Can you think of more words that have 'ow' in them? You could start by thinking of words that start with 'snow'!

Crouch down as small as you can, then say 'g-r-ow' and stretch yourself up as high as you can!

Can you remember what fun things the Alphablocks did in the snow? Look through your booklet and tell the story.

Put on a show with the snowman on your extra sheet. You could try a slow show and make him move slowly, or stick cotton wool onto the stage for a snow show!

Well done!
