

# Colour Explorer Missions

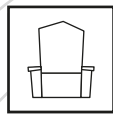

Can you point to something red and point to something blue? What will you spot first?

See if you can dress yourself in all red clothes, or all blue! Extra explorer points if you can dress in both red and blue clothes.

When you are out and about, look out for any red or blue buses. Shout if you see one!

Can you make a delicious bowl of fruit salad with your grown-up? Fill it with blueberries and red berries. As you eat each berry, say the colour!

## Play Together

1. Colour the blueberries blue and the strawberries red, then cut them out.
2. Pick a colour, blue or red, and hold those 5 berries.
3. Race to find things that are your colour. If you've picked red, run and pop a strawberry on 5 red things. The other person has to do the same with their blueberries.
4. As soon as you have done them all, shout, "berry brilliant!"
