Plan a pattern with three colours on the first row, then colour the next rows with the same pattern.

Go on a pattern finding mission around your home with your grown-up. You could take photos and make a collage with them, and then have an art show!

Snip out the Do Blocks on your extra sheet. Put Go first, then lay out the correct Do Blocks to make your own pattern. When it's ready put Stop at the end. Then colour in the grid with your pattern.

Well done!
