

Number Explorer Missions

Try making the times sign with 2 sticks!

Find 8 things and split them into piles of 2. How many piles do you have? How many in each pile? How many altogether?

Draw 3 pairs of aliens. How many pairs are there? How many aliens in each pair? How many altogether?

Find 3 pairs of things. Try saying how many altogether as fast as you can!

Play Together

Altogether! Cut out all the Numberblock Ones. Call out sets of blocks (e.g. five lots of three) and challenge your little learner to make them. Can they tell you how many there are altogether?

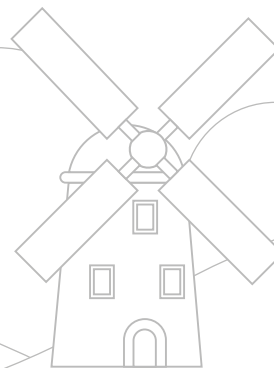

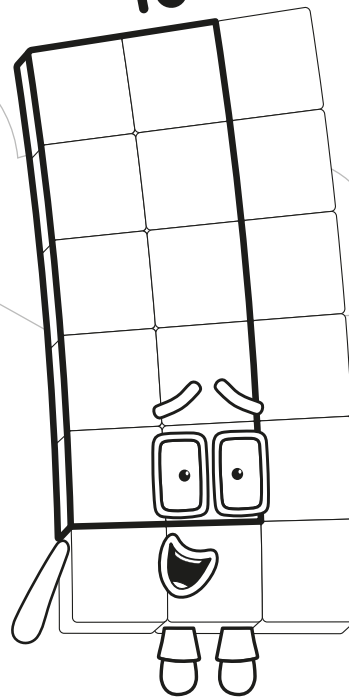

For your next mission, find the episode 'Fun Times Fair'

Sign of the Times

This mission belongs to _____

Eighteen has found a special sign.
Can you trace it with your finger?

18

Numbers to 20

Multiplication

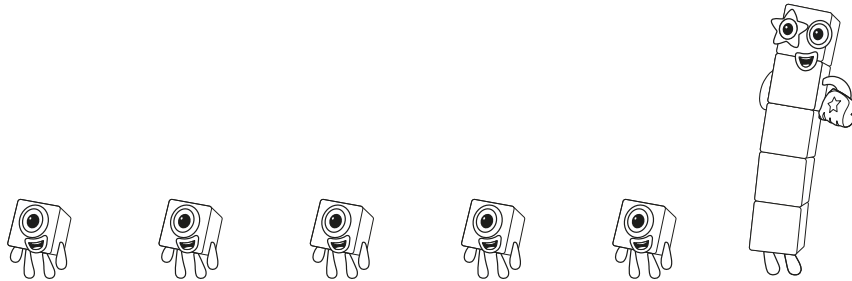

Sign of the Times

Figure it out!

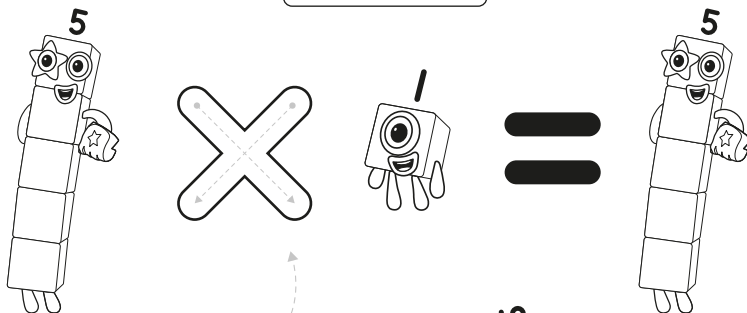

2

$$1 + 1 + 1 + 1 + 1 = 5$$

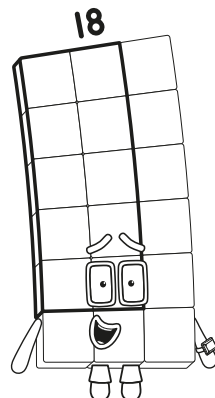

How many ones add up to 5? Count them?

So $5 \times 1 = 5$

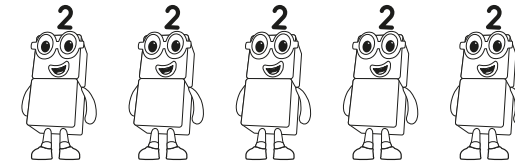

Draw the times sign!

It's much faster than adding lots of numbers!

Two times!

3

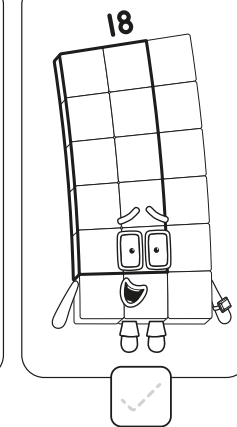

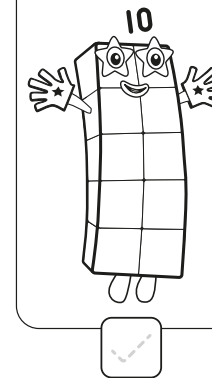

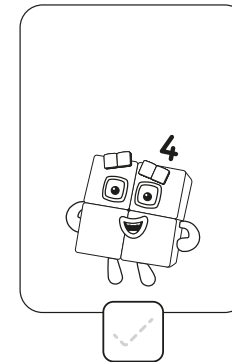

How many twos are there?

Which Numberblock is the same as 5 Twos?

Draw a tick!

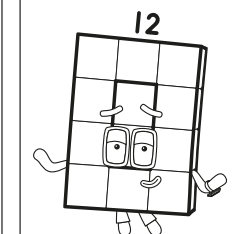

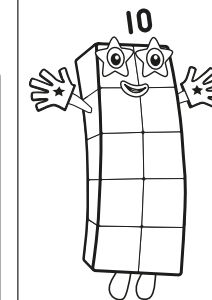

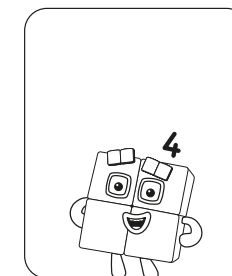

$$5 \times 2 = ?$$

Which Numberblock is the same as 6 Twos?

Circle them!

$$6 \times 2 = ?$$

Altogether!
