Verde Leather

Available in 4 colors, this collection is organically tanned using a chrome-free process with a water-based semi-aniline finish. These improved techniques result in a more natural character, combined with a softer touch and brighter colors that are consistent from batch to batch.

VE60029 Parchment

VE60001 Black Night

VE60008 Graphite

VE60038 Indigo

Raw Material:	European Cow Hide
Thickness:	1.1-1.3 mm
Type:	Chrome-free tanned with a water-based semi-aniline finish. Full natural grain, excellent durability yet soft and pliable, suitable for public environments. Some visible healed scars add natural character to this leather.
Average Hide Size:	55 sq.ft.

*Semi-aniline is a type of leather finishing that uses a dye with a small amount of pigment and a light protective layer. This process gives the leather a more uniform color, hides some imperfections, and increases its durability and resistance to stains compared to pure aniline leather

Finish colors and textures shown are digital representations and may vary across screens, printers, and lighting conditions. To ensure complete satisfaction, we strongly recommend obtaining, a physical sample before placing your order.
