

# Number Explorer Missions

Hold up 4 fingers on one hand. How many fingers are folded down?

Fold down another finger. How many are left?

Keep going until only one is left.

## Play Together

Munchy maths! Why not practice adding and taking away with small snacks. Start with 1 and add one more, working out how many there are each time, until there are five. Then the really fun part - let your little one take one away each time by munching it. How many are left?

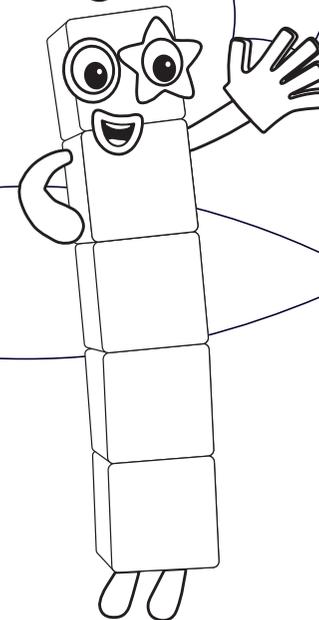

For your next mission, find the episode 'Holes'

# Holes

This mission belongs to

---

5

Oh look!  
A hole, so big  
and round!

Numbers to 5

Add and subtract  
away to 5

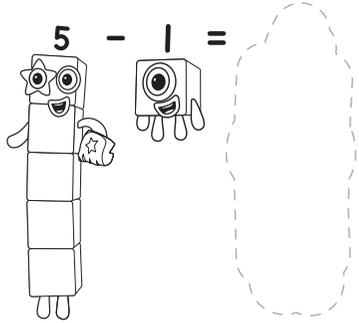

Holes

# Who is it?

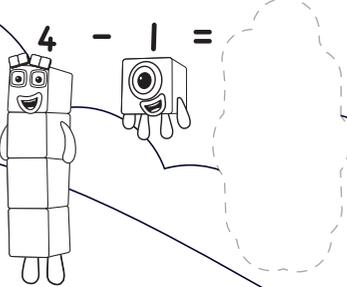

2

Use your cut-outs to answer with the right Numberblock.

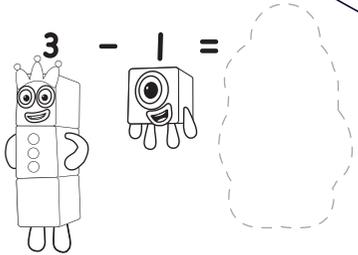

5 - 1 =

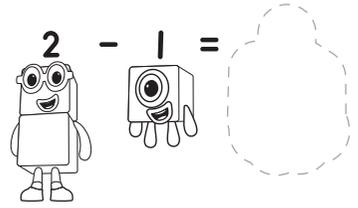

4 - 1 =

3 - 1 =

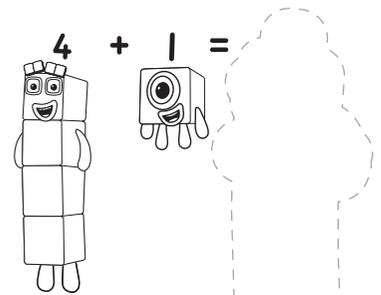

2 - 1 =

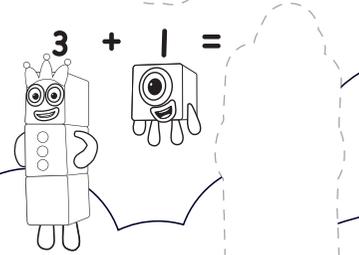

3

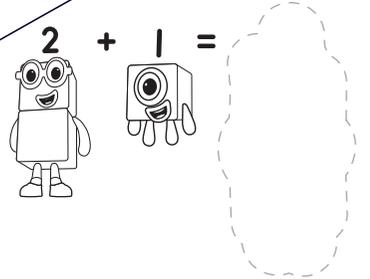

4 + 1 =

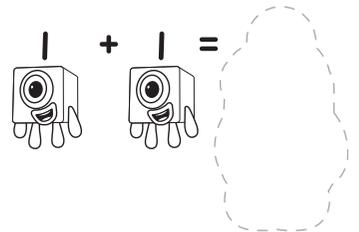

3 + 1 =

2 + 1 =

1 + 1 =

# Get ready!

Cut out these Numberblocks and use them to give your answers.
