8 describes all wood veneer options.

SELECT LAMINATE

If a laminate top is preferred, Nienkämper offers a variety of wood grain and solid color laminates to choose from. Refer to pages 9-11 for a complete listing as well as instructions for customer specified laminates. Wood edges on wood grain laminate tops are selected to most closely resemble both the species and color of the laminate. Facet and Taper edge profiles are available with laminate tops.

ALUMINUM FINISH

Aluminum finishes must be specified for T-Base, Duo style bases, Access Base trim (if applicable), Forums and Accessories.

SELECT FORUMS (POWER / CONNECTIVITY SOLUTION)

Vox® Forums provide a large variety of options for simple to complex connectivity requirements. Pages 216-245 describe these products and their features. Pages 219-221 show Vox Forum placement along the table top for all sizes of tops. Anodized aluminum finishes are listed on page 12.

Power Troughs or Power Drawers can be added to most Vox® Conference Tables providing a full range of Connectivity and Power solutions. Details can be found on pages 246-263.

For further information on Forums, Power Edge, Power Trough and Power Drawer please contact Customer Service at **800.668.9318**.

SELECT ACCESSORIES

A range of accessories can be specified that will enhance the performance of your Vox® Conference table. All products that relate to wire management can be found on pages 264-277. Accessories, such as table pads and coasters, are also in this section.

VENEERS

All wood surfaces are protected with a durable polyurethane clear lacquer with UV inhibitor. This finish is known for its exceptional durability, as well as abrasion, chemical, impact and scratch resistance. Standard sheen level is 45 degrees. Optional matte, 5, 10 and 35 degree sheen levels are available on request at no additional cost.

VENEER GRAIN OPTIONS

Nienkämper products utilize the best quality veneers available, and, combined with Nienkämper's patented veneering systems, create work environments of incredible quality and beauty.

All veneer furniture comes standard with flat cut book-match veneer; flat cut slip-match veneer can also be specified. Quarter cut slip-match and quarter cut book-match veneers are available at a 5% upcharge. Figured Anagre and Figured Sycamore veneers are Quarter cut book-matched. Bird's Eye Maple and Curly Maple are rotary cut. Facet Edge, Taper edge, Flowform, Camber and Self edge tops with veneer are manufactured with a solid wood edge. All edges are then veneer wrapped to create a seamless profile top.

P-LAM

Wood grain plastic laminate surfaces are available on table tops with Facet, Taper and Self edges.

These tops are manufactured with a solid wood edge that is applied prior to the laminate top surface. This method conceals the thickness of the wood edge, while providing the durability required. Wood edges are selected that most closely resemble both the species and the color of the laminate chosen

Nienkämper has pre-selected a number of standard wood grain plastic laminates that represent a cross section of both color and species. Simply include the order code with the model number to make these selections. Alternatively wood grain plastic laminates selected outside of Nienkämper's standard selection can be made by specifying the manufacturer as well as the description and model number of the laminate at the time of order.

Wood Grain Plastic Laminate Surfaces	Order Code	Manufacturer #	Finish
Hardrock Maple	WL2	Pionite WM791-SD	Textured/Suede
Monticello Maple	WL5	Wilsonart 7925-38	Fine Velvet Texture
Fusion Maple	WL13	Wilsonart 7909-60	Matte
New Age Oak	WL14	Wilsonart 7938-38	Fine Velvet Texture
Wild Cherry	WL18	Wilsonart 7054-60	Matte
River Cherry	WL19	Wilsonart 7937-38	Fine Velvet Texture
Montana Walnut	WL20	Wilsonart 7110T-78	Fine Grain
Skyline Walnut	WL26	Wilsonart 7964K-12	Soft Grain
Continental Walnut	WL-29	Wilsonart 8232K-05	Timbergrain
Neo Walnut	WL-30	Wilsonart 7991-38	Fine Velvet Texture
Walnut Heights	WL-31	Wilsonart 7965K-12	Soft Grain
Grayed Oak	WL-32	Formica 5791-PG	Pure Grain Texture

Smoky Brown Pear	WL-39	Formica 5488-26	Oiled Wood
Studio Teak	WL-40	Wilsonart 7960K-18	Linearity
Fawn Cypress	WL-41	Wilsonart 8208K-16	Casual Rustic
Landmark Wood	WL-42	Wilsonart 7981K-12	Soft Grain
Natural Cerise	WL-43	Formica 8863-58	Matte
Natural Recon	WL-44	Wilsonart 7996-38	Fine Velvet Texture
Pecan Woodline	WL-45	Formica 5883-58	Matte

To specify the wood grain laminate required simply add the Order Code WL_ to the model number of the product.

Samples and specific technical data is available from your local sales representative or by contacting Nienkämper's Customer Service department at **800.668.9318**.

P-LAM

COLORED P-LAM

Both Taper and Self edge profiles are available with a colored laminate top.

Laminate edging on Taper tops. Edging will match the top surface and is applied before the surface laminate. By applying the laminate in this way, the seam is positioned horizontally, which makes it much less conspicuous and more durable.

Wood edging on Self and Taper Edge tops are applied before the laminate. By applying the wood edge in this way, the wood edge thickness is concealed, while providing the durability required. Wood species and finishes for edging can be selected from page 8.

For laminates specified outside of Nienkämper's standard selection, specify the manufacturer as well as the description and model number of the laminate selected at the time of order. For Facet edge tops, the laminate must be a post-forming grade.

Translucent edging on Self and Taper edge tops is applied after the surface laminate. The translucent edge is very durable. Clear translucent edge provides a good match with most white-colored laminates, while a silver translucent edge provides a metallic look and contrast to colored plastic laminates.

P-Lam top & Self edge

Add the order code behind the edge profile when specifying.

P-LAM

FINGERPRINT RESISTANT P-LAM

Fingerprint Resistant Plastic Laminate is an innovative material created for interior design applications and is suitable for both vertical and horizontal interior applications on our Nienkämper furniture.

The external surface of Fingerprint Resistant Plastic Laminate involves the use of nanotechnology made possible by next generation acrylic resins.

The unique composition offers extraordinary features coupled with a unique user experience. These include an ultra matte surface (eliminating glare), an ultra sofa feel, an anti-fingerprint surface, thermal healing of micro-scratches, increased durability as well as anti-bacterial and mold-resistant properties.

Edgeband matching all Fingerprint Resistant Plastic Laminate colors is only available when specifying a Taper edge. For Self edge tops 1" and 1 1/4" thick, matching edgeband are only available in Black (RL-01) and White (RL-03). When a matching edgeband is not available, the specified surface laminate is used on the edge. **Contact Customer Service for more details 800.668-9318.**

There is a 20% upcharge on our standard plastic laminate table pricing for Fingerprint Resistant Plastic Laminate.

EDGE DETAILS - CONFERENCE TABLES

Conference tables with tops that are 1 ¼" thick have 5 edge profiles to choose from.

To select:

Facet Edge add "FC" after the table model number

Taper Edge add "TE" after the table model number

Flowform Edge add "FF" after the table model number

Camber Edge add "CE" after the table model number

Self Edge add "SE" or "SE-P" (exposed plywood edge) after the table model number

Flowform Edge and Camber Edge require a 5% upcharge

Flowform and Camber edged tops are veneer-wrapped, and are not available with plastic laminate

- Rectangle shape, Boat shape, Vista shape and Congress shape tops specified with a Flowform Edge have this edge profile on two sides only, with self edges on the two ends of the top.
- All conference table tops are 1 ¼" thick, edges are manufactured with a profiled solid wood edge.
- Camber edge is standard with an 8" radius corner feature on rectangle, boat, square, and vista shaped tops.

SPECIAL TOP OPTIONS – VOX® CONFERENCE TABLES

A range of special top options are available for creating unique tables. By adding reveals, stain and veneer combinations personalizing your Vox® conference table has never been easier. Four examples are shown that can be easily included in any of our standard conference tables. Simply specify the option you prefer and Nienkämper's customer service department (**call 800.668.9318**) can provide you with a quotation based on the model of table selected. They will also be happy to help you if a custom combination of veneer and finishes are required.

Option A

Flat cut, Book-matched veneer, Natural finish, 1/4" polished aluminum reveal.

Option B

Flat cut, Book-matched veneer, Natural finish edge, stained center, 1/4" polished aluminum reveal.

Option C

Flat cut, Book-matched veneer (veneer pattern as shown), stained edge, natural finish center, 1/4" polished aluminum reveal.

Option D

Rift cut, Book-matched veneer, Natural finish edge, stained center, 1/4" polished aluminum reveal.

BASE STYLE OPTIONS – VOX® CONFERENCE TABLES

Base Designs

Vox® conference tables offer seven distinct base designs, each combining aesthetic appeal with functional benefits. These base options are available for most top shapes and include a variety of finish choices. All bases are listed by model number for easy reference.

To assist with selection, pages 17-23 provide detailed illustrations and descriptions of each base design along with their wiring capacity.

Vox® Duo Base

The Duo, Tri and Quad base provide ample capacity for storing cabling inside the leg. Available in a range of veneers and stains and anodized finishes.

Vox® Access Base

These bases are designed to manage and conceal cabling while hiding core drills and floor-mounted receptacles for a clean, streamlined look. Available in veneer and plastic laminate with or without aluminum trim—select by model number.

Vox® Tower Base

With a distinctive shape, these bases are designed to manage wiring and conceal core drills and floor-mounted receptacles, while providing generous internal space for cable routing. Available in veneer and plastic laminate. Select by model number.

Vox® Drum Base

Available in 2 styles, Half Drum (shown) or Full Drum bases, both designed to provide generous space for tables with extensive cabling and power needs. The wiring and power cavity is easily accessible—remove the straight panel for the Half Drum style or a section of the base for Full Drum models. Available in various veneers, stains and plastic laminates. Selection is based on model number.

BASE OPTIONS – VOX® CONFERENCE TABLES

Vox® T-Leg Base

The vertical section of the T-Leg base features an integrated channel designed to manage excess cabling and route wires to and from the floor. Available in anodized or polished aluminum — selection determined by model number.

Vox® Taper Base

The very thin profile of the Taper base design is ideal for maximizing space under a table. Available in polished aluminum or silver paint – Select by model number.

Vox® LCS Base

The LCS effortlessly transitions from sitting to standing height at the push of a button. Cabling is concealed within the Neather wrapped base. Also available as a fixed height. – Select by model number.

VOX® DUO, TRI, QUAD BASE INTERIOR CLEARANCES

Duo, Tri and Quad Base - These bases provide generous capacity for storing cabling inside the leg, and concealing core drills or floor mounted receptacles. It is possible to position a floor monument directly under a Duo, Tri or Quad base. Refer to the interior clearance dimensions of each base listed. Bases consist of vertical aluminum legs and thin flexible panels which are compressed into curves then eased – without tools – into the legs. Concealed within the base and connecting the vertical legs together is a panel designed to allow excess wire to be wrapped for storage. Flexible panels are available in wood veneer or plastic laminate surfaces while vertical legs are available in Silver, Champagne, Light Bronze, Bronze or Black anodized aluminum finishes. Detailed drawings for all standard Vox tables, including base locations, can be downloaded from www.nienkamper.com

MODESTY PANEL OPTIONS

FOR OPEN VISTA™, ARENA™ AND CONGRESS™ SHAPED CONFERENCE TABLES

Vox Open Vista, Arena and Congress shaped tables are standard with Duo, Taper or T-Bases, but are also available with Access or Tower bases. Contact your local Sales Representative or the Nienkämper Customer Service Department at **800.668.9318** for more information and pricing.

No Modesty Panel is required when ordering conference tables with Duo, Access, Tower or T-bases. However, it is strongly recommended that modesty panels be included if Vox Forums are specified, so that wire management and cabling will be completely concealed.

Taper bases are not available without a Partial (6"H) modesty panel.

Full Wood Modesty Panels can be specified on both straight and curved tops and are available with Duo bases. Full panel modesty panels are only available with straight tops for Access and Tower Bases. The panel is ¾" thick and is attached to the vertical aluminum leg section of the base. The veneer and finish match the top with the grain running vertically. Wire management is standard and attaches to the underside of the top.

Full Wood Modesty Panels not available for T-Leg or Taper Base.

Partial Wood Modesty Panels can be specified on both straight and curved tops, and represent the most economical choice for concealment of cabling.

The panel is positioned in front of the bases and forms a continuous ¾" thick by 6" high skirt on the interior edge of the table.

A ¾" gap at the top of the panel provides wire access anywhere along the edge of the top. The gap is concealed from the back with a flexible black rubber strip.

Wire management is standard and attaches to the underside of the top.

Aluminum Modesty Panels can be specified on straight-sided tops. The 6" high clear aluminum modesty panel is hinged and can be opened by simply pulling outwards from the top edge.

In its closed position a ¾" gap between the top of the panel and the underside of the top provides an area for wires to pass and a finger hold for opening.

The opening of the panel is advantageous when managing wiring that may change regularly.

Wire management is standard and attaches to the underside of the top.

Wiring Vox Tables

The following information and illustrations outline cabling options from the floor to the Forums. These details are intended to clarify the characteristics of the various Vox® base designs and assist you in specifying your Vox® Table.

For additional support with cabling requirements, please contact the Nienkämper Customer Service Department at **800.668.9318**. Our team is available to help with planning and technical questions

DUO, TRI or QUAD BASES

The Vox® Duo, Tri and Quad Bases have flexible removable exterior panels that conveniently conceal cables. The centre support panel in this base style includes a cut-out that provides a double cable wrap for storing excess cable. The overall footprint of the base provides a significant area at floor level to conceal cabling, core drills or floor monuments.

Duo, Tri and Quad Bases come in a variety of sizes, which are noted beside the model numbers of the Vox Tables. Specific dimensions and interior clearances for all base style and size are shown on pages 17-21.

Once cabling has been routed through the base to the underside of the top, it can be channeled and secured with Wire Management “U” Clips (supplied) which can be positioned along the length of the rail support system. Wire Management Strips are also provided, which can be adhered to the underside of the top as required.

When including a quantity of Vox® Forums to be hard-wired on site, the electrician should allow for one J-Box per Forum on the underside of the top to complete site-wiring.

Voice and data cabling can also be consolidated by mounting a Data Hub (provided by others) to the underside of the table.

TERMS AND CONDITIONS OF SALE

PRICES

All prices are list prices, freight included, blanket-wrapped, dock delivered, from the manufacturing source to any location in the contiguous United States.

Brokerage is paid by Nienkämper for product shipped to the United States.

Due to existing conditions in regard to cost of labor and materials, we reserve the right to change prices without notice.

TERMS

Net 30 days from date of invoice to accredited buyers. Two per cent (2%) interest charged monthly on overdue accounts. Deposit of 50% is required with order. Terms will be established upon credit evaluation. Due to delays in processing references, first orders may be treated as C.B.D. orders.

ORDER CONFIRMATION

Orders are accepted upon issuance of our order confirmation and are subject to the terms set forth therein; notwithstanding any variance from the terms of the buyer's order form.

Nienkämper is not liable for any delay or failure to deliver caused by labor or transportation difficulties, accidents, acts of God, failure of sources of supply, or other causes beyond our control, and changes will affect the delivery date.

CHANGE OF ORDERS OR CANCELLATIONS

Changes or cancellations are subject to our ability to conform. A charge will be levied against cancelled or changed orders based on costs already incurred by Nienkämper. All changes must be in writing and submitted on a revised purchase order. Changes will affect the delivery date.

STORAGE

If goods cannot be accepted when ready, we may transfer them to storage (which is to be deemed as delivery for invoice purposes). The customer accepts risks and will be charged at prevailing rates.

FREIGHT

Prices include freight charges, blanket-wrapped, dock delivered, from the manufacturing source to any location in the contiguous United States. Packing and/or crating are available, if required, upcharges apply.

CLAIMS

All furniture is given to the carrier and signed for in good condition. It is the responsibility of the receiver to sign for the goods in the presence of the carrier and note the condition in which they are received. Freight claims should be filed with the carrier.

WARRANTY

There are no express or implied warranties, conditions and obligations of the manufacturer, whether statutory or otherwise that extend beyond the description on the face hereof. Our furniture is made to the highest standard and is warranted free from defects of material and workmanship for five years from the date of delivery. During the warranty period we will repair or replace such merchandise as shall prove to be defective, during normal usage in accordance with manufacturer's specifications. The manufacturer shall not be liable for defect wholly attributable to normal manufacturing process. Replacement or repair of the Product shall be the sole remedy of the Customer, and the manufacturer shall not be liable for any direct, indirect, incidental, or consequential loss or damage suffered by the Customer by reason of any defect in workmanship or manufacture of the Product or inability to use the Product. Moreover, this warranty does not cover accidental damage, abuse, alteration, ordinary wear and tear of Goods, negligence and misuse nor variations over which we have no control such as heat or humidity or damage to which the Goods are connected that is not attributable to the failure of the goods themselves. This warranty is null and void when the product is installed with hardware other than that supplied and/or when installed differently than recommended in the installation guide. Modification to the product or hardware may result in failure of the product and cause damage and/or injury.

WOOD FINISHES

Nienkämper offers a wide variety of standard light finishes on cherry, mahogany and figured anagré wood veneers, and a clear natural finish on figured anagré, figured sycamore, maple, bird's eye maple and curly maple.

Light finishes do not mask the grain and other characteristics of each wood species. It is important to understand that pieces of the same type of wood will not look identical when a light finish is used. The appearance of the finish will also depend on the natural color of the veneer. Cherry darkens over time as the wood ages. Pin knots and gum pockets are inherent traits.

Wood is a naturally variable raw material; its variances are not within the furniture manufacturer's control and are therefore not considered defects under this warranty.
