

Colour Explorer Missions

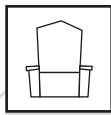

With your grown-up, fill a bowl of water. Find a towel and dip it halfway into the water. Can you see the colour getting darker? Try with other things too, like a wooden spoon, a pebble or a cardboard tube.

Make your own magic show, just like Green. Find a soft toy to pop in a hat. Pull it out and say 'ta-daaa!'

Can you spot darker and lighter colours in your home? Point to them and say 'That's light green' or 'That's dark blue'.

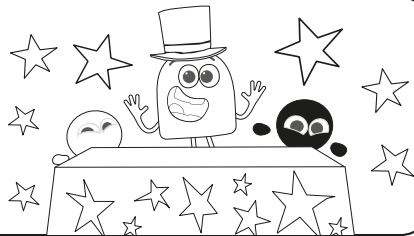

Make a floral headband to wear. Pick one colour and mix with black or white, and doodle flowers using the paints. Then snip them out and glue them to a long strip of card. Fasten it around your head.

Cut out and wear your special badge!

I did magic with the Colourblocks!

For your next mission, find the episode 'Pink'

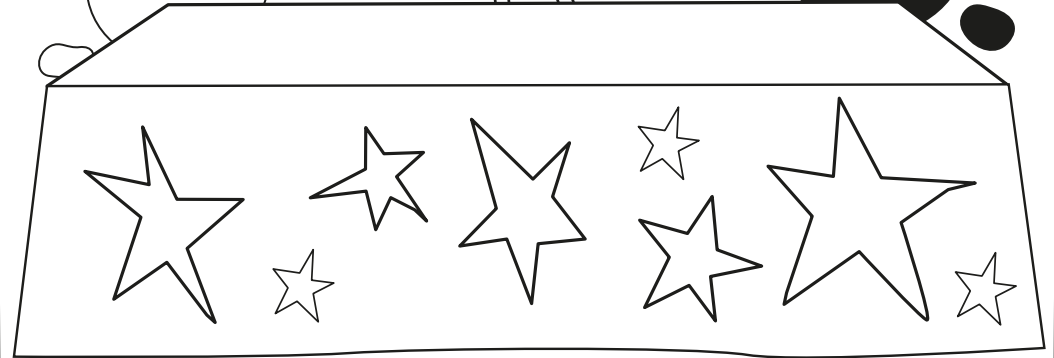

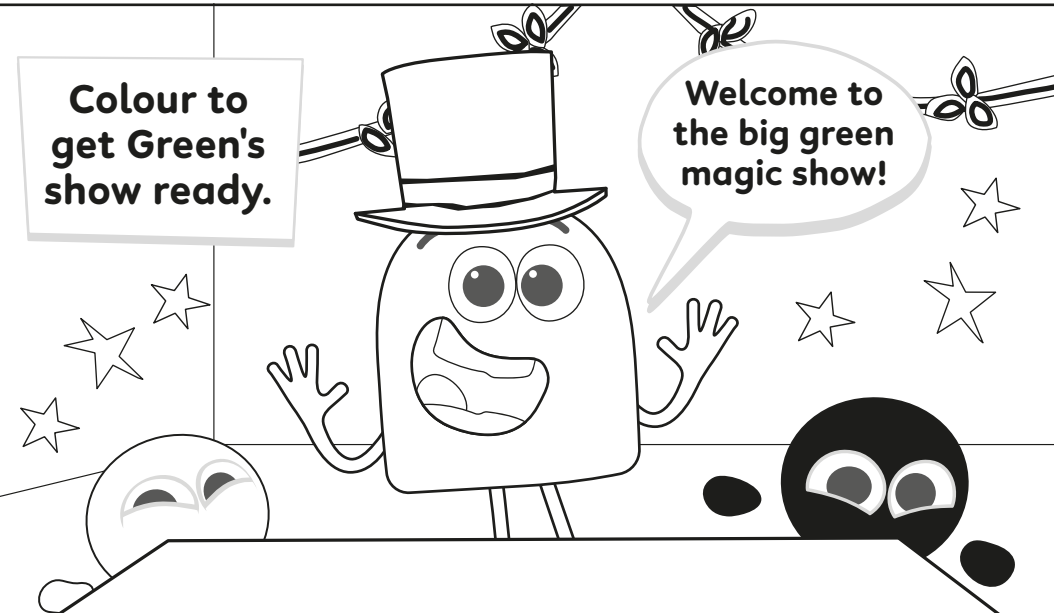

Lighter and Darker

This magical mission belongs to...

Colour to get Green's show ready.

Welcome to the big green magic show!

Level 3

Dark, light and bright colours

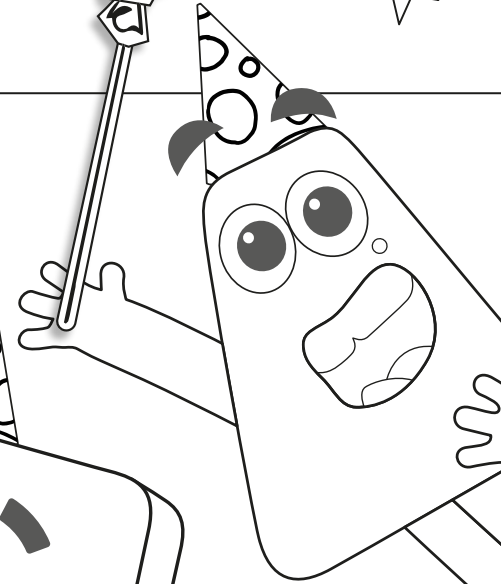

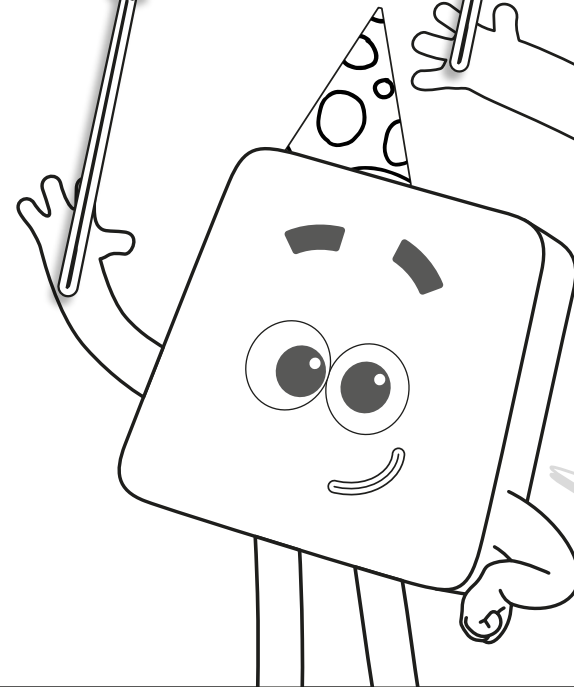

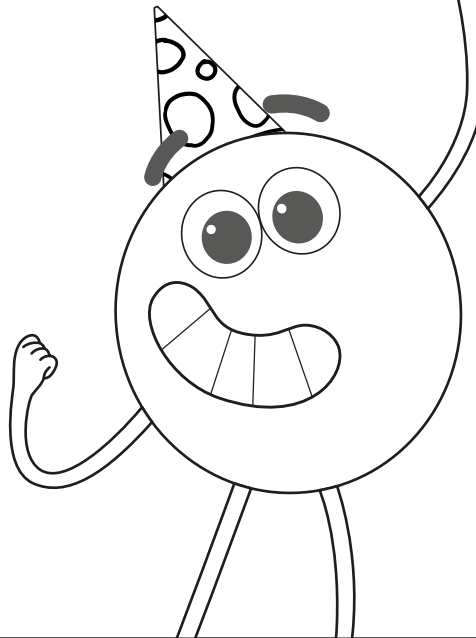

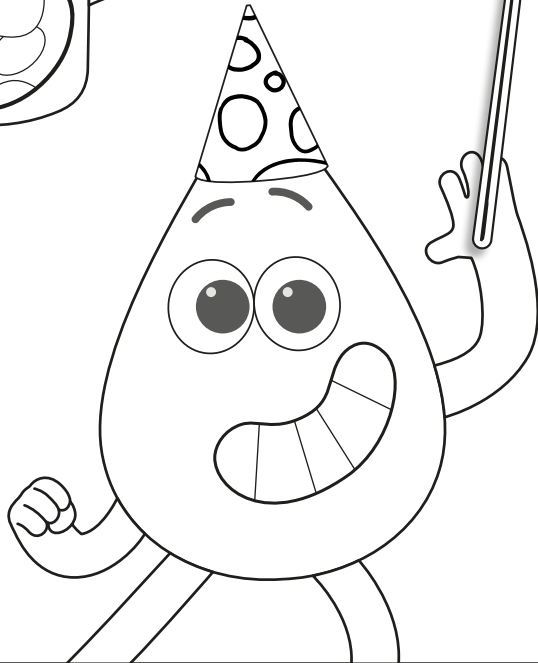

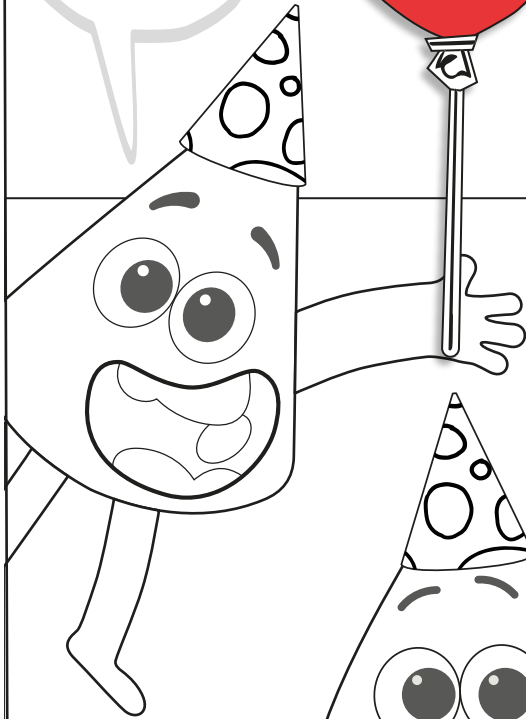

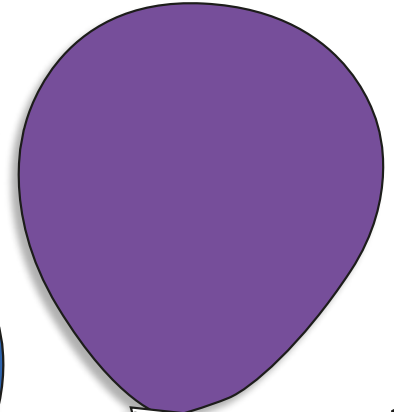

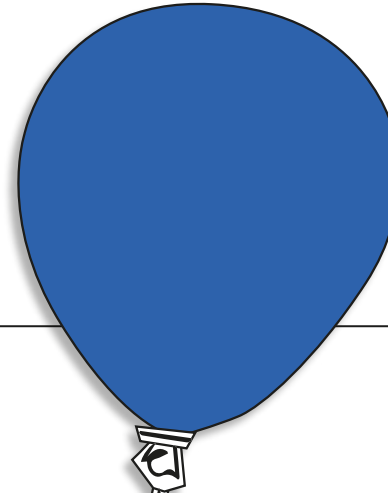

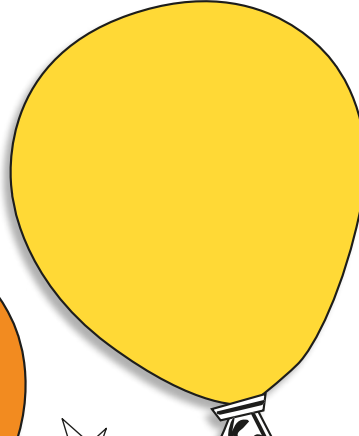

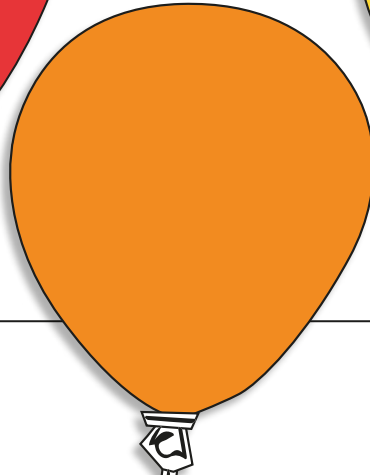

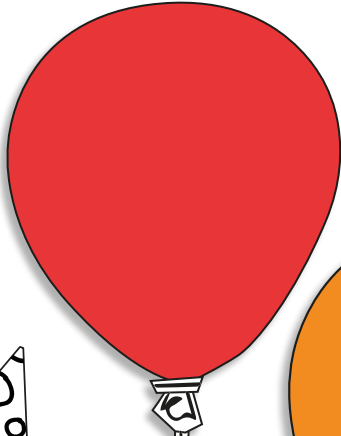

Lighter and Darker

Colour in all the friends at the magic show.

Use the balloons on the extra sheet to change these ones from dark to light. Head over to the extra sheet now to make the magic happen!

Woooow!
My balloon!
It looks
different.

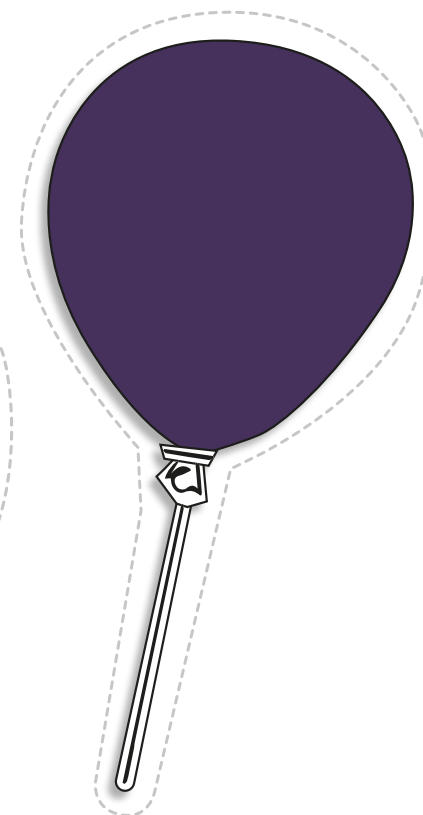

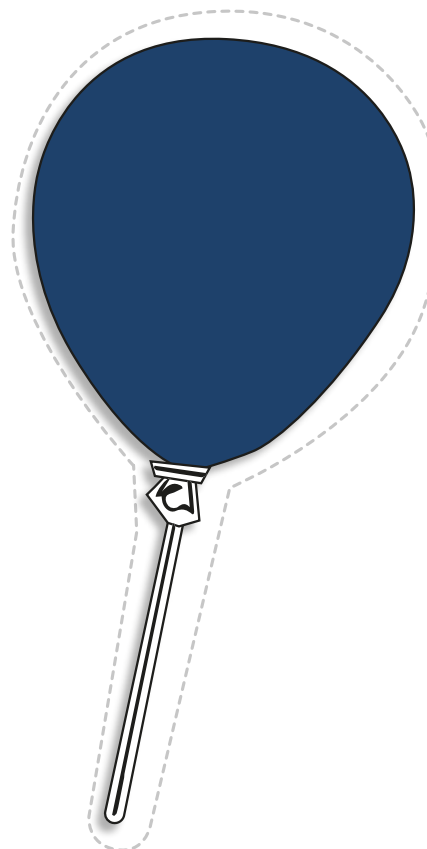

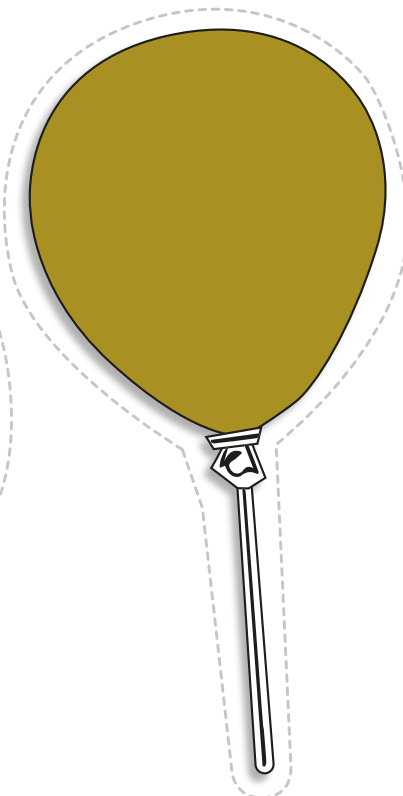

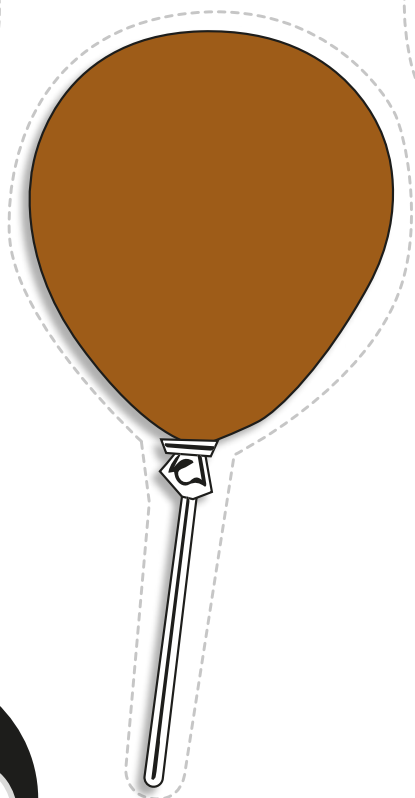

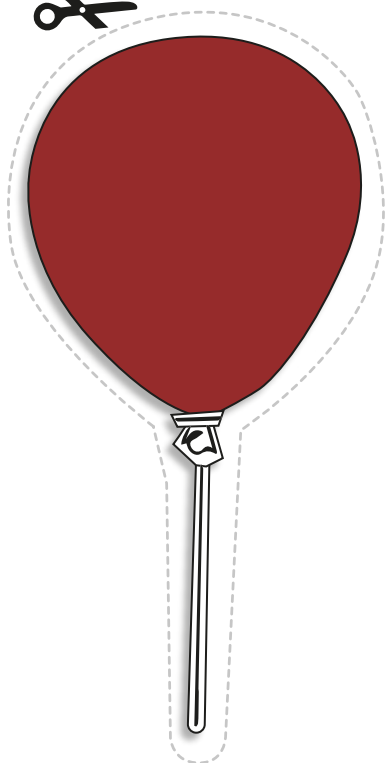

Mine's
changed
too!

Play Together

Print these extra sheets back-to-back or glue them together. Then snip out the balloons. Flip the balloons over to see the colour change from dark to light. How magical! Can you match them to the Colourblocks' balloons in the booklet?
