

? ? I wonder.. ? ?

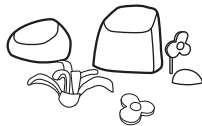

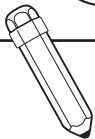

Why not go on your own field trip with your grown-up? Use the directions forward, backwards, left and right to get you there!

Use cushions and blankets to make your own obstacle course. Can you and your grown-up guide each other through it using The Moving Crew?

Find the snip-outs on your extra sheet and create your own obstacle course across the muddy river. Can you use Go, Stop and The Moving Crew to help Arty and the Little Hoppers hop across? Remember, it might help to draw a plan. We've given you space to do this below!

He would get muddy!

He would find a cake!

What do you think would happen if Arty went forward, right, forward, forward?

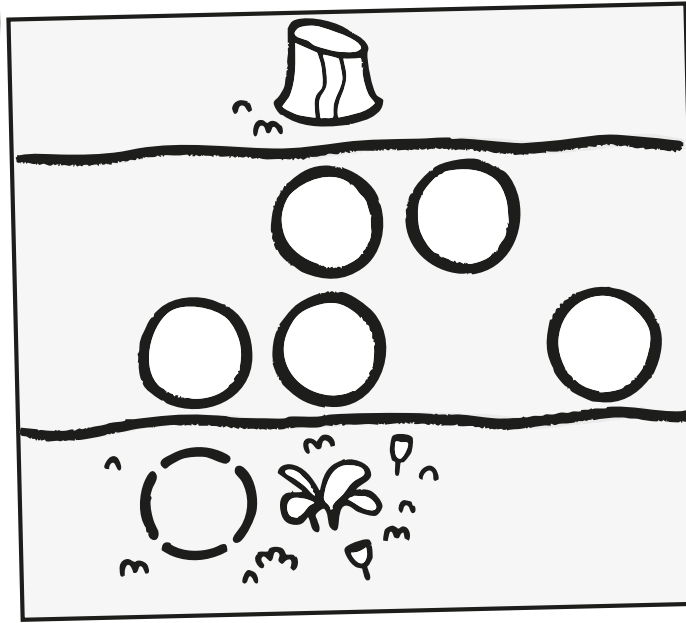

He would climb up a tree!

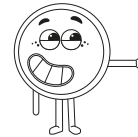

There's a tree stump in the way!
