

# Number Explorer Missions

Try doing this pattern: jump, clap, jump, clap... What comes next?

Try this pattern: step, hop, step, step, hop, hop... What comes next? How far can you get?

Make your own pattern of moves! How far can you get with it? Challenge a grown up to guess your pattern.

## Play Together

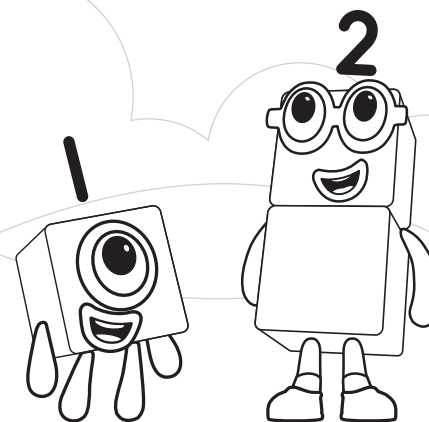

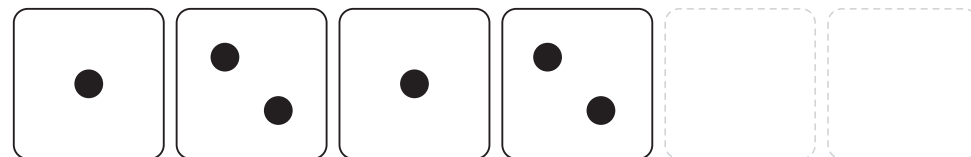

Pattern Puzzles. Make a pattern of shapes or colours on a piece of paper and challenge your little learner to finish it. Once your little learner is done, encourage them to try making a pattern for you to finish. How many different patterns can you make together?

For your next mission, find the episode 'The Legend of Big Tum'

# Pattern Palace

This mission belongs to \_\_\_\_\_

Can you finish the pattern?  
Draw in the dotty blocks!

Numbers to 10

Pattern

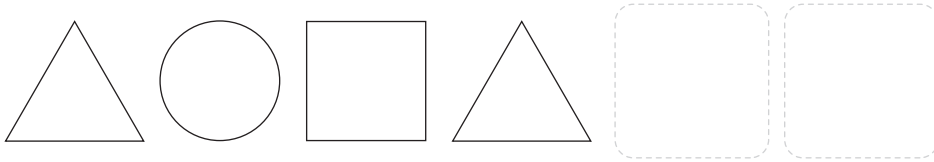

Pattern Palace

# Say the Pattern!

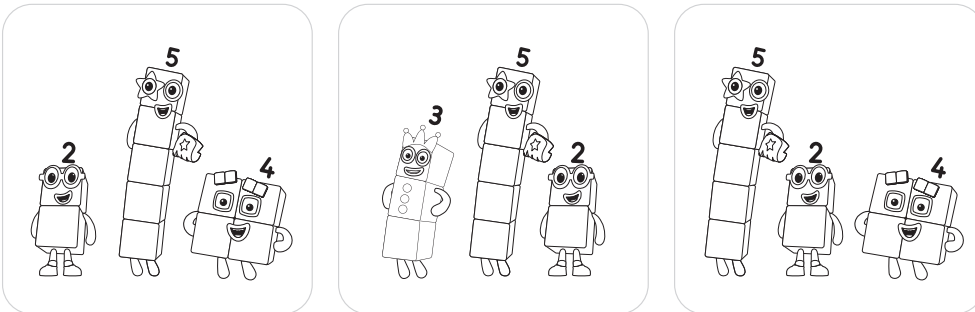

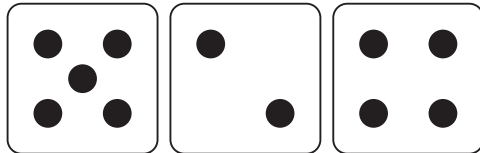

2

Look at the shapes. What is the pattern?  
Shout it out!

Who is it?

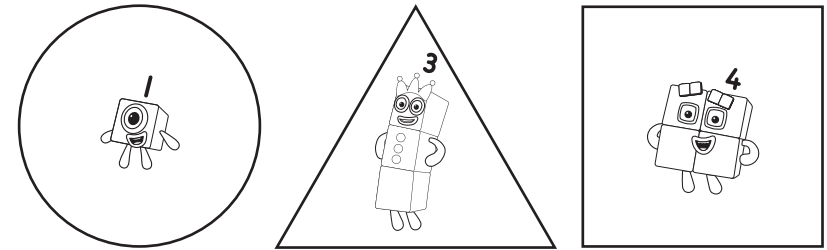

Look at the pattern. Say the pattern out loud  
and point to the Numberblocks in the same  
order. Top tip: count the dots!

# Draw the Pattern!

3

Look at the Numberblocks. Can you see the pattern  
they are in? Try drawing the pattern in the boxes!

Finish the Patterns!
