Number Explorer Missions

Look for Twenty-Six's Numberling when you are out and about. Can you draw where you found it?

Colour if you've done it

Make a pile of 26 things. Can you split them into 2 equal piles? How many do you have in each pile?

Colour if you've done it

Can you split twenty hops fairly between your two legs?

Colour if you've done it

Ask a grown-up to join you. Can you split twenty hops fairly between all four legs? How many times does each leg hop?

Colour if you've done it

Play Together

Under Cover Numbers Game. Can you find smaller numbers hiding inside bigger ones? Cut out the Numberblocks on the extra sheet and find 26 small blocks or pieces of pasta. Pop the Numberblocks in a pile face down and take it in turns to pick one up. If you pick up Numberblock 18, pick up 18 blocks/pieces of pasta, and so on. Work with your little learner to split each number into equal groups. 18 can split into two nines, three sixes, six threes and nine twos. How many different ways can you split each number?
