Raw Material:	European Cow Hide
Thickness:	1.1-1.3 mm
Type:	*Semi-aniline dyed.
Average Hide Size:	55 sq.ft.

*Semi-aniline is a type of leather finishing that uses a dye with a small amount of pigment and a light protective layer. This process gives the leather a more uniform color, hides some imperfections, and increases its durability and resistance to stains compared to pure aniline leather

Finish colors and textures shown are digital representations and may vary across screens, printers, and lighting conditions. To ensure complete satisfaction, we strongly recommend obtaining, a physical sample before placing your order.
