

# Alphablocks Explorer

Jog on the spot and say j-j-j!

How many times can you hop on one leg? Then try the other leg. Can you do more hops or less?

Look for lots of different signs when you're out and about. Have a go at making the sounds you see!

Find all the bits on your extra sheet. When you've coloured them in and cut them out, place them around the room and jog around the course like J and G!

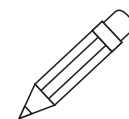

## Well done!
