What do you get if you take the s sounds off other words? Try with stick, stack and slot!

Can you spot things around your home that begin with s?

Ask your grown-up to say some words that begin with s, without making the s sound. Can you say them with the s sound?

When you've completed your activity sheet, find your S cut-out and slide her along the trails. Say all the s sounds you spot along the way!
