

Number Explorer Missions

Find the Numberblock cut outs on your extra sheet. Ask your grown up to look at the Super Booster grid in this booklet and shout out two numbers, for example 2 by 4 blocks! Your mission is to find a Numberblock that fits those dimensions, like Eight.

Make the Fifteen mask on the extra sheet. It's time to go on a Step Squad mission around your home. Can you sneak into your room and make your bed? Or perhaps you can put all your toys away without your grown-up seeing it? Hush, hush

Use some toy blocks to see how the Numberblocks can switch and still be the same number. You might place two blocks across and three blocks down - that's six! Now try three blocks across and two down - that's still six!

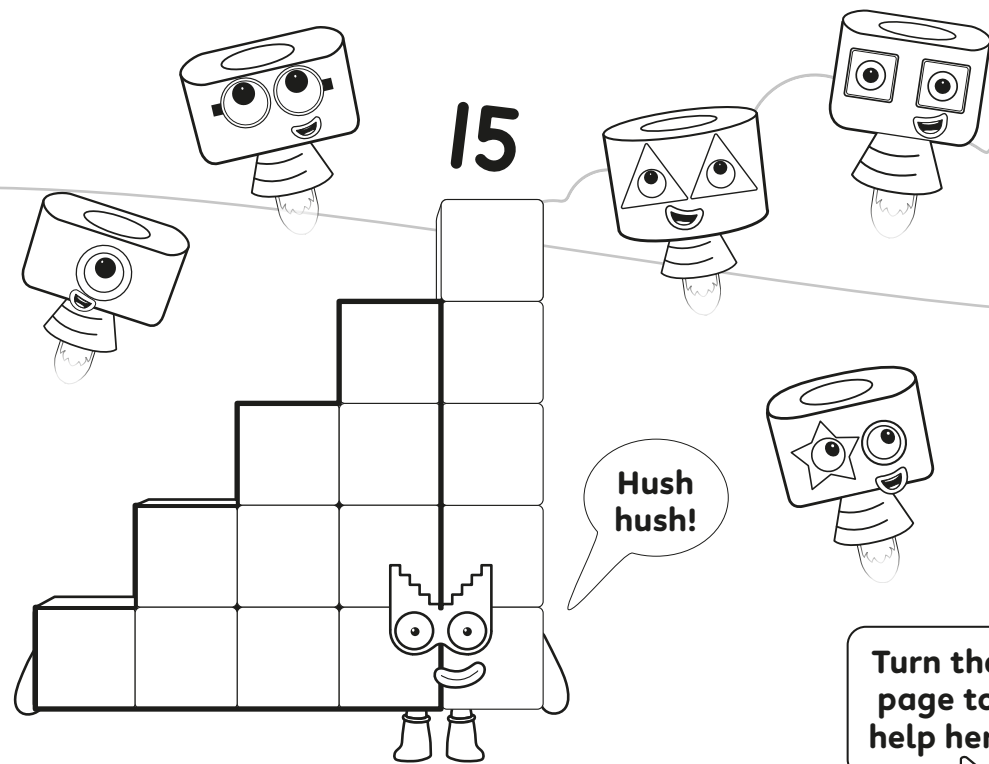

For your next mission, find the episode 'Friendly Fours' Beach Day'
