

Number Explorer Missions

**Look at all your fingers and toes.
How many are there? How do you know?**

**Draw your own friendly Twangle
with 20 monster legs!**

**March around, counting up to 20.
"1, 2, 3, 4, 5..."
Can you try in twos? "2, 4, 6, 8..."**

**Try walking backwards, counting down
from 20. "20, 19, 18..."
Be careful not to bump into anything!**

Play Together

Twenty Friends! Cut out the Numberblocks and see what you can do... Can you position them in order from One to Twenty? How about using them to count up in Twos or Fours? Why not order them from Twenty down to One? They're yours, so use them to have some fun!

For your next mission, find the episode 'The Heist'

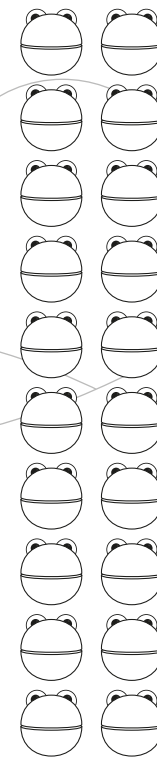

I Can Count to Twenty

_____ can count to 20!

Can you count and colour all the Numberblobs?

**We can
count to
Twenty!**

Numbers to 20

Counting to 20

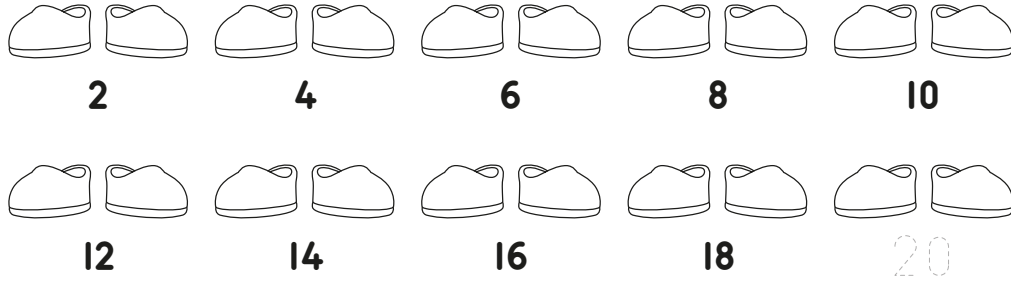

**I Can Count to
Twenty**

Touch and count!

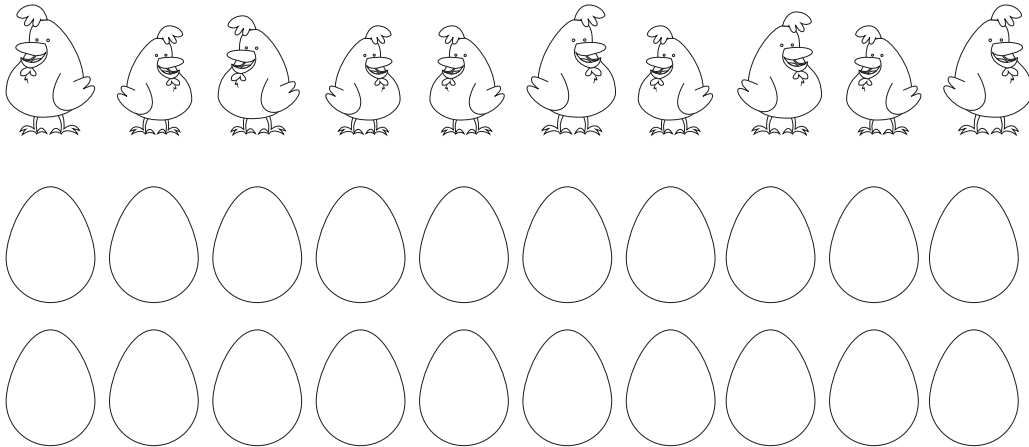

2

Can you count the dancing shoes?
Look at the numbers. What do you notice?

Hatching chicks!

Each hen lays 2 eggs. Cut out the chicks on the extra sheet and count how many hatched!

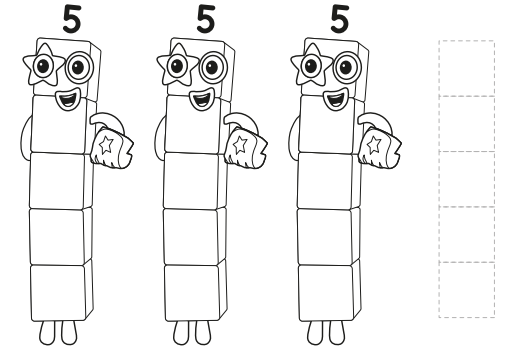

Glue the chicks on the eggs to hatch them

Count and draw!

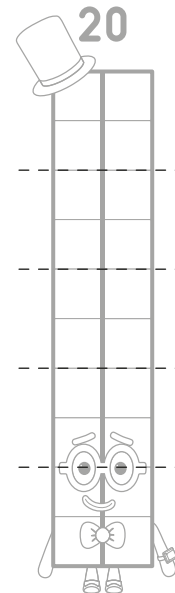

3

Look at the Fives. How many blocks are there altogether?. How many more fives do you need to make Twenty? Draw the blocks!

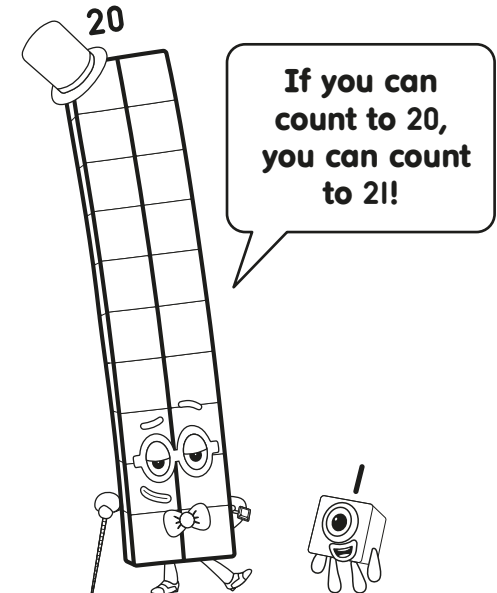

Split it up!

Draw lines to split Twenty into Fours! How many Fours can you get?

Who is it?

What is one more than Twenty? Shout it out!

Twenty friends!
