

# Number Explorer Missions

**Climb 15 steps**

**Look for places with steps when you are out and about. How many steps can you count?**

**Hold up 10 fingers. How many more do you need to make 15? Ask a grownup if you can carry on counting with their fingers or use your toes!**

**Look for Fifteen's Numberling when you are out**

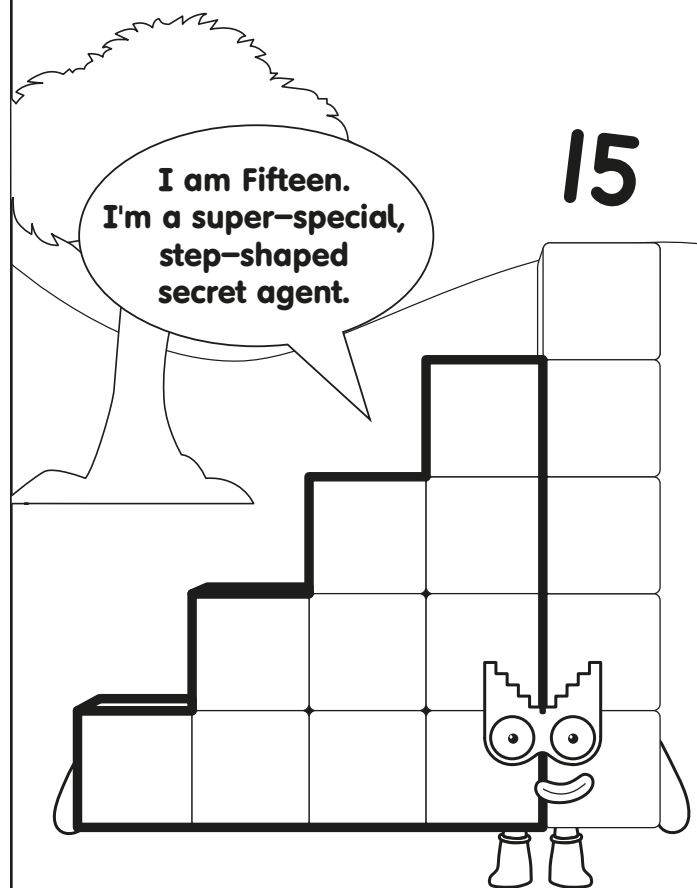

## Play Together

Find your extra sheet to play! Cut out Numberblock Fifteen and reassemble her in his step shape. Walk your fingers up the steps and count them to rescue One's balloon!
