

Number Explorer Missions

Hold up 5 fingers. How many more fingers do you need to get to 8?

Go back to 5 fingers. Try to get to 6, 7, 9 or 10

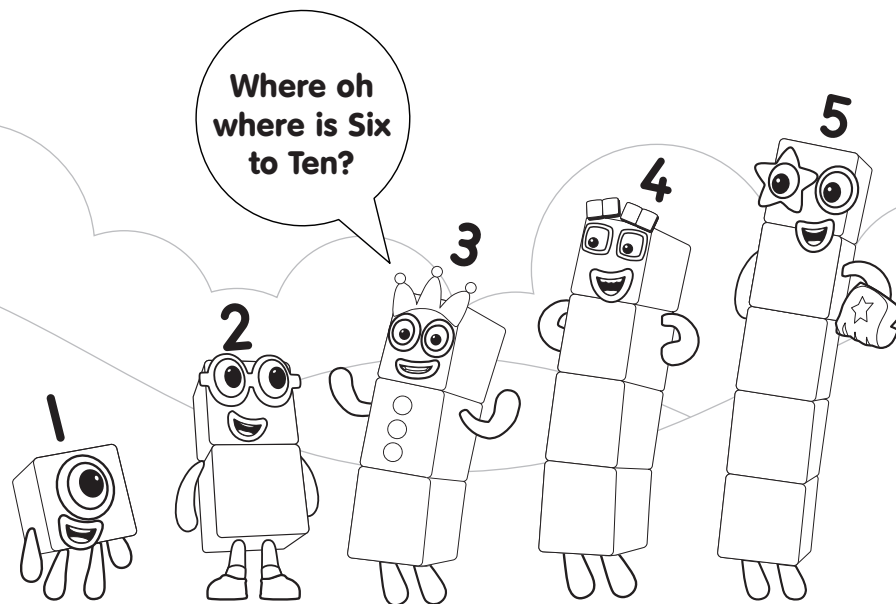

Play Together

Five and...? Find 10 toys or things around the house and use them to help your little learner make numbers to 10 with 5 and another number. Start with making 6! Gather 5 of your things and ask your little learner to help you get to 6 things (give them help if they need it) Once you have 6 things try again with another number!

For your next mission, find the episode 'Octoblock to the Rescue!'

Five and Friends

This mission belongs to _____

Numbers to 10

6 to 10 made from 5 and a 'bit'

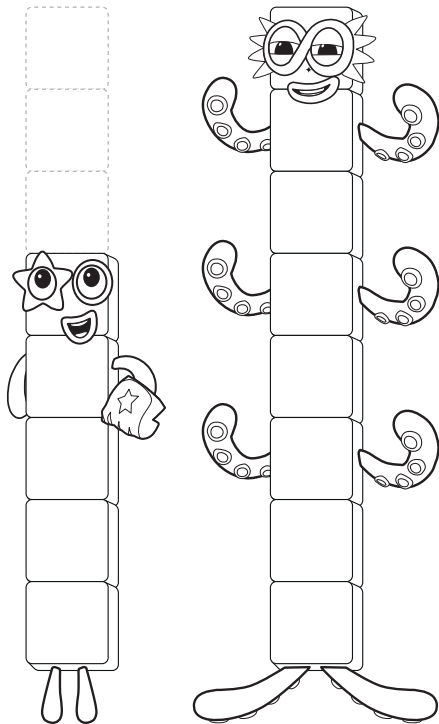

Five and Friends

Touch and count!

Help Five become Nine. How many blocks do they need?
Count them out loud!

Draw the blocks

Eight has split into Five and a bit! Eight is the same as Five and who else? Draw the blocks to find out!

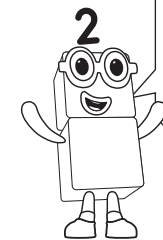

2

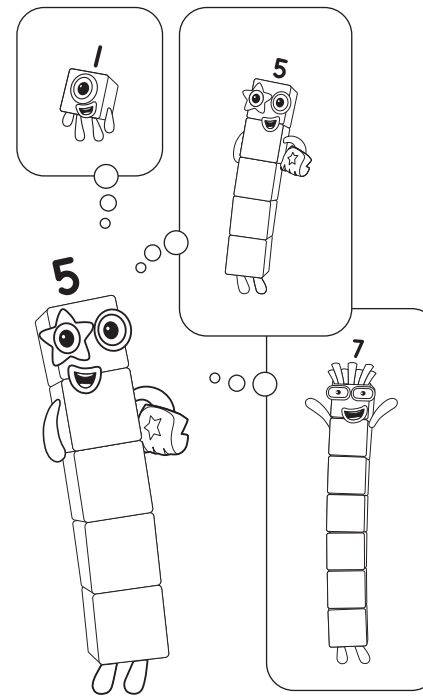

Who is it?

Who can help Five make Six?
Point to them.

Who can help Five make 10?
Say their name.

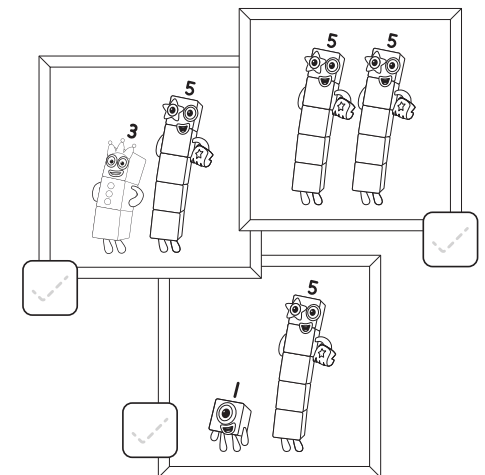

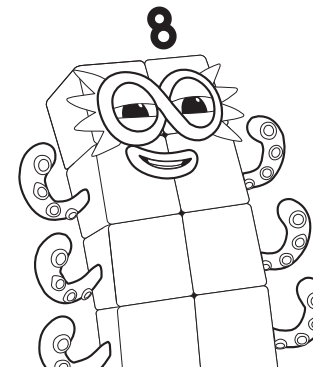

Bonus challenge!
Who can Five and Two make together?
