

Axis Mesh Back

design: Nienkämper

Responsive Support for Focused Work

Axis Mesh Task Chair delivers responsive ergonomic support through a streamlined, architectural profile. A breathable mesh back and synchronized tilt system provide balanced comfort and natural movement throughout the workday. The eco-friendly Air Cushion seat structure is constructed without wood or glue and manufactured with zero formaldehyde emissions, supporting healthier indoor environments. Designed for long-term performance, Axis Mesh adapts naturally across workstations, private offices, and collaborative environments.
