

Number Explorer Missions

Give a grownup 10 high-fives, counting in fives as you go. Can you get all the way to 50?

Try writing the Numberlings from the five times table. Can you write all of them to 50?

Draw a star with five points. Now draw another. How many points is that altogether? Keep going until you have 10 stars. How many points is that?

Use your Numberblock Fives to try counting backwards in fives. Start with 50, can you get all the way back to five?

Play Together

Build it up. Find the extra sheet with the Times Tables on it. Put Fives on each of the Five Times Tables. Now add up how many blocks each Times Table has.

Bonus. What comes next in the pattern? Use your Fives to work it out!

For your next mission, find the episode 'One Giant Step Squad'

Sky High Fives

This mission belongs to _____
