

# Number Explorer Missions

Create a 17 picture for your wall. You could draw or stick on 17 things!

Can you spot 17 colourful things when you are out and about?

Can you hop 17 times?

Look for Seventeen's Numberling when you are out exploring.

## Play Together

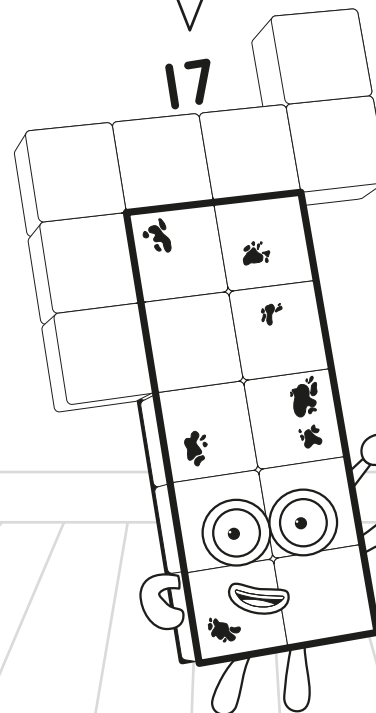

Matching game! Cut out the cards on the extra sheets and lay them all face down. Take it in turns to turn over two cards. You want to find a Numberblock and a card with the same number of objects. If you turn over two cards that go together, you can keep the pair. Otherwise, turn them back over and try to remember where they are. Keep going until there are no cards left. The player with the most cards wins.
