

Number Explorer Missions

Try drawing One Hundred's Numberling. What makes it different from all the other Numberlings?

Try to get to 100, counting ten at a time. "10, 20, 30..." What comes next?

Give a grownup 20 high fives.

Take 100 steps, counting One for each step.

Play Together

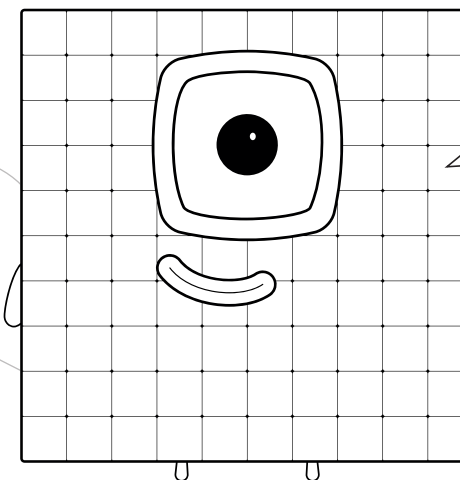

One Hundred Grid! Get two different coloured pencils or crayons and a six-sided dice. Take turns rolling the dice and colouring in that number of squares on the grid. See how many squares you can colour with your colour.

For your next mission, find the episode 'One Thousand and One'

One Hundred

This mission belongs to _____

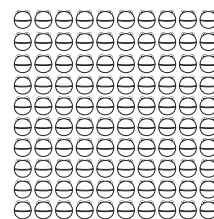

100
