nienkämper

Finger Print Resistant Plastic Laminate

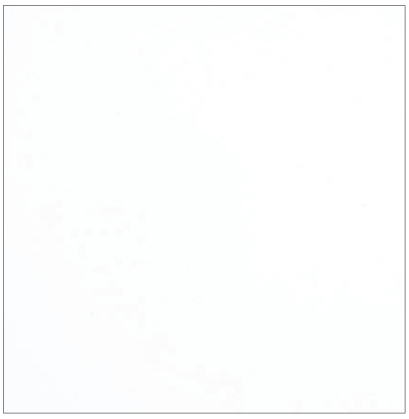

Nienkämper's Fingerprint Resistant Plastic Laminate (FPR) is designed for both vertical and horizontal interior applications. Featuring next-generation acrylic resin technology, this premium surface offers an ultra-matte, glare-free finish with a soft-touch feel. Its advanced properties include fingerprint resistance, thermal healing of micro-scratches, enhanced durability, and antibacterial and mold-resistant performance.

RL-01 Black

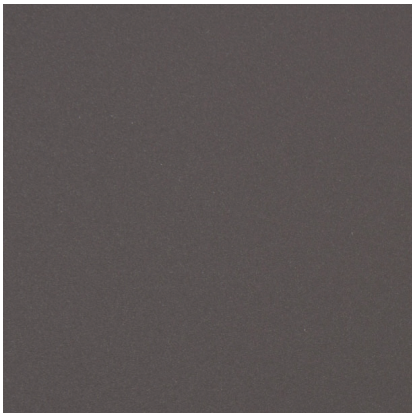

RL-02 Gray

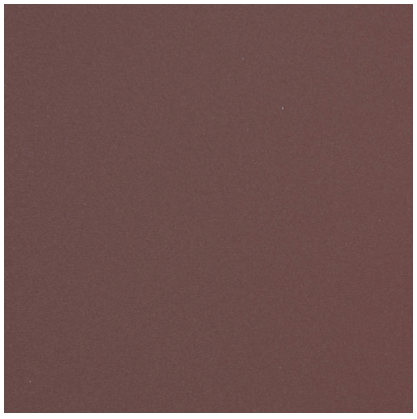

RL-03 White

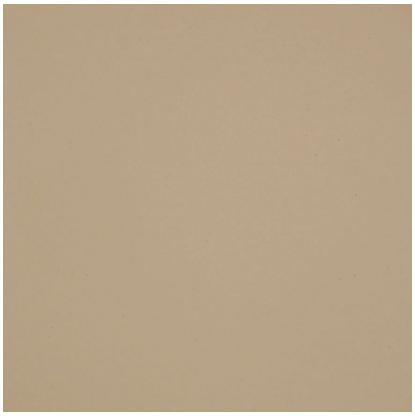

RL-04 Sand

RL-05 Brown

RL-06 Clay

RL-07 Beige

RL-08 Ash

RL-09 Smoke

Finish colors and textures shown are digital representations and may vary across screens, printers, and lighting conditions. To ensure complete satisfaction, we strongly recommend obtaining, a physical sample before placing your order.
